Jim Vincent Makes Jump

Jim Vincent was a recent addition to our varsity basketball squad. Jim graduated from West Junior High on January 23, and on Saturday, January 26, he started at a guard position against Marion Harding. Jim scored five points in this game and made the jump from junior high basketball to high school basketball.

Not too many make this jump successfully, but his former junior high coach, Orrie Lehman, said, "Jim has natural all around ability along with having a great desire to win and he is a keen competitor."

Jim has shown all of these traits in his recent games with the varsity. In his first league game he scored 11 points against Central and helped put an added spark in our team.

SPORT LANTS

By Woody Owens

Everett Jr. High took over undisputed possession of first place in the City Junior League last Thursday by handing previously undefeated West Junior the short end of a 37-30 score.

The game was bitterly fought and closely contested through-out the first three periods with neither quintet being able to score consistently and never more than four points separating the two teams, but in the final period the northsiders put together enough tallies to gain the victory.

Martin led the league leaders offensive with 11 tallies while Spratly and Chappelear scored 10 and 9 points for the Junior Buckeyes.

The Junior circuit ends their season this week with West Jr. still hoping for a share of the title visiting Indianola. Everett can sew up the title by winning over a vastly improved McKinley quintet. An upset here would come as not too big a surprise should Everett suffer a let down after a let down after last week's win over the local lads.

The West High Cowboys ended a rather disappointing city league season last Thursday night in the Ohio State Fairgrounds Colliseum by trouncing Linden McKinley by a count of 73-58.

The Powell-av lads jumped into an early 20-10 first period lead and were never threatened, winning as they pleased. Jerry Trabue, Cowboys all-city pivot man played his finest game of the season scorching the nets for 30 points. Mouser led the Panthers in a losing cause with 19 markers.

Before Jim graduated from junior high, he scored 95 points in five games. He earned six varsity letters in baseball and basketball, the highest one can win in junior high.

Jim played regular shortstop for the baseball team during his three years in junior high and made All-City last year in basketball. This past football season he earned a reserve football letter and played in some varsity games.

Gardenia and Song Highlight Showing of Bridal Fashions

By Judy Masters

Gardenias are my favorite scented flowers and I was really thrilled when they presented me one at the door of the Union Co. last Wednesday night. They gave all their guests a small vial of the perfume too! The occasion was the "Through the Years" style show with brides-elect mothers, and attendants as guests.

The style show was lovely but the highlight for me was the opportunity to hear Jo Ann Heischmann, 821 S. Harris-av, sing "Because". She sang others numbers, too, but they didn't bring back memories of West High shows or song fests as the familiar wedding song did. Jo has sung at a number of Hilltop weddings and has always said that singing at people's weddings got her interested in her bridal consultant job (she's with the Union, natch!)

With all the billowy skirts in vogue for Spring weddings it seems the bride has taken up the "bell-bottom look." Only one satin gown was shown and it was worn over hoops, skirts, or something to give it a stand-out look. Lace, of course, was prevalent but the emphasis was on nylon tulle, and organdy, the underskirts of which are reminiscent of grandmother's petticoats.

The many styles, color tints, and the degree of elaborateness will make it difficult for the dewy-eyed ones doing the deciding. Most girls have their own idea of what their dream wedding will be. Mary Nell Elder, 110 S. Southampton-av, was keeping her eyes open for just the right thing for her wedding.

I caught a glimpse of Ann Hoyt with her mother, Mrs. Irene Hoyt, 70 N. Burgess-av, as they were plunged into the orderly confusion which followed the conclusion of the style show. The confusion was orderly due to the efficiency of Hostess who quickly organized her escorts and welcomed all to a reception line which featured a huge wedding cake, with all the other clever delicacies of a wedding reception. Among those who attended the fete was Pat Sturdevant, a former Hilltopper and West grad.

I was accompanied by Marianne Evans, 214 S. Sylvan-av, and although she seemed most interested in the swish of the gowns I couldn't concentrate on them because of the inspired flowers carried by the models. From nosegays to birdcages they were delightful. The one of all which completely fascinated me was designed in red roses by Mary Jane Sells of Underwood Flowers, Inc. Whether it was just the size of it or the color I don't know but it was designed in a modernized s-shape about two feet long and one wide and no matter which model held it, it was never upside down, crooked or wrong side out, a masterpiece in all dimensions, and a boon for nervous bridesmaids.

Social Security Begins at Home

Our government may lighten the burdens of life in years ahead, but much we can do for ourselves, right now, to banish worries we take for granted. For example, simply by arranging, now, for the ownership of a family plot, you will have conferred upon those you love the one item of "Social Security" without which no "Peace-of-Mind-Plan" can be complete. One thousand years ago in Europe, men began the building of the great cathedrals that are known today all over the world.

All were different—except for *one* thing. The builders of the cathedrals erected them so that always the morning light of the East would stream through the great panes of stained glass at the front of the church.

In front of everyone for the morning service would shine the new light of the morning.

And the weary traveler who had lost his sense of direction had only to visit the church or cathedral of any town.

Always—to the left of the altar and the glorious light that flooded through the windows behind it—lay the direction of North. . . .

Today, a compass furnishes a ready reference for anyone who must know the direction of North. But as in the days of the cathedrals, churches still point out the true direction a man must follow if he is to attain the help and comfort of Him for whom the cathedrals were built.

In our modern age, when our sense of direction is often confused by the problems and doubts of the times, the church still stands ready to mark the path.

Today's churches are not always built to catch the morning sun and point the way to North. . . .

But in every church, the spire or steeple still points upward to God.

In all thy ways acknowledge Him, and He will direct thy paths. Proverbs 3:6.

Bible Comment:

Christ's Teachings Required Discipline From His Disciples

TWO outstanding portions of the New Testament record the great sayings of Jesus in a way not so evident in other parts of the Gospels, in which they appear in casual conversations, parables and incidents, without any apparent preconceived system or arrangement.

This quality of unexpectedness lends to the Gospels their unending freshness and interest. Still we are grateful for those portions in which the words of Jesus are recorded in a more solidified way.

It is to be noted that these portions record sayings of Jesus that were addresses to only the inner circle of his disciples. The intimate words of His teaching required for their fulfillment disciplined living and unlimited devotion.

The true principle and motive of life and conduct as set forth in the New Testament is undoubtedly the principle of love, brotherhood and service. But a Christian social system can be established and made effective only by Christians, and by better Christians than most of us are.

If Christians in general could profit by these chapters and attain the experiences therein set forth as possible, they would be the better prepared to put into life and action those sermons of Jesus.

As these chapters in John reveal the inner life of the Master, they reveal also the life that every disciple may attain if he will accept the discipline of prayer and consecration and abide in Christ in the relationship which Jesus suggested in the illustrations of the branch and the vine.

What does it mean to abide in Christ? It means to have the same motives determining our conduct that actuated the Master in His earthly life. The very heart of it is in the Master's command, that we love one another as He has loved us.

West High News

By Shirley Dunham

The 13th annual Band Variety Show will take place on the stage of West High, Mar. 27 and 28. The master of ceremonies will be George Brown, with the 12A dance line, Sonya Albery, Delores Moriva, Sue Kellar, Mary Lou Campbell and Bill Green doing various types of dancing. There will be vocal entertainment and various instrumental talents. Gayle Acker, Carol Rickert and Jim Garrett will provide comedy for the show.

On Friday, Feb. 8, the Annual Girls' Basketball Tournament was held with the seniors recapturing their championship title, becoming the Champs for the second straight year.

Shirley Dunham and Gayle Acker shared the honor of high point for the seniors, with eight each, in the senior-junior game. Sylvia Matey racked nine points for the juniors. The final score for the sophomore-senior game resulted with the unbalanced score of 30-6.

Ceremonies were held between games to crown Miss Senior of 1952. Miss Senior was Mary Ann Brooks.

Barbara Barber and Nancy Timmons are co-chairmen for Links this year. This is a chance for Teen girls to give 10 hours' service to some group in the community which serves others. The girls will have their choice of service which they all give to the Red Cross, Gladden Community House, West Side Day Nursery, Monnet House for the Blind, hospitals and many others. The girls first must go to the "Y" for an interview with staff advisors who will help them with their choice of a service field.

The new editor of the Junior High Page of the Occident is Darlene Large, 9A registering in 134. She is succeeding Sharon Robinson who was editor last semester. MRS. SKIPPER ENDS SIXTY-EIGHTH YEAR

Mrs. Clara Skipper, 148 N. Richardson-av, will celebrate her 89th birthday Feb. 28, in the home where she lived for the past 68 years. Mrs. Skipper is known on the Hilltop not only as a mother and grandmother but as a local weaver. About three weeks ago she fell and fractured her shoulder and has not been very active since.

Her children include L. V. Skipper, Alton, Ill.; George and E. LeRoy Skipper, twins; A. C. Skipper, all Hilltop plumbers; and Lillie Skipper who lives with her mother.

Minstrel Committee Selected By W of M

Mrs. Nellie Begien, general chairman of arrangements for the annual minstrel given by the Women of the Moose, Columbus Chapter No. 206, has named the following committeewomen for the show to be given Mar. 13 and 14, at the Moose Home, 30 W. Sycamore-st.

Co-chairman is Mrs. Helen Yockey with committee members, Mrs. Gertrude Lawson, Mrs. Grace Welker, Mrs. Mary Winegar, Mrs. Mary Moreheart and Dorothy L. Swisher. The show will be directed by Mrs. Georgia Gay and Mrs. Ethel Bryant is senior-regent of Chapter 206.

Highland Avenue School News

Children of the third and fourth grades at Highland Ave. School are presenting a patriotic program in the school auditorium on Feb. 21.

Boys and girls of Mrs. Beresw's 3B-3A group will present in words and song the life of Abraham Lincoln. They will sing "Lincoln" and "Honest Abe." Dona Hendrix will tell about the life of Lincoln and the class will close their part of the program with Dona Lee giving the history of the "Battle Hymn of the Republic." The class will sing this song which historians tell us was Lincoln's favorite hymn. Announcer for this portion of the program will be Robert Budd.

Miss Huston's 4B class will present the story and illustrate the life of George Washington. They will sing "Little George Washington." Announcing this part of the program will be Richard Trimble with the following children telling of happenings in the life of Washington: Patty Belcher, Carmen Reid, Lynn DeVoe, Barbara Arnold, Marjorie Drake, Patty Hensal and Glenn Houdashelt.

Mrs. Slocum's 3A-4B class has made flags of different periods in our history. The story of how each of these flags became a part of our country will be related by Roger Hart, Janet Castle, Helen Cuckler, James Cremeans, Gilbert Lape, Charles Coles, Harold Rose, Pamela Miller and Billie Lou Oyer.

Children as well as adults have been fascinated by the make-believe of puppets for centuries. The popularity of childrens puppet programs on television indicates the interest that is shown in them today.

As an out-growth of this interest, the children of Mrs. Beresw's 3B-3A class are making hand puppets.

Something To Think About

A dispatch from Tokyo by Ed Kennedy, Citizen correspondent, sets down a story that ought to be read with shame on the home front.

SHAME ON THE HOME FRONT

It tells how a private, wounded on patrol, was brought to a forward hospital in Korea with one leg nearly shot off, his other foot shattered and an arm broken. He needed blood badly, but there wasn't any, because the civilian blood line from home front had failed.

So four fighting soldiers from the front lines, who might themselves be struck down at any time by enemy fire, had to be pulled back to the hospital tent to give their blood in hope of saving their comrade.

Thirteen others from the wounded man's front-line regiment also gave their blood.

When the soldiers had each given a pint, they returned to their foxholes and bunkers. As Kennedy put it: "In the States you get coffee and cookies after you give a pint of blood. These men got a Chinese Communist attack for breakfast, and they got shot at for lunch."

The wounded man's life was saved, though he lost a leg. And he's grateful that his buddies could be spared from the fighting front at the critical moment.

What this story tells about our performance on the home front could consume the space of several editorials. But is any comment really necessary?

FOREIGN TEACHERS VISIT

By Lee Beiers

On Feb. 12, Hilliards High was honored by having five teachers from foreign countries. They were:

Miss Mina Lohse from Hamburg, Germany, who teaches French, English and Spanish.

Miss Maria Harm, from Innsbruck, Austria, who also teaches French and English.

Miss Nelda DeFillippi, from Sao Paulo, Brazil, who is a professor in a teachers' college for elementary students.

Miss Elsa Joranger, from Oslo, Norway, who teaches English, drawing, geography, history and dramatics.

Mrs. Maire A. Rouvali, from Kemi, Finland. She teaches English and Finnish.

They were accompanied by Dr. L. O. Andrews from Ohio State University.

These teachers were all trained in their own countries and most of them have had teaching experience. They are here to get a better understanding of the way school is conducted in the United States.

HILLIARDS DOWNED

By C. Morris

The Hilliards Wildcats were defeated on the London home basketball court by the high score of 76-26 Friday night, Feb. 1.

The high scorer of the London team was Hunter with 16 points and Armstrong on the Hilliards team with 5 points.

IT'S THE FLU!

By Kay Carmichael

Does your stomach ache? Head ache? Dizzy? Fever? Then you must have been introduced to "Mr. Flu Bug." He's been very busy around Hilliards High School.

He kept 51 students home on Wednesday, Feb. 13, on Thursday, Valentine's Day, 68 students celebrated in bed, and on Friday, Feb. 15, classes were minus 78 students.

ASSEMBLY

By Stella Eberhard

Hilliards High School was honored Feb. 20 to have Arnold Woodruff, chaplain of the Columbus Camp of the Gideon Society, Carl B. Showmaker, treasurer of the Columbus Camp of the Gideon Society, and Boyd E. Cree, past president and secreary of the organization. This is a group of business men helping toward Christian living.

The teachers were given workers' Testaments, including Psalms and Proverbs, and students were given red Testaments.

Boyd E. Cree gave the five W's in the work of the Gideon Society.

The Christian business men founded it in 1899. Only three men were in the organization at that time. Now there are more than 15,000 members.

Bibles from the society are placed in hotels, hospitals, court houses and given to 12 million men and women in the armed forces. They are trying to give a Testament to each student from the fifth through the 12th grades. Six and one-half million Testaments have already been given to students.

The Gideons consider the word of God as the best basis for normal human life. They want to place The Book in the hands of every boy and girl. The only thing they ask is that you care for it, love it, live by its teachings, and value it. You'll never know what's in store for you until you open it and read it.

A prayer led by Mr. Woodruff closed the assembly.

VOICES RECORDED

By Kay Carmichael

Have you heard your voice lately? The girls in the Advanced Home Economics 4 class at Hilliards High School have. Miss Mary Kohler, instructor, brought a wire recorder to class on Friday, Feb. 1, and each girl participated in class discussion. Everyone enjoyed hearing their own voices played back. Barbara Summers also sang "The Bells of St. Mary's" and recorded it.

MOVIE SHOWN

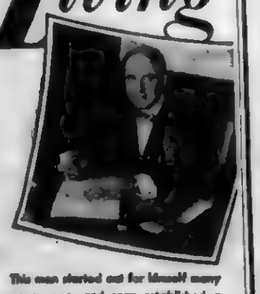
By Marcia Stamper

A full length movie was shown at Hilliards High School on Feb. 21. The name of it was "Pinky."

Each student pays 15 cents to see each movie.

MARINES VISIT

By L. W. Beiers



On Tuesday, Feb. 19, Hilliards High School was honored by the visit of three representatives of the U. S. Marine Unit.

The purpose of this visit was to inform the senior boys of the advantages of joining the Marine Reserves, stationed at Port Columbus.

Some of the things discussed were: how much the reserves are paid, what duties they perform, and for how long they will have to enlist.

Boys and girls, don't take silly chances with your life—don't play around railroad tracks. Be smart, and do your railroad playing only with toy trains.

MAKING THE BEST OF Living

This man started out for himself many years ago, and soon established a successful one-man business. Then came the problem that after his death his widow might be obliged to sell the business at a loss. Sun Life of Canada Business Insurance solved this. Now the enterprise will be purchased from his widow by senior employees at a figure set during his lifetime.

Intramural Cage Tourney Staged At Hilliards

Check Up On Flower Fund Collectors

Last week we carried a story of a fake flower fund collector at work in the Westgate area.

Since that time we have had three other similar reports from other sections of the Hilltop. One man reports that he found such a team had collected $24.35 on one side of a street alone.

All of which should serve only to stress the need of a more careful check on persons making house to house solicitations to determine if they are legitimate or just persons out to make an easy buck.

Classified Ad Brought Too Much Business

Mr. Shipley's ad hadn't been in the paper many times when he called to cancel it. Reason? The ad had netted him a big contract which would keep him busy for some time.

This is the ad that he ran in The Hilltop Record and The West Side News:

CEMENT WORK
Block Laying — Painting
Free estimates gladly given
R. A. SHIPLEY
34 Hawkes Ave. AD. 8430

Like Mr. Shipley, many other Hilltop and West Side businesses have learned that it pays—pays them in cold, hard cash—to advertise in the two papers. The Want Ad pages serve as a handy, reliable directory of business services.

You, too, can get additional business by advertising in The Hilltop Record and The West Side News. A little Want Ad telling of your services will reach 15,000 prospective customers each week.

If you are interested in increasing your business, call The Hilltop Record and The West Side News—RA. 1125.

Crackdown Is Urged On Drunken Drivers

Justice of the Peace William S. Brown of Franklin-twp this past week served notice that he was giving no "kid glove" treatment to defendants hailed into his court on charges of driving while intoxicated. One defendant was fined $100 and costs plus 30 days in county jail, by Brown, during this past week and warned that if he ever returned he would receive the maximum of $500 and six months.

Brown suggested this week that all courts exercise the utmost vigor in "cracking down" on such offenders, pointing out that they are a menace on the highways.

The Columbus Public Schools are beginning registration of new pupils for September, 1952. Any child who will be five years old on or before Dec. 31, 1952, may be registered for kindergarten. Any child who will be six years of age on or before Dec. 31, 1952, should be registered for the first grade.

School personnel are requesting that all parents who have children in this age group, and plan to start them to school in September, 1952, contact the school in their neighborhood.

Registration of children should be made immediately so that appointments can be made during the month of March for the parents and children to visit the school nurse for health appraisals.

Stone Axe Derby Underway

O. H. Craft decided he wanted to get in on the relic marathon, so he brought to the Record three specimens taken from a collection belonging to Mrs. Craft, who had acquired them from her mother, Mrs. Paul Reorbeck.

"O. H." says these are better than any he has seen so far, and saw no reason why the matter should not be carried a little farther. He opines that someone might come up with an Indian scalp, or else somebody is liable to get scalped, before it's over with.

The origin of these samples is somewhat obscure, but can be identified as coming from somewhere in the Miami valley.

Pastor Dons Overalls To Open New Fields

Don Mathews

Mr. and Mrs. Paul Mathews, 3080 Fremont-st, are surprised at the amount of publicity their son, Don, is receiving in the Kalamazoo papers as a minister-factory worker. Rev. Don Mathews is not forced by financial need to work 40 hours a week in the shops of the Fuller Mfg. Co. at Kalamazoo but he does so as part of a new field of industrial ministry.

Two pictures in the Kalamazoo paper contrast Rev. Don as a robed minister in the North Presbyterian Church and as a shirt-sleeved worker in the machine shop. Rev. Mathews is the first Presbyterian minister in the nation to enter the field and his progress is being watched closely.

He says, "Modern metropolitan churches are big business today. Their budgets run into the thousands. A minister must be an accomplished executive. As a result of the press of business most ministers of large churches have difficulty finding time to spend with individual members. This brings about a gap between the minister and the member, then a gap between the member and the church and finally and unfortunately, a gap between man and God. "To bridge these gaps and bring the church to the people, many denominations are now training young ministers for careers in industry."

Young Mathews was active in church work here at Hoge Memorial Presbyterian Church and is a graduate of West High School. In his training as a minister-machinist he was not only a divinity student but completed several months of training at some Pittsburgh steel mills.

He went to work in the Fuller factory as just another laborer and was on a "first name basis" with his fellow workers before his other trade became known. "I'm not in the plant to conduct services," said Mathews, "I'm not there to get fellows to go to the Presbyterian church. I'd like to think that I can serve as a familiar bridge between their working lives and their religion."

VANDALISM REPORTED

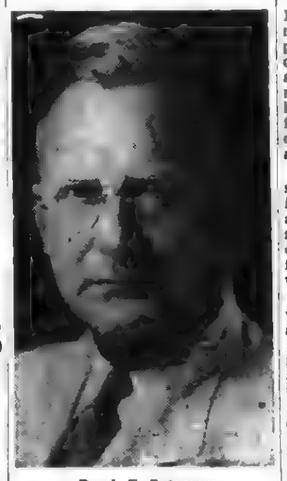
The Hilltop Party Home, Wayne-av at Broad-st, was damaged late Sunday to the extent of $400 by a group which has since confessed to police. According to Maxine Green, a partner in the firm, over $150 worth of linen was destroyed or stolen, and an antique family heirloom cake server was also taken.

New Traffic Light Hopes Dimmed After Survey

Hopes of residents in the vicinity of Hague-av and W. Mound-st intersection for installation of a traffic light at that spot practically vanished this week when the results of a three day traffic survey conducted at the controversial intersection were revealed.

Three separate types of checks were made. One involved total vehicular traffic over a three day period; pedestrian traffic at the intersection and another a speed check by the police radar crew.

Results of the check revealed little change in traffic conditions at the intersection since a survey was conducted at the same spot on Mar. 28, 1951. The most recent check made on Feb. 5, 6 and 7 of this year revealed that the total vehicular average for the three days showed an increase of only three cars over the previous check. The last year's survey revealed a total of 2501 total vehicular average and the most recent survey a total of [illegible].



No pedestrian check was made in 1951 but the check made this February revealed an average of 90 pedestrians daily over the three day period. The heaviest pedestrian traffic occurred at 4 p. m. and revealed an average of 27 at that hour of which 13 were children from 6 to 12 years of age; 11 were children from 14 to 17 years of age and the balance were adults.

The speed check and radar sheets disclose that most motorists were well under the 35 mile an hour speed limit at the intersection. During the check, however, four motorists were arrested for exceeding the limit, two of whom were driving "hot rod" cars.

Records reveal that in 1950 there were four accidents at the intersection, one of which was fatal. In 1951 there were three, with no fatalities, and thus far in 1952 no accidents have occurred at the intersection.

E. O. Melvin of the City Traffic Commission, who furnished the data to The Hilltop Record this week, said that with the last survey revealing but little change in the status of the intersection there appeared no likelihood that a traffic light would be installed.

Lenten Meditation

One of the comic strips that comes with our Sunday paper tells the adventures a youngster has in "dreamland." Instead of the frustrating, incomplete dreams that plague most of us, this lad dreams himself in and out of the most hazardous scrapes in history.

The comic strip is popular because most of us are given to day-dreaming. We imagine the huge success we would have if we were a manager instead of a clerk, a teacher instead of a pupil or a Minute Man instead of a time-keeper.

We also have religious day-dreams. The past was heroic, the present is dull. Then, Christians died for something, now they die of something.

When we think this way we are saying that God was active in the past but he certainly hasn't anything to do with the present.

It seldom occurs to us that the first Easter came when the disciples thought God was absent or defeated. They too lived in times of indecision and exasperation. But suddenly they found one morning that God didn't share their pessimism. And they were dumb-founded by the fact of Easter.

Perhaps you and I will be more hopeful this Easter if we concentrate less on our despair and more on Christ's victory.

Rev. Carl Smith
Hilltop Church of Christ

Lent Stresses Penitence

Webster says, "Lent is the annual season of fasting in the spring, observed by many churches as a preparation for the great feast of Easter and as a time of special penitence. The forty days are regarded as being kept after the example of Moses and Elijah, and above all as commemorating the fasting of Christ."

With conditions as they are in the world today, there is surely need for a "time of special repentance." Just a formal observance of Lent in which great numbers of church people participate will fall far short of the penitence needed. Many will put away their sinful practices for the season intending as soon as Easter is past to take them up again. God requires a different kind of penitence. He commands a complete abandonment of all known sin.

A teacher asked his class of boys for a definition of repentance. One lad said, "It is being sorry for our sins." But another added, "No, that is not enough. It is being sorry enough to quit."

As we tread the road past Calvary to Easter, let us confess and put away our sins and renew our broken vows with God. God give us a revival of private, family and public worship.

Chester G. Stanley, Pastor
Highland Avenue Friends Church

Workman Seriously Hurt As Water Tower Collapses

Donsel Pratt, 37, of Salem, W. Va., is still listed as being in a "very critical" condition at Mt. Carmel Hospital where he was taken last Wednesday afternoon after being buried to the ground when the 82 foot riser pipe of the new Westgate Park water tower collapsed. Pratt suffered a broken neck and internal injuries.

The huge new tower which is designed to boost the water pressure in the Hilltop Area, was termed a "total loss" by John J. Cook, superintendent of distribution for the city division of water, after a survey made this week.

H. C. Heath and Edward Rahmey, fellow workers with the injured Pratt, said the accident was caused when a U-bolt anchoring the foot of the huge crane boom, gave way so that the boom no longer held up the nearly erected 13-ton riser pipe. The huge pipe and the wreckage of the crane are seen above in the accompanying photo taken minutes after the huge structure collapsed. The Pittsburgh-Des Moines Steel Co. is the construction firm erecting the water tower. (Hilltop Record Photo)

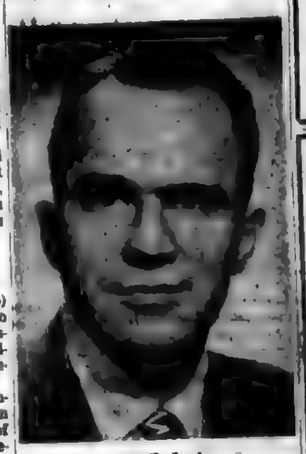
Rural School Safety Poster Contest Opens

The Franklin County Farm and Home Safety Committee is sponsoring a poster contest through the rural schools. Emphasis is placed on fire and accident prevention on farms and in rural homes. High speed and power machinery continue to take their toll in injury, loss of work and hospitalization. Carelessness with fire causes losses of millions of dollars, homes, barns, and farm outbuildings.

The county committee believes the poster contest will make children and adults more alert to their responsibilities in preventing accidents and fires.

Prizes, to be awarded to poster winners, will be financed by persons and organizations interested in better rural living. These include farm and dairy organizations, implement dealers, parent organizations, the Farm Bureau, the Grange, insurance companies, and many others.



Members of the Poster Committee are Mrs. Major Laffler, Worthington; Doris Snouk and George Ganyard of the county agricultural extension office; Gayman Wright, Columbus.

Members of the Finance Committee are R. D. Clymer, New Albany; Mrs. James Parker, Columbus; Carl Rogers, Hilliards; Sam Taylor, Orient; Paul Shoemaker, Hilliards.

The contest will close Apr. 7.

Home Visits Planned By Adventists

Members of the local Eastwood Seventh-day Adventist Church plan to visit 1,000 homes here Saturday, Mar. 8, as their part of a nationwide one-day field program to call on 5,000,000 American homes to learn of physical and spiritual needs that can be alleviated by the church.

It is the first of two such campaigns slated this year, in which an estimated 10,000,000 homes will be reached.

The program has a dual purpose. In prosperous sections of the cities supplies will be accepted for distribution to persons less favorably situated, leaders exlain. In addition to the welfare phase, trained lay workers will be alert to give spiritual aid where it is desired in cases of sickness or other adverse circumstances.

"Churches tend to keep pretty much to themselves," Pastor Richard T. Minesinger said in announcing the drive, "but Christianity should cause people to go out into the 'highways and byways' searching for those who need the ministry of the church but hesitate to seek it."

The project will be under the direction of Mr. Earl Harris, 2268 Mecca-rd, Home Missionary leader of the Eastwood Seventh-day Adventist Church.

Humane Group Asks Cooperation Of Dog Owners

The Humane Society of Columbus announces that beginning Monday, Mar. 3, reminder notices are being mailed to more than 10,000 dog owners who are required to have their dogs re-immunized against rabies not later than the end of April. Every month, thereafter, 30-day notices will be sent to dog owners reminding them of the requirement to have their dogs re-immunized against rabies.

The compulsory rabies immunization regulations as adopted by the health districts of Franklin County, Columbus, Arlington and Grandview, require the immunization and reimmunization of all dogs every 12 months.

Since the adoption of these regulations, one year ago, a serious epidemic of rabies has been halted, and no dogs, so immunized, have been found to have developed this fatal disease. All dog owners are urgently requested to continue their splendid compliance by having their dogs immunized or re-immunized against rabies.

Humane officers of the Humane Society are continuing their census by a house-to-house check in order to determine if dogs are licensed and immunized against rabies. A warning notice will be given to those dog owners who have not complied, after which time court action might be necessary.

The Fallacy Of The 20-20 Vision Test

Reading letters on a chart across a room is an inadequate test of vision, according to the American Optometric Association which is emphasizing eyesight conservation in connection with SAVE YOUR VISION WEEK (Mar. 2-8).

By the Snellen letter chart test, Dr. J. Ottis White, president of the association, said, one has 20/20 vision if he sees the letters he is supposed to see at a distance of 20 feet. If he sees at 20 feet only the letters that he should be able to see at 30 feet, he has 20/30 vision.

"The 20/20 standard is a fallacy which should be exploded," Dr. White said. "It does not mean normal vision nor does it mean average vision. It is just an arbitrary standard set before we knew any better.

"It is inadequate because most critical seeing is done within arm's length and requires many visual skills which cannot be tested by reading a chart 20 feet away." Among the additional requirements for adequate vision, according to Dr. White, are:

1. Near acuity — ability to focus and see clearly and comfortably at a distance of about 15 inches.
2. Binocular coordination — ability to make the two eyes work together.
3. Depth perception — ability to judge distance and space relationships.
4. Field of vision — ability to see over a large area while focusing on a point straight ahead.

Dr. White said that none of these essential requirements can be tested by a letter chart and yet many Americans, particularly those who have been in the armed services, think their vision is "up to par" if it meets the 20/20 standard.

MYSTERY

The sky was dark and dull at dawn,
A storm came up at noon,
The rain made freshets across my lawn.
And everywhere was gloom.
(I saw a redbird's wing!)

The branches on the trees were bare,
The grass was brown and dry,
"There is no beauty anywhere"—
My heart's protesting cry.
(I heard a robin sing!)

The air was cold throughout the day,
I saw some flecks of snow;
But underneath the dreary gray
I feel a surge and flow—
And oh, I know it's spring.

The many friends and fans of Bill Pepper are happy about his recovery following a recent operation. Since last July, his newscasts at 11 p. m. over WBNS T-V have had a large audience because of the pleasant manner in which he presents the news, and because he emphasizes local and Ohio news. Mr. Pepper is chief announcer at WBNS T-V and appears on various programs, including the popular "Look to Lazarus." He has been in the entertainment business for the past 15 years—radio and stage. Prior to entering television he was with WBNS radio. During World War II he was with the Armed Forces Radio Service overseas, and managed a radio station in northern Brazil.

Mr. Pepper's desire is to cover as much local news and sports as possible in his evening newscasts. He deeply appreciates the cooperation of his viewers, local business men and the police and fire departments who call and give him leads on stories. He told of a stranger who called and gave him the details of the recent Hilliards disaster. He is grateful to the man for this information, as he is to all who call him with news. If you aren't already one of his fans, you will be if you watch once.

After the opening ceremonies of group singing and instrumental band music under the direction of William Kearns, West High School music teacher, Tommy Bridges, the team's captain and president of the Gra-Y Club introduced Orie Lehman, West Junior High coach, who presented certificates of achievement to each team member.

The team was awarded a trophy which was in turn presented to Frank Mason, principal of Highland School, to be placed in the school's trophy cabinet.

A tribute of appreciation was paid to Jack Downing for his splendid work with the Gra-Y boys by Coach Lehman and Mr. Mason.

Boys receiving citations were Robert Commeans, Michael Roberts, Earl Rose, Ronnie Drake, Mike Engle, Donald Hollam, Dave Hollam, Eddie Squeers, Charles Rouch, Howard Lloyd and Ray Lemberger.

Captain Tommy Bridges was master of ceremonies for the program.

SPORT SLANTS

By Woody Owens

Ohio sport fishing entered a new era Mar. 1, when the new liberalized fishing policy went into effect.

Buckeye fishermen, were required to have the new 1952 fishing license on that date and may take any number of fish, of any size and at any time of the year during the coming season.

Ohio is the first state to completely liberalize regulations on waters under the jurisdiction of the state, and with a few exceptions all waters will be open. Fishermen are reminded to check the 1952 Fishing Digest, which can be obtained from license agents on request or when purchasing the new fishing license, for the exceptions and the few regulations which must be observed.

The 1952 license costs $2 plus a 25c writing fee for Ohio residents. Non-resident license will cost $3 plus the fee, and the temporary, ten-day non-resident permits will be $1 plus the fee.

As in the past year a fisherman will not be required to display his license, but must have it on his person while fishing.

Buckeye fishermen are reminded that although all streams are liberalized, permission of the riparian landowner is required for protection against violations of trespass.

The Ohio Wildlife Council wishes to remind fishermen that if they are fishing pay lakes or privately operated waters, a fishing license is required if fish can enter or leave the body of water through a passage. It is important to note that this includes bodies of water created by dams on flowing streams or at the headwaters of flowing streams.

HILLIARDS School Notes

INVITATIONS SELECTED
By Marvin Evans

The senior class of Hilliards High School selected their commencement invitations this past week.

There was a choice of four cards which were numbered and passed around through the class for inspection. They were voted on and the class selected the card most suitable and attractive. The card has a raised emblem on the front with a blue background. The school letter is raised in silver, over which is the word Seniors.

NEW CLOTHING UNIT
By Joy Travis

Do you feel like you want a new dress when spring is here? The sophomore girls of Hilliards High School do, so they are making theirs.

The girls are using cottons, Indian head, and novelty weave material; also some nylon is being used.

They are featuring pleats, gathers, full skirts, the fitted bodice and new empire waistlines in their dresses.

You will find that most of the colors are beautiful pastel shades. The classes are taught by Mrs. MacDonald.

We are looking forward to a style show this spring, to be given for an assembly.

EIGHTH GRADE TOURNEY
By Stella Eberhard

The auditorium at Hilliards High School was the center of attraction on Feb. 28 when Skidmore eighth grade basketball team won over Briggsdale by the score of 38 to 28. Hilliards eighth grade basketball team won over South Perry 44 to 17.

Rome eighth grade team met Dublin on Feb. 29 and Hilliards met Brown. That game ended with the score of Hilliards 26, Brown 22.

"CHARLEY'S AUNT"
By Helen Kidwell

For the past week the Hilliards High School Senior Class has been stalking around the halls looking mysterious, all because of senior play tryouts.

The play, "Charley's Aunt," will be given on Mar. 27 and 28 in the auditorium. This is the world-famous farce which has moved millions to laughter. It had an original London run of four years. It was a successful Broadway play and also was made into a movie.

The cast is as follows: Lord Fancourt Babberly (Charley's Aunt), Dave Warner; Jack Chesney, Jim Swormstedt; Charley Wykeham, Bob Thompson; Kitty Verdun, Evelyn Polus; Amy Spettigue, Ann Elliott; Sir Francis Chesney, George Miller; Stephen Spettigue, Carl Hankinson; Donna Lucia d'Alvadorez, Helen Kidwell; Ela Delahay, Charlotte Spears, and Brassett, Alvin Eiterman.

Those interested in production and staging will be on class committees for these duties.

Fay Shop Observes 13th Anniversary

Evelyn Swain, 222 Powhatan-av, this week said that the number 13 is not regarded as unlucky for the Fay Shop at 2388 W. Broad-st, which this week will observe that anniversary. She is the buyer and supervisor for the establishment.

To prove that 13 is lucky for some she announced that the first 13 customers entering the store on their anniversary would receive special discounts and that there would also be a wide variety of "Early Bird Specials" offered during the anniversary.

Mrs. Bessie Finch, 615 S. Eureka-av, is manager of the establishment which features nationally advertised merchandise.

"Oh, darling, I've missed you! . . . and she raised her revolver and tried again.

Woodworking Hobby Fills In Time For Drug Store Manager

Samuel W. Snashall is a familiar figure to many Hilltoppers. Ever since his graduation from West High School in 1937 he has been employed at various drugstores in the community.

These jobs originally provided Sam with the finances for his college training. He received his degree in pharmacy from Ohio State University in 1941. For three years he served with the Army Medical Corps and then returned to the Hilltop and to the drugstores.

Samuel W. Snashall

Sam was recently employed as manager for Edwards Drugs, Hudson-av and Sullivant-av. His many Hilltop friends will continue to receive the courteous, pleasant service that Sam has always given them.

When time permits, he can usually be found in the basement of his home doing woodworking on his power tools.

He is married, has one son and resides at 190 N. Oakley-av.

Candlelight Ceremony Read

Mrs. Howard L. Crispen

A candlelight ceremony read Dec. 26 at the home of Mr. and Mrs. William E. Moore, 2813 Elliott-av, united their daughter, Lois Ann, and Cpl. Howard L. Crispen, son of Mr. and Mrs. John Lyday, Hilliards. Rev. Elwood Ross of the Jamestown Methodist Church officiated.

Given in marriage by her father, the bride wore a gown of white Chantilly lace designed with a fitted bodice, long lace sleeves ending in points over the wrists and a low neckline with nylon insets highlighted with seed pearls. A full bouffant skirt fell over white taffeta, over crinoline. A juliet cap with bands of white satin with orange blossoms at the side held the bride's finger-tip length veil of silk illusion edged with chantilly lace. A triple strand of pearls and matching earings were the gift of the bridegroom and she carried a lace handkerchief made by the bride's grandmother. Her flowers were purple throated orchid surrounded by white rose buds.

Mrs. Larry Patrick, matron of honor, wore a formal length gown of American Beauty nylon net over matching taffeta, with a molded bodice and full skirt. She wore a Juliet cap which matched her gown and caried a colonial bouquet of American Beauty roses with white carnations.

Mr. Russell Crispin was best man for his brother.

For her daughter's wedding, Mrs. Moore chose a two-piece dress of champaigne hammered satin with black velvet trim and black accessories. Mrs. Lyday chose a two piece rose cord faille with black accessories. Both mothers wore corsages of Carlis roses and white carnations.

Hostesses for the reception which was held immediately following the ceremony were Mrs. Harry Richards, Mrs. Russell Crispin, Miss Dorothy Augenstein, Miss Sue Hamilton and Miss Georgann Terry.

Religious Song Service To Be at Hoge

On Sunday evening, Mar. 9, at 7:30, a service of Evensong will be presented at Hoge Memorial Presbyterian Church, 20 S. Eureka-av, by Samuel T. Burkhard, bass-baritone, and Elizabeth Whiley Lange, organist. The theme of the program will be "God Is Love", using some of the great masterpieces of sacred song by the composers Tschaikowsky, Brahms, Schubert and Bach, as well as several negro spirituals and other well known and deeply loved songs. The public is cordially invited to attend.

Burkhard, director of music at Hoge Memorial, is a graduate of the School of Sacred Music at Union Theological Seminary in New York City and holds the degree of master of sacred music. He is assistant professor of voice and church music at Capital University and is also chairman of the Ohio Chapter of the American Hymn Society.

Mrs. Elizabeth Whiley Lange will accompany Burkhard at the organ and will also play a group of organ numbers.

At Burkhard's suggestion the offering received will be given to Hoge's new church fund. Rev. A. J. Wold, minister at Hoge, will lead the service of Evensong.

Novena Series Begins Mar. 10

A new Novena series, in honor of Our Lady of the Miraculous Medal will begin on Monday, Mar. 10, at St. Mary Magdalene Church on Roys-av. Rev. Walter Rees, professor at the College of Josephinum, will be the preacher.

Every Monday morning at 8:30, the Holy Sacrifice of the Mass is offered for the intention of those making the Novena. Other exercises held every Monday are at 10 a. m., 2, 4, 5:15, 6:45, 7:30, 8:15 and 9 p. m.

For the convenience of those making the Novena Confessions are heard during and after each exercise. Enrollment in the Miraculous Medal is held immediately after each Novena devotion as well as the Blessing of Religious articles which can be had at the church.

Bible Comment:

Jesus Proved the Great Strength of Intercessory Prayer

ACCORDING to the dictionary, intercession is "a prayer or series of prayers for persons of different conditions."

Following the solemn conversations of Jesus with His disciples on the eve of his death, Jesus "lifted up His eyes to heaven" and prayed. Though this is the only long intercessory prayer recorded, it is not Jesus' only intercessory prayer.

For whom did Jesus pray and for what? He prayed first of all for Himself. The first function of prayer is to bring us nearer to God and to prepare and strengthen us for the doing of His will. Next come those nearest to us in the doing of God's will.

Note how definite and specific was the prayer of Jesus for His inner circle of disciples. His prayer was not vague, general and sentimental. "I pray for them," He said, "I pray not for the world."

Here were the men through whom the ministry of Jesus was to be carried on. If salvation was to come to the world it was to come through them. He knew they would face hardship and persecution; so He prayed for them, that they might be sanctified and made strong.

And He knew that when they had passed on other disciples must continue the work. So He prayed not for them alone, but for all who should believe through their word. That means all of us, for we are a part of that Gospel succession in which the faith has been handed down from generation to generation. The intercessory prayer of Jesus is for us.

Someone has prayed, and is praying, for you. Are you praying for anyone else? Intercessory prayer is, or may be, a great strengthening bond of Christian life and fellowship.

Will you be in church Sunday?

Harris B. Anthony, Minister
9:30 A. M.—Sunday School.
10:45 A. M.—Guest speaker: Dr. Grover Van Duyn of Indianapolis, Ind.
7:30 P. M.—Evangelistic Service. Sermon by Dr. Grover Van Duyn.

No— this is no relic.

You're looking at something that scholars would call a "symbol of apostasy." In plain English, an *apostate* is one who has completely forsaken his faith. This church—one of thousands like it today in one country—stands as a dreary, broken monument to religious faith that has been lost.

This picture wasn't made from memory. It's authentic—drawn from a photograph. Within the lifespan, perhaps, of our generation, this church was once an essential keystone of its community where a man brought his problems and fears, and went out of those doors with new hope soaring in his soul.

. . . Now the wind whistles through the decaying structure, and sweeps over a land that has lost faith in God.

Remember this church when you hear that freedom of worship is a non-essential freedom. Remember this church when you hear that religion is an outdated force. Remember this church when you hear that man's word is stronger than God's.

Think of how life must be lived in this Godless land. Bear in mind what we hear and read about conditions there. But, most of all, remember this church—and all that it *fails* to stand for today.

And you will thank God for your own!

If ye forsake the Lord, and serve strange gods, then He will turn and do you hurt, and consume you . . .

Photogs Are Busy

We're just passing the word along to many of our readers to not be alarmed, should they see some stranger pointing a small black object in the direction of their homes, buildings or pets and then suddenly popping up with a camera . . . in all probability it's an amateur Hilltop photographer using a light meter and snapping some shots he wants to enter in the Record's Shutterbug Contest.

There's one on you know, for the 35th Anniversary edition of the Record which will make its appearance on Sunday, April 27. And we're offering silver dollar prizes for the best shots by Hilltop amateurs. $10 for first; $5 for second and $3 for third.

This week we've received a number of calls asking if the photographer must do his own finishing . . . he does not. The only requirement is that photos submitted be no smaller than 4x5 inches and no larger than 8x10 and depict some Hilltop scene or have relation to Hilltop people. All entries must be accompanied by a self-addressed stamped envelope to insure return of the photograph to the owner.

Although the contest closes on April 10, contestants are urged to get their prize photos into the Hilltop Record at an early date.

THOSE WHO SAY "NO"
By Florence A. Dietz

It's "no" to that canasta game
When they prefer the garden.
It's "no" to joining cliques and clubs.
It's pleading for a pardon
To practice on the flute instead
Of serving on committees,
And not supporting every cause
That springs from towns and cities.

A medal for the bravery
Of all those rugged mortals
Who choose the atmosphere they wish
To grace their private portals,
Who do the things they want to do,
Go where they want to go,
Who simplify their daily lives
With a firm but friendly "No."

The above little poem is reprinted in the hopes that my wife will read it to me often enough to cause me to do something about it.

Former Hilltop Woman Slain In Florida Home

A former student at West High was the victim of a fatal beating in Jacksonville, Fla., last Thursday. Mrs. Clarine Turney, 31, daughter of Mr. and Mrs. Denton C. Phelps, 141 Nashoba-av, was presumed to have been beaten to death by her husband, Albert Daniel Turney, 22, a second class electronics mate, who is being held on a homicide charge.

Services for the mother of three children were held at the Jerry Speers Funeral Home on Tuesday.

Mrs. Turney died Thursday morning shortly after a neighbor entered the Turneys' two-room cottage and found her beaten. Officers said the room was a mass of bloody clothing and bed linen. Her husband admitted having a fight with his wife over domestic trouble but said that when he went on duty at the Jacksonville Naval Air Station Thursday morning he did not believe his wife was badly injured.

The victim married Turney 13 months ago while he was stationed at Port Columbus where he served from June 1949 to March 1951. She accompanied him upon his transfer to Jacksonville. Her three children by a marriage which ended in divorce three or four years ago reside with their grandparents at the Nashoba-av address.

Also surviving is a sister, Mrs. Annice Shady, Massillon, O.

Electric Refunds Are Demanded

Three Franklin County townships complained to the State Utilities Commission Tuesday that electric consumers in their areas had not been given the same refunds that the city of Columbus got from the Columbus & Southern Ohio Electric Co. in 1950.

Prosecutor Ralph J. Bartlett, representing Franklin, Prairie and Marion townships, argued at a hearing before attorney-examiner Eugene J. Nolan that the consumers and the townships were entitled to refunds just as were the Columbus consumers.

Hilltop Flyer Thought To Be Red Prisoner

The Communist propaganda booklet, "National Guardism", contained the name of First Lt. Jack Murray, husband of Mrs. Betty Murray, 782 S. Wayne-av, she was informed last week. Listed as missing in action since Aug. 24 when his plane was shot down over North Korea, Lt. Murray was not listed by the Communists last December as a prisoner nor has his wife heard from him.

Since he is not recognized by the US as a prisoner Mrs. Murray cannot write to him although she is convinced he is a prisoner. Others in the crew have written from PW camps and all are assumed to have parachuted within the limits of a small town.

Murray was co-pilot of the plane which is assumed to have been struck by flak, though it was not burning when it went down.

"Sure and Monday's The Day For The Irish"

Truck Hits Porch Following Collision

Tony Patsinelli, 758 S. Ogden-av, didn't call for an electrician but they came anyway, right up to his front door, Tuesday morning at 7:55 a. m. as can be seen by the above photo. The panel truck belonging to Westinghouse Electric Supply Co., 236 N. Fourth-st, after being in collision with a car driven by Raymond Berrer, 2191 Summit-st, at the intersection of W. Mound-st and Ogden-av; hurtled over a lawn and crashed into the concrete porch at the Ogden-av residence. Stanley Oyler, 163 S. Algonquin-av, driver of the truck, and Patricia Allen, of 247 S. Algonquin-av, a passenger, were slightly injured in the collision. Both were taken to Mt. Carmel Hospital by the emergency squad. (Record Photo)

Sure and we never even realized it, but here 'tis again just a few days before every true son of Erin will be "A Wearin' of the Green" and strutting himself down along the main streets in keeping with the traditions of St. Patrick's Day. Ah and 'tis but a shure sign to every Irish lad and lass that ere-long warm spring days will be upon us when everything will be turning green and the green that blossoms forth on St. Patrick's Day is but a harbingar of what is yet to come.

And faith and begorra 'twould be but something short of a sacrilege if we didn't bring every faithful wearer of the green, right up to date on the happenings on the Emerald Isle these days.

'Twas only the other day that we came across this part of blarney that seems to be in keeping with the time and we pass it along with the thought that perchance 'twould bring a smile, yes and some recollections too of the days in the not so dim past.

It seems as though "Clancy," the cop, is still wondering "Who Threw The Overalls in Mrs. Murphy's Chowder" and that "Mother McCree" has "The Same Old Shillelagh Me Father Brought From Ireland" in her hand, a looking for "Danny Boy."

Mrs. O'Leary's cow just stepped on "My Wild Irish Rose" while chasing "Paddy's Pig" and "Cupid the Cunnin' Pandeen" is a whispering into the ear of "Peggy O'Neal" —and shure there's an awful racket down the street a bit where "McNamara's Band" is a playin' "It's a Great Day for the Irish." And the music is so loud that the shamrocks are doing an "Irish Jig."

And really 'tis but a day that comes but once in every twelve months, 'tis the day that is never complete until two Irishmen get together to compare shillelaghs and be having a good argument that usually ends . . .

"Hanagan, Flanagan, and Callahan too—
Have tracked down the boys who stole Mahanahan's stew.
Now everything's finished and don't shed a tear;
Now Paddy can rest 'til this time next year."

Acid Just Salt

The "acid" on the walls of the new Westgate firehouse is common salt, according to the fire department's maintenance chief, F. G. Pfaltzgraf. The reaction, he said, is common after heavy rains, especially where new bricks are concerned.

Wilson-Rd Improvement Hearing Date Is Decided

Franklin County Commissioners on Tuesday, Mar. 25, in a meeting called for 10 a. m. will hold a hearing for any objections that may be lodged against the proposed improvement of Wilson-rd from W. Broad-st to Trabue-rd. All persons and owners of real estate abutting either side of Wilson-rd at the time of the hearing may present claims for compensation for land and property to be taken for the improvement, or damages incurred by reason of the improvement.

It has been pointed out, that unless such claims are filed in writing with the Board of County Commissioners before the date set for the hearing the claims shall be waived excepting the cases of minors or other such persons under disability.

If no objection is made to the adoption of plans, profiles, estimates, quantities, cost and specifications, or claims for compensation or damages the Board of County Commissioners may order the construction and new road improvement.

In the affected area 71 parcels of land are involved, for which a price of $1,000 per acre has been offered by Franklin County Engineers seeking land easements. The improvement calls for widening of Wilson-rd from W. Broad-st to Valleyview-dr by 10 feet on the west and 40 feet on the east. From Valleyview north to Trabue-rd 16 feet is sought on either side of the roadway.

If no objections are voiced at the hearing which would cause a delay to present plans, the actual construction work is expected to begin on or about May 15.

Planned Economy Imperils Liberty Says HBA Speaker

"Today's planned economy is coming about through destruction of reward," said Spence W. Rawlings in addressing the meeting of the Hilltop Business Association Tuesday evening. He pointed out that the history of liberty throughout the world has been that of limiting government controls.

Elmer Worley was announced as winner in the recent Hilltop Minstrel ticket selling contest and the captain winner was Nelson Green.

The Tuesday meeting was presided over by Jack Alkire and E. E. Schadler, vice presidents.

Irate Hilltop Man Captures Two Suspects

The theft of nearly $2000 worth of plumbing supplies in the past two weeks was solved early Saturday morning when John A. Bentz, 245 Wrexham-av, single-handedly captured a pair of alleged thieves in the act.

Early Saturday morning 63-year-old Bentz, owner of the Hilltop Plumbing Supply Co., 2333 W. Broad-st, heard a neighbor's dog barking loudly and investigated from his bedroom window. He spied two men in his lot across the street from his home loading their truck with pipe fixtures from the storage lot.

"I grabbed my shotgun, slipped two shells in the chamber and took out after them without even putting on a bathrobe," Bentz stated. The crooks offered no resistance to their captor and told him they had already taken one truck load of supplies to their homes. "These thefts have really made me mad and they should be glad they didn't try to get away," Bentz continued.

Police identified the two men as Burt Stevens, 28, 470 N. Eureka-av, and Bruce Miller, 30, 284 S. Warren-av. They are being held on investigation of grand larceny.

These Lenten Days

The Lenten season is characterized by the forty days preceding our great Easter Sunday and is observed by many faiths. In commemoration of Christ's forty days of fasting and temptation the season carries the idea of penitence, self-denial, sacrifice and heart-searching. Though the season is becoming quite commercialized, the prevailing keynote is not that of receiving, but giving, and particularly the giving of ourselves. This fact is borne out in the Master's life.

Many have dared to follow in His footsteps. Few have approximated Him, but none have gone beyond Him. Recently a man who was a lawyer, and who held several high government posts and had even represented the United States in the foreign field of affairs, walked into the office of his co-workers and superiors and said, "I'm giving up my work and I'm volunteering to go to Japan not to become a college president or some official, but just to settle down to a quiet life and let my life reach out into Japan as a witness for Christ. We have won the war, and I feel that this is our only hope of winning the peace."

The spirit of this man is the genuine spirit of the Lenten Season. Our self-denial and such like is intensified by the spirit of the One in whom we trust. Without Him, a bleak tomorrow would lead us to despair. We do not merely have faith in an event (the resurrection) but we have faith in the One who went through the event and came out victorious on the other side. "Give to the world the best you have and the best will come back to you," another has so nobly said.

HBA Committee Acts As "Watchdog" Group At Council Meetings

Following out a wish expressed by Don Smith in his inaugural address as president of the Hilltop Business Association, a Civic Committee is now playing an active party in safeguarding the interests of the Hilltop at Columbus Council meetings. Each meeting at least two of the committee are present at council meetings to watch for anything of legislative interest to the Hilltop and to report to the association on matters that are detrimental or otherwise.

The committee is pictured above in consultation with City Councilmen Frank Kearns and Henry Koontz as they seek information on matters relative to Hilltop interests. Seated left to right in the photo are Herbert Kunzi, Joe Goodwin, Elmer Hagenberger, Frank Kearns, Henry Koontz, Alva Metzger and Howard Bennett. Harley Watts, another member of the committee, was not present at time of photo.

Our Greatest Lent

Jesus said, "The Kingdom of God is at hand: repent ye, and believe the Gospel." The Bible defines the Kingdom of God as joy, peace, and righteousness in the Holy Spirit. To be a Christian you must seek first the Kingdom of God. You will discover happiness and victory over sin in this life, and eternal life beyond death. Our Lord has given us the keys to the Kingdom of God; repent, and believe the Gospel. Lent is an hour for repentance. The psalmist declares, "For thou desirest not sacrifice; else would I give it: The sacrifices of God are a broken spirit: a broken and a contrite heart." To repent one must turn away from sin as the prodigal son, and ask Jesus Christ to forgive. We must also believe the Gospel to enter the Kingdom of God. We are justified by faith in Jesus Christ, the Son of God, if we believe Christ died for our sins, and arose from the dead. Are you repenting and believing? If you are, you are praying daily, LORD WHAT WILT THOU HAVE ME TO DO?

New Drugs No Cure-All For TB Local Health Authorities Aver

No drug is a quick solution to TB—no matter how good.

This was the essence of dream-shattering statements today by Dr. Ollie M. Goodloe, city health commissioner, and Gerald D. Fry, executive director of the Columbus Tuberculosis Society.

They referred to week-end announcements of two miracle drugs reputed to "stop TB in its tracks."

Dr. Goodloe and Mr. Fry warned against over-optimism concerning the new drugs—Rimifon and Marsilid—and reported that a number of inquiries had been received as to when treatment would be available.

"Tuberculosis cannot be treated until it is found—an obvious statement that bears repeating—again and again," Dr. Goodloe said. "It is a temptation to assume that the new drugs might wipe out TB quickly and automatically. But in reality, if they prove effective, the task for those in the TB control field is greater than ever. Chest X-rays — still the most reliable means of finding tuberculosis early—will become more important than ever. So will adequate treatment facilities.

Fry added that if the drugs seem to promise a real solution, tuberculosis workers will shoulder a heavy burden. They will feel morally obliged, and as soon as possible, to intensify and promote chest X-rays on a mass scale until everyone has been checked and every case has been found.

Fry said that the National Tuberculosis Association had labeled publicity on the drugs as "premature" and stated that they had been on trial only a matter of months.

"Getting people to accept hospitalization and to stay there, following the early discovery of TB, through X-ray, will continue to play the fundamental roles in the fight against tuberculosis," he added.

Fry commended school authorities, industries and community groups today for their support of, and participation in, the mass X-ray programs conducted by the Columbus Tuberculosis Society. He reemphasized this procedure as basic to any real strides in the struggle against tuberculosis.

Freedom means, among other things, that each of us has a part in making laws that protect each and all of us. This includes traffic laws.

Community Spirit Of Hilltop Captures Fancy Of Jack Imler

Jack E. Imler

Jack E. Imler came to the Hilltop only two years ago as the manager of Schoedinger's Hilltop Chapel. Despite this short period of residence here Jack is already in the swing of community activities. In the Hilltop Business Association he is serving as a member of the executive committee and chairman of the Booster committee. As arrangements chairman for the 1952 Minstrel Show he was responsible for locating the mammoth baby buggy used in one of the skits. He is also a member of the Camp Chase Post, American Legion and of the B.P.O.E.

Jack was born in Columbus but spent his childhood in Circleville. Before his entrance into the army where he served for three years, he attended Ohio State University. His apprenticeship was begun in Toledo and completed with Schoedinger's downtown. After his graduation from the Cincinnati College of Embalming he returned to Schoedinger's for a year before receiving the Hilltop managership. He is both a licensed embalmer and a licensed funeral director.

Jack' principal hobby is fishing which he indulges in each year on a trip to Michigan. During the winters his spare time is spent in his dark room although he maintains that his photographic abilities are "strictly amateur".

He and his wife reside at 2542 W. Broad-st with their two sons, Dennis, 4, and Phillip, 3 months. They are members of the Glenwood Methodist Church.

School Children Adopt Orphans

Sally Eberts, a third grader, and Patricia O'Brien (left) of the seventh grade at St. Aloysius School, inspect the adoption papers on the foreign children the local children have adopted.

By Pat Martindale

Hilltop school children have a way of "going all out" to help in charitable campaigns. In the Community Fund, Christmas Seal sales, Polio Campaign, Care for Korea and other drives the pennies from school children have added up considerably.

St. Aloysius school children have gone one step further it was revealed this week. They have enrolled in a world wide association of Catholic children called the Holy Childhood.

The Holy Childhood Association is devoted to honoring the Christ Child under the special patronage and protection of Pope Pius 12th, and has for its mission the rescue, baptism and education of the outcast babies of pagan parents.

An offering of five dollars is made to adopt a pagan baby. The donor becomes the proxy sponsor of the child in baptism and is permitted to choose the Christian name to be given at that time.

Students of St. Aloysius are behind this "Adoption Drive" and have adopted 23 babies since last September, and hope to increase the number of adopted children by June.

Names chosen for their 23 babies are Mary, Marie Goretti, Martin de Porres, Christopher, Agnes, Michael, Bernadette, Patrick, Joseph, Paul Thomas, Teresa, Aloysius, John Thomas, James Joseph, Mary Margaret, Rose Julie, Mary, Mary Agnes, Richard Joseph, Margaret Marie, Patricia Anne, James and Margaret in honor of the saints.

This true missionary zeal on the home front is motivated by the belief that "whatsoever is done for the least of His little ones is done unto Him."

Some time ago I had occasion to call her regarding a needy person. She went all out, in her quiet, efficient way—and her way is a KIND way—to investigate, though it was not in the line of duty. That is how she is. She has had trouble, herself, but nobody knows about that—I have known her for years and she did not tell me; I learned it from a mutual friend. She is a deaconess and Sunday School teacher of the church to which she belongs and her minister knows he can depend upon her help any time it is needed. She is Columbus Policewoman Laura Hank Hilton, former Hilltopper, and truly fine lady. I'm so glad I know her.

Easter Seals Aid To Handicapped

Countless crippled individuals can become capable workers thereby bettering the country's economic welfare, Governor Frank J. Lausche declares in a proclamation designating Mar. 13 to Apr. 13 as Easter Seal Month in Ohio.

In his annual proclamation issued from the Executive Offices, the Governor said that everyone has a "right to opportunity for developing his abilities so he can take a a place in our productive society."

"Young lives are being salvaged and trained for purposeful living through services maintained by the Societies for Crippled Children," the Governor said. As "vital services" he included medical care, physical training, recreation, vocational guidance and others.

Pointing to "steadily increasing costs" of highly specialized services necessary for treatment and training for physical handicaps, Governor Lausche urged Ohio citizens to support the Easter Seal drive and "thus invest in the future of our crippled children."

His proclamation reads as follows:

WHEREAS, there are in the State of Ohio thousands of crippled children who need specialized services in order to become healthy, independent adults, and

WHEREAS, our people believe in the dignity and worth of each human being, and his right to opportunity for developing his abilities so he can take a place in our productive society, and

WHEREAS, countless crippled individuals possess latent abilities which can be developed, thereby betterting the economic welfare of America, and

WHEREAS, young lives are being salvaged and trained for purposeful living through services maintained by the Societies for Crippled Children in Ohio, and

WHEREAS, these vital services include medical care, physical training, aids and equipment, recreation, vocational guidance and many others, and

WHEREAS, a greater number of handicapped children are being given opportunity to overcome handicaps, learn new skills, and achieve success within their own limitations, and the cost of the highly specialized services necessary for treatment and training are steadily increasing, and

WHEREAS, the Societies for Crippled Children appeal to the public only once a year for support of the multiple services they render, and the Easter Seal drive is the major source of funds for these services.

NOW, THEREFORE, I, Frank J. Lausche, Governor of the State of Ohio, do hereby proclaim the month preceding Easter — Mar. 13 through Apr. 13 — as EASTER SEAL MONTH, and urge the citizens of Ohio to participate wholeheartedly in the drive and thus invest in the future of our crippled children.

IN WITNESS WHEREOF, I have hereunto subscribed my name and caused the Great Seal of the State of Ohio to be affixed.

Something For All

A man who made a fortune almost overnight was boasting to one of his cronies about his new estate with its three swimming pools. "But why three pools?" exclaimed the friend.

"One has cold water," the host exclaimed. "One has hot water, and one has no water at all."

"One with cold water I can understand. I can even see a reason for one with hot water," conceded the friend. "But what's the idea of a swimming pool with no water at all?"

"You'd be surprised, Joe," the host confided sadly, "how many of my old friends don't know how to swim."

Customer: Sam, you're a young man of considerable polish, aren't you?

Sam: Yessuh, I shine in all kinds of sissiety.

Customer: But you're always at the foot. Dont' you aspire to something higher?

Sam: Oh, yeesah, in de summer I cleans straw hats.

"Arent' men funny?" asked Fluffy. "Two strangers met in a bar and in the course of conversation discovered they were both engaged to be married. When they found out they were both engaged to a coed with the same first name, they were delighted. But when they found she had the same last name —they tore up the place."

"Did you see the movie, 'Gone With the Wind'?"

"No, I'm not interested in the weather."

Prop: This salad tastes awful. Do you wash the lettuce?

Cook: Yes, even with soap.

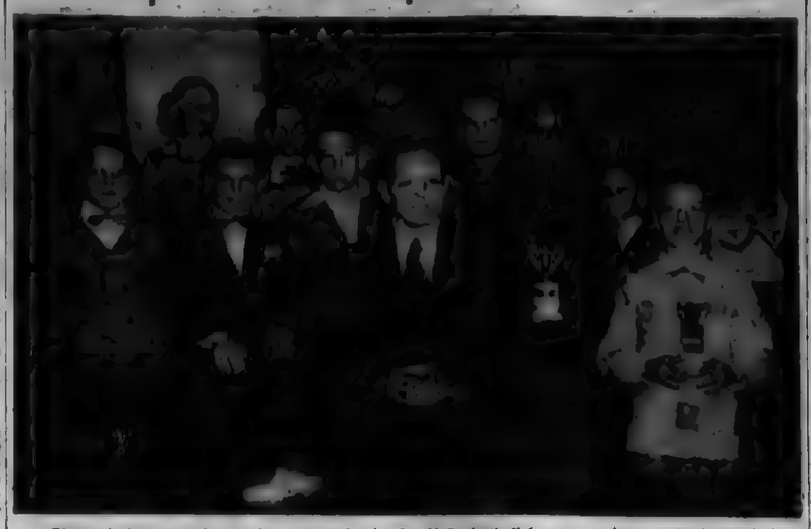
Another Satisfied Advertiser Acclaims Want-Ad Power

Mrs. Mary McKenzie, 3560 Grace-st, told us the other day of the wonderful results she got from her ad:

ROPER GAS RANGE, excellent condition. JO. 4419.



While living off the Hilltop, Mrs. McKenzie advertised in other papers but got no response. When she moved back, she inserted the ad in The Hilltop Record and The West Side News—and had more than a dozen calls right away.

Another satisfied customer, Mrs. Nellie B. Wilson, 48 Hawkes-av, called to tell us of the fine bargain she found through the Classified Ads. Yes, she is the lady who bought Mrs. McKenzie's range.

When you need to buy or have something to sell, just call RA. 1126, The Hilltop Record and The West Side News.

Optometric fees and glasses have increased 36 per cent since 1939 while the cost of living has increased 85 per cent, according to the U. S. Department of Commerce figures reported by the American Optometric Association.

Hilltop Gra-Y Participation Awards Made

Pictured above are the trophy winners in the Gra-Y Basketball League as they received awards last Thursday. Officers of the various Gra-Y Clubs are in the second row and the Championship Highland Club are in the background. Trophy winners in the front row are Ronnie Garretson, W. Broad Street School; Tommy Bridges, Highland Avenue School, and Donald Hutson, John Burroughs. Second row Gra-Y Club officers are: Lampson, Engle, Buchanan, Lloyd, Drake, and Roberts. Rear row: Sowers, Ingels, Don Howland, Commeans, Furrey, David Howland.

Hoge Memorial Presbyterian Church, 23 South Eureka-av, was the scene of the assembling of seventy youngsters and their parents, for the Gra-Y trophy and participation awards last Thursday afternoon.

The program was held in the form of a regular Gra-Y Club meeting with Tommy Bridges acting as the moderator.

Recorded music of the National Anthem opened the program. Jack Downing, Hilltop Y.M.C.A. director greeted the parents and gave a summary of the Gra-Y Basketball leagues over the past season.

Mr. Klippels, Red Bird physical instructor, was guest speaker. He explained to the boys the value of good sportsmenship they were learning through the Gray-Y programs.

Although the entire program was a very serious affair a bit of humor found its way into the assembly when upon concluding his talk Klippels said, "Now boys since baseball season is just around the corner I will be happy to answer any questions concerning the Bird players you might like to ask."

For a few seconds not a boy made a sound, then one brave lad extended his hand into the air. "What is your question?" asked the guest speaker "Sir," said the lad, "who is going to win the pennant next season?" Neediness to say the question went unanswered but the "ice was broken" and questions were then "fired" from all directions.

Three outstanding players of the season were awarded sportsmenship trophies. They were: Ronnie Garreston, West Broad-St. School pupil, Donald Hutson from John Burroughs and Tommy Bridges from Highland-av. School.

Eight teams composed the Gra-Y Basketball League representing four Hilltop elementry schools; John Burroughs, Highland-avenue, West Broad and St. Aloysius entered the league too late in the season to complete for a trophy.

Highland Avenue School was season's champion and was awarded a trophy at a school assembly in behalf of the league.

Now that basketball is past, spring sports are taking over at the Cowboy institution. A total of 45 candidates reported to track coach, Rufe Glass, and have been working out as much as possible in the basketball gym. After a rather cold 1951 season things are much brighter this year with such better men returning as John Bolz, 440, Eugene Harrison, dashes, Bert Heyder, hurdle and 440, Ted Johnson, hurdles, Paul Anderson, distance, and Joe Sams, dashes.

Two outstanding prospects also reported, namely Bob Thornton, hurdles, high jump and broad jump and Terry Ellis, broad jump and hurdles. The latter lad has only been in the United States for one year, being from England.

Baseballers also held their first get together this week with Coach George Williams but there is nothing to report on the prospects as yet.

Two of West High's basketball quintet, Jerry Trabue and Bob Thornton, are to be congratulated for being honored recently with positions on the all-city league all-high squad as selected by the city league coaches and sport scribes.

Trabue is one of the highest point makers in city league history and during the past season established a new all-time West High scoring record by tallying 401 points in 21 games (including the district tournament).

Thornton also a high scorer who tallied 276 points in 20 games (including the tourney) did most of his work off the boards being one of the finest rebound men in this area. He was also honored with a position on the all-star team at Hamilton over the Christmas holidays as selected by the sports writers in the Cincinnati area.

The second meeting of the Inter-Center Teen Council will be held Mar. 18 at Schiller center. Various problems on organizing teen clubs, canteens and other programs will be discussed. Suggestions will be made for future planning of programs at the various centers concerning dances, parties and special events.

One of the largest crowds to ever take advantage of the Thursday evening square dances was present at the open house dance at Glenwood Recreation on Mar. 6. The floor was crowded with dancers of all ages the entire evening. Music was furnished by the Buckeye Rhythm Boys and everyone seemed to enjoy the event.

It is hoped that even more Hilltoppers will attend the Thursday night community dances at the center. The whole family is welcome. There is plenty of other types of entertainment for those not wishing to dance.

The children who performed in the tumbling circus last Thursday night gave a good example of an outlet for energy among the children and at the same time training in physical fitness. Those taking part in the circus were Lee Chipman, Stevie Cheek, Malvin Fenton, Wayne Robbins, Mike Wolf, Dave Snyder, Willie Wilson, Billy Smith, Wesley Wooten, Sandra Dierker, Sylvia Pinkney, Carol Neff, B. Pelfrey, C. Hill, Edna Archer and J. Klett.

"Glenwood Echo," the center's newspaper is now available. This months paper is a special edition dedicated to Glenwood's annual "Open House Week." The front cover of the "Echo" designed by Patrick Martindale, artist for the paper expresses the sincere sentiments of the Recreation Center to the Hilltop people, "Welcome ! ! — to Glenwood Recreation Center where programs can be found to suit all ages."

Sincere sympathy is extended by the community to Carl Jenny, 201 Lenox-av, over the loss of his wife, the former Dorothy Harsh of Grove City, who passed away Friday at her home. Mrs. Jenny had been suffering from ill health for several years and suffered a stroke two weeks prior to her death, never having regained consciousness. Funeral services were held at the St. Paul's Lutheran Church Monday afternoon at 2, with the Norris Funeral Directors of Grove City in charge of the services.

The Boy Scout Troop 121 had a paper drive this past week and collected three and one-half tons of newspapers and one and one-half tons of magazines.

We are glad to state that Norman Martin, 176 Buena Vista-av, who has been a patient at Doctors Hospital, is now home convalescing.

Mr. and Mrs. Ray Giehl and family were dinner guests of Mr. and Mrs. Howard Riebel of Rome-Hilliards-rd Saturday.

McFarland Exhibit Acclaimed For 'Middle Of Road' Treatment

By W. D. "Doc" Campbell

As I came out from our Hilltop Library the other day, I was impressed with the stunning paintings, (and that is putting it mildly) of Dr. Eugene McFarland, Ohio Wesleyan Art Department head, and the innumerable honors in his background. His case resembles a page from "Who's Who in American Art."

I will give you a few abstracts from his remarkable background.

He obtained his Bachelor of Fine Arts degree at Kansas in 1930; his Master degree at the School of Fine Arts in University of Mexico in 194_ and his Ph. D. at Ohio State in 1947. His graduate study was done in Europe, South America, Columbia and the University of Southern California.

From 1931-34 he was an artist with Meyercord Co.; private art instructor in St. Joseph, Mo., from 1934-36; director of the School of Art, Phillips University in 1938-42, assistant professor at Ohio Wesleyan, 1942-43 and associate professor from 1943-47 and full professor since the latter date.

DR. EUGENE McFARLAND

People in general, seem to take a dislike to modern art—my impression of some artists ultra exuberance . . . for example, Max Weber's (a classmate of mine at Pratt Institute, N.Y.) inconceivable modernism . . . are to me like diabolical decayed bodies from out of the grave. How could anyone "live" with his works?

Of course, he is famous and art museums bid for his masterpieces . . . but, Dr. McFarland is far from that trend. He keeps to the middle of the road . . . not too far to the left or right. When you earnestly study his paintings they may seem provocative, yet to me are beautiful episodes with a deep insight into human expression.

Let us study four of his canvases and explore their intent. His smaller canvas called "The Glory that was Greece" shows a white delapidated old Grecian home falling to pieces . . . yet it holds for you, the interest and charm of classic Greece. It is like a grand old man who was "Somebody" in his mid-youth.

Now, look at two of his truly "moderns" that I fail to comprehend . . . at least as to their titles. The "Flight into Egypt" is a huge pattern of violet, pointed shapes . . . that are distinctly geometric in substance . . . but does not convey the title message to the onelooker. "Van Gogh" a truly great modern, never went that far. The other painting "Adoration of the Shepherds" is a perfect revelation of abstraction in deep, dark, exquisite colors. I cannot agree to its title . . . neither does it thrill, except in its marvelous pattern (flat) of color shapes.

I can enter into Dr. McFarland's exposition of a smaller canvass, called "All Is Not Gold." Painted in thick paint with a gray-gold background, are old discarded sticks of wood . . . old tin cans, an antiquated electric light bulb and tangled roots, etc., but not realistically painted (that is for photography). He idealizes these objects so that I was intensely and happily intrigued by luscious color and technic. Two pinkish old cans, idealized bulb and several stringy roots . . . indeed this painting and his "Outside the Window" . . . a poor old soul (man) with gaunt features . . . washing an outside window. This painting truly "moved" me though outlined in black like moderns do . . . but the old man's soul, in poverty, was so definitely there, that I personally, thought it the best one of the collection.

Don't miss this wonderful show, right in your neighborhood . . . You will be amply rewarded. We expect the collection to be kept intact all of March at least.

Meet Your President

Hoge Women's Society Directed Through Efforts of Lois Pitt

"Devotion wafts the mind above . . . But heaven itself depends on love . . ." Lois Pitt, in her second year as president of Hoge Women's Society at Hoge Memorial Presbyterian Church, has spurred them on in their efforts to raise $1500 for the church building fund. The five circles and executive board are now her greatest interest.

Prior to taking this presidency she worked in the primary department of the Sunday School and was active in Camp Fire and PTA.

She has been a Hilltopper since her marriage to Sheldon J. Pitt and her family includes a daughter, Joby, recently married to Ed Whitehead; Nancy, junior at West High School; and Joe, a fifth grader at West Broad Street School. They reside at 149 N. Huron-av.

She is active in the Fidelis Class at the church and for relaxation she often sews.

With Peg Warren:

About The Hilltop

it's not WHAT you do . . .

Suzie had shopping and errands to do, so she went downtown, wasted hours looking for places to park and got caught in a traffic jam on the way home. Now it's too late and she's too tired to prepare a good dinner.

it's HOW you do it

Sally also had shopping and errands, but she did hers on the Hilltop and was back home hours before dinner. Her food is purchased here, too, at low Hilltop prices. And Sally isn't tired at all.

When you have buying to do, take a tip from Sally and patronize your neighbors, the Hilltop businesses. You'll find low prices, famous brands and quality service within a few blocks of your home. So do your buying on the Hilltop. It's easier on you — and on your budget.

New Sub-Division Points To Growth Of Village Of Hillards

Hilliards within the next few months is going to witness a growth of an entirely new subdivision, within its boundaries, according to information released this week concerning the formation of a new corporation there. The new area will be known as the Grant-Wayne Subdivision.

A new corporation, the Grant-Wayne Co., was recently chartered by the state to buy and sell—in quantity, building material and supplies, to manufacture, fabricate, construct and assemble new houses and other building in the area.

John Russell, is president of the new corporation with other officers and directors being Nelson Russell, vice-president; Robert Glaze, secretary; Harold Conklin, treasurer and Bliss Russell as member of the Board of Directors for the firm. A franchise has been signed with the National Homes Corporation of Lafayette, Ind., by the firm to represent them as their dealers in Hilliards, Dublin, Rome and Plain City. New homes have already been constructed in the Hilliard community at 38 Grant-st and 32, 42 and 45 Wayne-st.

Thus far several meeting have been held with the council of the Village of Hilliards and permission secured from that body and other governing boards to establish a new street known as Grant-st on the West end of Norwich-st. A beautiful modern sweeping curve has been laid out extending Grant-st to the corporation limit and 15 building lots have been plotted averaging in size from 6,000 to 10,000 square feet.

The former Hilliards Ball Park, remembered by many old timers as the site used by schools for all local games and used also for professional and semi-pro ball games for the past 30 years has been acquired by the new firm from Arch A. Alder.

The firm of A. G. Wyatt and Associates has been employed to engineer the Grant Wayne subdivision. Sanitary sewers have been extended from Wayne-st through this new addition and sewer lines have been extended into each lot. A six inch water main water tower west along Norwich-st has been extended from the village to Grant-st and then to the corporation line. All water taps were run into each building lot this past week. Very shortly the storm sewers will be installed and then work of installing new streets. The extending of Norwich-st and forming the new Grant-st will be completed shortly.

Within the next three weeks the first home will be erected on lot 165 in this new addition. These homes have been FHA approved and can be purchased with as low as 15 per cent down payment. The Grant-Wayne Co. plans to erect the homes in groups of three, thereby furnishing employment for has been employed as chief contthe Hilliards area. Charles Massie struction foreman assisted by Lemel and Tom Rousch. The electrical work is being done by Floyd Armstrong, painting in charge of Charles Tillman, linoleum and bath tile work by C. Selph.

All new homes constructed will be of the new 1952 models announced by National Homes the first of February. The first house will be open for inspection sometime in April and will be announced in The Hilltop Record.

ONE STEP NEARER

Lee W. Beiers

On Wednesday, Mar. 5, Mr. Hartsook's office was the scene of some commotion. By one's and two's the seniors entered and left again. Bible Comment:

Bible Gives History Of Israel, a Lesson For Modern Nations

THE first king of the kingdom of Israel was Saul, who stood head and shoulders above his people. There are conflicting accounts on Saul: In one he is called "God's annointed," but in others, namely 1 Samuel 10:19, Samuel charges that the people's demand for a king is a rejection of God.

Light is thrown on Samuel's words by what happened a little later, when the people rebelled against the oppression of Solomon. Civil war rent the kingdom in twain, never to be reunited.

Why so much interest in the political history of an ancient people in a country no larger than one of the smaller American states?

The answer is, of course, that the record is part of the Bible. There is nowhere else in all literature a record that in so small a compass sets forward with such clearness the incidents and causes in the rise and fall of nations and the conditions which make for public welfare.

Moreover it is in the life of a comparatively primitive people emerging into statehood on a comparatively small scale that one can observe more clearly and accurately, than in modern society, the forces and laws that are at work and that have their effect on welfare or disaster.

We can see and study in the kingdom of Israel, and in all the issues associated with it, the precise elements that make for welfare or disaster today, obscured though they may be by all the accretions and developments that have multiplied our problems. We can do this without altering the basic and essential conditions of their solution.

We want to read and study these lessons not merely with an eye to what happened long ago, but with a real sense of what they might tell us about what is happening today. Their value and effect for us will be lost if we do not read them in the light, or darkness, of our own times.

"Sure I'd like to attend church," a friend said recently, "But you know how it is these days. Hurry, hurry, hurry!"

The man who spoke these words is, by many standards, successful. Big deals. Lots of night work. Always in a hurry to make connections, meet prospects.

Yet just the other day he was remarking that he is, basically, a disappointed man. Life, he says, seems to be passing him by . . .

It's one of the oldest rules in business that you can't get something for nothing. Even those in a perpetual hurry know that. But they think that religion may be an exception to that rule — and it's not.

An hour or two in church each week may *seem* to offer a slight chance of return. Yet, the person who profits by *active church membership* will find life not just "passing by." He will find that life has new hope, new meaning, and a new richness that no amount of hurry can purchase.

God's word comes true for any man who *listens* for that word in the quiet, unhurried hour of the Sunday Service of his church.

For what shall it profit a man, if he shall gain the whole world, and lose his own soul?

1—Information

JOE BRIGGS Says:

A tenderfoot is a person who gets that way by always being in hot water.

Any person who finds himself liable for damages because of an accident or injury suffered by another is really in "hot water" unless he is sufficiently covered by liability insurance. Don't take unnecessary chances. Ask Joe Briggs about the inexpensive liability policy that will keep you out of "hot water." Call Joe at RA. 3194 or pay him a visit in his offices at 2598 Sullivant Ave.

MELVILLE GOODWIN, U.S.A.
By John P. Marquand
Reviewed by John J. Schall, 2184 Ridgecliff-rd.

MELVILLE GOODWIN, U.S.A. is an interesting and well written book. It is the story of a general in the United States Army, as narrated by Sid Skelton, a radio commentator and friend of Goodwin.

The story is about the experiences of the general during World War II and the post war period. He received considerable publicity as the result of an incident in which he prevented a riot in Berlin, by pacifying a Russian soldier who was trigger happy.

As for the romantic part of the book, the general, who is about 50 years of age, is infatuated by a young widow, Dottie Peale, whom he met in Paris during World War II. On the other hand, with Dottie Peale the affair is just a passing fancy.

When Goodwin reaches the point where he wants to divorce his wife, Muriel, Dottie decides that she is not interested. The whole situation becomes complicated because the general is offered a promotion in Washington in the plans division at the Pentagon.

The efforts of Sid Skelton, the general's son, Robert, and the army to prevent Goodwin from ruining his career were quite fascinating. Also his wife's understanding and forgiveness were very touching, although her domineering ways were no doubt partly responsible for the general being led astray.

A Breeze of Morning
By Charles Morgan

David Harbrook was an English boy of 14 whose aim in life was to attain an Eton scholarship.

In studying for this scholarship he came in contact with Rose Letterby and her father. Rose was a young girl of 19 and to most people a young, frothy, lighthearted girl. David, a very perceptive lad, was able to see behind Rose's mask and discern depths most people failed to discover.

David, through his sister Ann, and his cousin, Howard, learned of love, its joys and unhappiness.

This book is penetrating in its characters and discloses the fascinating period of the early 1900's.

Photo Contest Prizes Increase

There's plenty of interest being shown in the Hilltop Record's Shutterbug Contest being held in conjunction with the Thirty-fifth Anniversary Edition which is to make its appearance on Sunday, April 27. We know there is, because just this week one of our advertisers offered additional prizes.

Sunset Cemetery and Crematory, 6959 W. Broad-st this week offered additional prizes of $10, $5 and $3 for pictures submitted in the Record contest which were taken in Sunset Cemetery. W. H. Coulthard said the rules will be the same as those of the Record contest.

There have been many inquiries regarding the Anniversary Edition and the Shutterbug Contest; but entries have been slow. Get your entry in to the Record office this week. There may be a surprise promptness prize in the offing.

DP Family Finds Contentment And A Haven In Hilltop Home

Pictured above is the Stankiwiez family as they appear today in their Hilltop home. Happy and contented now that they are no longed under the domination of the "Iron Curtain."

By Pat Martindale

The Hilltop is a pretty wonderful place in which to live and its residents are quite nice, too. At least this is the opinion of Anthony Stankiwiez, his wife, Maria, and their two children; Tony 3, and six-year-old Betty.

The Stankiwiez family is very happy in its new American home at 167 Highland-av.

Just three months ago, Dec. 13, to be exact, they were bewildered and frightened as their boat docked in the New York Harbor. There with other displaced persons they were welcomed by members of the Catholic Welfare Board and placed on a train bound for Columbus and were met at Union Station by representatives of their sponsors, Our Lady of Victory Parish Council of Catholic Women on Dec. 14.

In the meantime Grace Meyer was contacted by the Catholic Welfare and asked if she would accept the Stankiwiez family in her home, at least temporarily.

Grace said she didn't know what to say. She was alone in a big house since her father, John Meyer, died in August and it was so nea. Christmas so she said, "Yes." She admits she was probably just as bewildered as the Stankiwiezs' inasmuch as she knew nothing about them.

Maria didn't like New York although she was there only one day and felt sure she wouldn't like America at all. However, she does like Columbus and especially the Hilltop. Although her complete English vocabulary consisted of "Good Morning," "Good Afternoon" and "Good Night" upon her arrival in this country she has made much progress with her English in the past three months.

Little Tony and Betty are blond and just as "cute as Christmas." Tony loves American pop and his first important word as far as he is concerned is "Coca-Cola."

Betty attends St. Aloysius School and likes it very much. She speaks English altogether now.

Papa Stankiwiez is Polish and came from behind the "Iron Curtain." Maria's homeland is Bonn, Germany. All four speak both Polish and German.

Anthony is employed at Superior Dye and Tool Company and it was not until after he went to work that his employers discovered that he was extremely skilled in his line of work.

As far as Miss Meyer is concerned she no longer refers to them as the Stankiwiez family, instead it is now, "my family, Maria, Tony, and the children", which pretty much explains her feelings towards her DP's.

Begin Construction On Drive-In Bank

Alfred Tonti of Tonti Builders this week announced that the new construction now underway at Broad-st and Burgess-av is to be the Hilltop's first drive-in bank, which will provide for customer parking.

The new structure which is being built by Mary B. Tonti, 3336 Wicklow-rd, is to be a one story fireproof bank building and will eventually house the Hilltop branch offices of the City Loan, which maintains headquarters in Lima.

With a modern clay tile front, the building will measure 32 feet wide and 70 feet deep, providing a large banking room of 32x44 feet and private consultation and office rooms. The entire building will be air conditioned, according to the builders, and is expected to be completed around May 15.

Tonti also announced that 50 twin-single homes are under construction in Brookshire addition and that the paving of streets in the east half of the subdivision is expected to be completed within the next 30 days.

In Broadlawn Addition, which is also under control of Tonti Builders, a petition has been filed with the county asking for erection of a complete storm sewer and drainage system on Coolidge, Florence and Broadlawn-ave. The system would be tapped into the Westinghouse storm sewer system which is expected to be completed by August or September of this year.

New Expressway Plans Are Said Completed

Plans for the huge $92,800,000 expressway system designed to "adequately serve all local and through traffic volumes" in the Columbus Methropolitan were completed Saturday. The plans include a West Freeway, a direct route between the business district and the residential and potential industrial areas south and west of the Scioto River.

Connecting with the "inner belt", the bypass of Columbus Central business district, the West Freeway will extend to the west, after crossing the Scioto River downstream from the water intake dam. It passes under Grandview-av north of the New York Central tracks, paralleling them and crosses over a branch line of the railroad, Dry Run, and McKinley-av, under the Pennsylvania Railroad and over an extension of Wheatland-av. It then extends west over Hague-av, and Wilson-rd to connect with W. Broad-st, west of Wilson-rd. Entrances and exits are provided at Grandview, Wheatland and Hague-avs and Wilson-rd.

Second Polio Case In County Is On Hilltop

A Hilltop boy is Franklin County's second case of polio this year according to Sid R. Phillips, chairman of the Franklin County Chapter of the National Foundation for Infantile Paralysis. He is Roger Williams, 9, son of Mr. and Mrs. Jess Williams, 618 S. Hague-av, stricken earlier this week.

Hilltop Family "Adopts" War Orphaned Boy

A Hilltop family has been one of the first in this locality to adopt a youngster through the Foster Parents' Plan for War Children, Inc. Mr. and Mrs. Nedford K. Mason, 242 Powhatan-av, have "adopted" Nicolaas Breugom, an 11-year-old of Scheveningen, Holland.

Nicolaas' father was sent to a concentration camp during the German occupation, and was killed during an air raid. The only income for the young boy, his mother and little sister, Catherina, is $8 per week—and $2.50 of that goes for rent.

The adoption is financial rather than legal. The foster parents promise to contribute $18 monthly toward the youth's support for at least a year. The Masons have two sons of their own, David, 14, and Phillip, 11.

Unwanted Furniture Means Cash In Pocket Using Classified Ads

Housecleaning time means lots of changing and rearranging of furniture. It's a perfect time to get rid of furniture and household equipment that is no longer needed.

Mrs. Ethel Boyer, 506 S. Oakley-av, used the proper approach. She inserted the following ad in The Hilltop Record and The West Side News:

FOUR CHROME breakfast chairs, RA. 9861.

"I was so pleased," she told us. "I've always been successful with ads in the Record and the News." Mrs. Boyer claimed she could have sold dozens of chairs.

If you have some furniture you don't need, follow Mrs. Boyer's example—Just call RA. 1125, The Hilltop Record and The West Side News.

Musical Trip Through South Features Band Variety Show

Mrs. Evelyn Hall, West High School director of dramatics, and Claire Barnard, director of music, confer on final details of the 13th Variety Show to be offered March 27-28 in the school auditorium.

A musical trip through the deep, deep South for 75 cents!

That's the bargain West High School is offering Mar. 27 and 28 as it presents its 13th annual variety show in the school auditorium.

Two months of intensive rehearsals have polished the 22 skits, dances, vocal and instrumental numbers as brightly as the brass on the "S.S. Showtime" after which the show is named. A dress rehearsal Mar. 26 adds the final touch.

Tickets may be obtained from members of the Band Parents, the marching band and the school orchestra. They may be reserved, starting at 8 a. m., Mar. 24, at the school.

All the old familiar nostalgic songs of the sunny Southland will be featured, as well as the newer tunes from beyond the "Mason-Dixon Line" which have made the hit parade.

You'll thrill again to "Suwanee River", "Old Black Joe", "Massa's in the Cold, Cold Ground," "Down Yonder," "Waltin' for the Robert E. Lee," "She's the Sunshine of Virginia," "Sleepy Time Down South," "Chattanooga Shoe Shine Boy" and a host of other songs.

Interspersed will be comedy skits, dance acts and musical numbers galore. For 75 it's the biggest bargain since the Indians sold Manhattan for a 20-cent string of beads.

George Brown, West High student, who is a clever and accomplished raconteur, will be master of ceremonies. Mrs. Evelyn Hall, director of dramatics, and Claire Barnard, director of music, are in charge of the show's production.

Receipts from the ticket and program sales will go into the fund for the purchase of new uniforms for West High's outstanding 85-piece marching band.

Good Friday

"Were you there when they crucified my Lord?" No, you weren't. Nor was I. But a certain Roman centurion was, who was a close-up observer, the one who was perhaps in closest personal contact with Jesus during the hours of His great suffering. With helpers assigned to him he was responsible to see that the execution order was carried out. When it was all over this Roman centurion voiced his impression of the man on the middle cross, saying, "Truly this man was the Son of God."

Being a pagan he could hardly have meant by these words all that we Christians read into them. And yet, within the limits of his ability to draw conclusions in such a matter he was convinced that something superhuman had visited the earth in this man of the middle cross. Here was a man standing before the literal Cross of Christ, for hours, gradually coming to a conclusion, making up his mind about Christ.

There was a good deal of recorded comment about Christ during those hours—comments of indifference, of hatred, of faith and devotion. Which of these comments express our feeling and thought? Have we made up our minds about Him? Have we a conclusion to announce, or a confession to utter?

The centurion said, "Truly this man was the Son of God." Thomas said, "My Lord, and my God." St. Paul said, "The Son of God who loved me and gave Himself for me." How would YOU say it?

Rev A. L. Roth, pastor
Hillcrest Baptist Church

A Little Farther

It is said of Jesus, during His severe trial preceding Easter, that ". . . he went a little farther." He went a little farther than any other character had ever gone. He went farther in His suffering and farther in His death. Had Jesus been unwilling to enter into the never before experienced and explored realms, we would not be enjoying the present liberties and the future promised inheritances to which man has access.

It was the humanly incomprehensible love of God that motivated Jesus to go a little farther. He saw the hopelessness and helplessness of the human race to free themselves from the curse that had been forced upon it through the disobedience and rebellion of our former parents. The mere obedience to written law with its religious ceremonies had proven themselves worthless in restoring man to an acceptable relationship with God.

It was through the obedience of Jesus to the divine command during His ministry and suffering that produced a virtue-based resurrection from the dead. His body was never permitted to see corruption. As the result, man may now enjoy a divine experience and relationship with God that satisfies the very longing of the hearts of men.

Camp Fire Girls Candy Sale Underway

Homes and business places throughout the Hilltop area are now being visited by Camp Fire Girls and Blue Birds, as the big two-weeks annual candy sale of that youth organization gets under way. The event will come to a close on Mar. 31.

As usual, this campaign is staged in connection with the annual birthday anniversary of the organization, for the Camp Fire movement was started in mid-March just 42 years ago. Numerous other events will be held throughout the city by the more than 2200 members of the organization.

Funds derived from the candy sale will again be divided between the local Camp Fire and Blue Bird groups, and the central office of the Red Feather agency. The money will thus be used to finance many of the worthwhile activities of these hundreds of girls in the Columbus area.

Boys and girls, walk slowly and bend your knees slightly when walks, porches and steps are slippery.

John Burroughs School Presents Star-Studded Variety Show This Week . .

By Pat Martindale

After attending the afternoon performance of the "J. B. Jamboree" at John Burroughs school Wednesday it is apparent that the school is actually "loaded" with talent.

The John Burroughs seventh annual variety show starring the school children and sponsored by the P.T.A. will be held again today in the auditorium at 1:15 and Friday night at 8 p. m.

The show is built around the theme of a country barn, with bales of hay, corn stalks, a few nests with hens setting on them and red lanterns to furnish light. Sixth grade girls open the program by singing "On Top of Old Smoky"; Tommy Smith taps to "Lady be Good"; Evelyn Rosh plays the "Skaters Waltz" on her accordion and then comes a song and tap dance to the music of "Don't Fence Me In" by little Mary Lee McKnight.

Sharon Eaton sings and yodels "Hey Good Lookin," and Christina Carfrey, Linda Fuller and Ruth Ralph attired in beautiful orchid satin evening gowns sing "In the Cool, Cool Of the Evening." Little Sunya Graham will sing and dance "Little Old Lady" and then Danny Boltz will play "Whispering Hope" on the piano. A graceful toe dance to "Crimson Blushes" will be performed by Naida Ryan and Caroline Patterson will sing "A Dream Is A Wish Your Heart Makes", followed by "Bonaparte's Retreat" on the electric guitar by Jerry Calton; a tap dance to "Syncopated Clock by two cute little girls, Sally Dellinger and Gayle Linson.

Russell Norris, Kenneth Reber, Gary Dohrman sing "It Ain't Gonna Rain No More" while all decked out in rain coats and boots; Susan Wiseman and Danny Morris appear in an accordion duet to "My Bonny Lies Over the Ocean" and Susan Redding does a tap and baton dance to "Ain't She Sweet."

In her Dutch costume, Susan Redding sings "Dance Me Loose" and in cowboy style, Butch Miller will sing "Pecos Bill", "To the Loveliest Night of the Year;" Linda Brunner does her acrobatic dance; Barbara Van Dyke sings "Down Yonder" and Sandra Morris concludes the first half of the show with a song and tap, "Hey Good Lookin."

During intermission the school band plays "America," "German Waltz," "There's Music in the Air" and "Long, Long Ago." Director of the band is Don Hessler; managers are David Stomp and Charles Trott. Playing clarinets are Jane Adams, Shirley Anderson, Sandra Blum, Kenneth Brady, Joy Dorr, Sandra Kay McNamee, Darlene Miller, Marilyn Ruhl, David Stomp, and Jerry Walker. On the trumpets are Randell Brafford, Roger Dellinger, Rita Dorr, Jerry Francis, Eddy Hedges, Tommy Morrison, Sharon Lee Younkin. Drums are James Bost and David Bryant, and on the saxaphone is Charles Trott; trombonist is Karla Dorr and playing the mellophone is Don Hessler. Rita Dorr is the band announcer.

The second half of the program is as follows: square dance by fourth grade boys and girls; Carole Bauermeister, Richard Fisher, James Harrison, Gary Leeka, Paul Poble, Patty Reeder, Becky Riley, Larry Snodgres and Ruth Ward.

"The Old Soft Shoe Dance" by Nancy Brooks; tap dance by Sally Drake; "Home on the Range" a clarinet solo by David Ellis; "Serenade of the Bells" by Joyce McClintock; a comedy skit by James Reeder and Roy McQueen;; guitar and song selection by Donald Nessler and an accordion solo, "Spanish Lady" by Maxine Stillwell.

Lois Evens will have the lead in the "Shrimp Boat" with Diane Bergman, Judy Howard, Janet Lamprecht and Carolyn Upperman.

Sandra Badgley will tap to "Dinah"; the nimble fingers of Mary Huff will render "The Hare Bell" on the piano; Stanley Landrum will sing "The Little White Cloud That Cried" in his beautiful soprano voice and Carolyn Hatfield will tap to the "Darktown Strutter's Ball."

Dressed in "Gay 90's" outfits with decorated bicycles to complete the scene the sixth grade girls will do "Memories of the Gay 90's". The girls are Shirley Anderson, Sharron Andrews, Anette Bates, Joy Cooper, Betty Lou Crabtree, Judy Dunlap, Ruthann Hardacre, Myrna Ruhlen and Sandra Williams.

Diane Hinton plays "Now is the Hour" on her accordion; Danny Timmons and Roberta Ranney sing a duet entitled "Slow Poke"; Linda Pryor does a beautiful and graceful toe dance; Phyllis Hill sings, "I Ran All the Way Home" with volume and ease that is unusual for a girl of her age and Roger Dellinger taps with much ease and rhythm to "Honeysuckle Rose".

The entire cast joins in the finale with "There's Always Room at Our House."

Sixth grade girls who open the show are Marilyn Ruhl, Barbara Keyer, Jane Adams, Sharon Allen, Linda Asay, Janice Beavers, Helen Bigler, Joann Burroughs, Patty Drain, Judy Garrison, Patsy Hanawalt, Norma Hewitt, Billie Jordon, Norma Manely, Linda Messing, Sandy McNamee, Delores Robinson, Sharron Williams, Janet Wolford, Donna Yates, Shirley Rousch, Roma Richards, Ginger Scott, Diane Robins, Ellen Greenwood, Charlotte Underwood and Billy Ray Jordon.

Admission on Thursday afternoon for the children is 10 cents and on Friday night 40 cents. Funds from the show are used for the school by the PTA.

Church Contest In Third Week

The contest launched two weeks ago between the "Hustlers" and the "Rustlers" in Burgess Avenue EUB Sunday School went into effect this past Sunday for accumulation of points for both sides.

Carl Holland sparked the entire contest with a well worded introductory challenge of the real purpose of the campaign, ending up in favor of his own side, the "Hustlers," which he predicted would win.

Russell Morris, the captain of the opposing side (the "Rustlers") will rise in defense of his group this coming Sunday.

Meet Your President

Three Presidents Lead Your Blue Star Mothers Unit

Mrs. Rucker, Mrs. Martin, Mrs. Williams

"The greatest glory of a freeborn people is to transmit that freedom to their children." The local Blue Star Mothers are divided into three groups, Glenwood Blue Star Mothers, West Unit, Blue Star Mothers, and Rome Blue Star Mothers. Their primary activity is furnishing entertainment for veterans at the Chillicothe hospital where they are presently making plans for a new stadium. To gain funds for the Blue Star projects the mothers collect sales tax stamps, give card parties and dinners.

Martha Rucker, 3257 Fisher-rd, presides over the meetings of the Glenwood Blue Star Mothers. She is a member of the Highland Garden Club and her primary hobby has been the care of their three acres of ground since they moved last year to the Fisher-rd address. She was born and raised on Whitethorne-av.

Mrs. Rucker and her husband, Carl, are proud of their five grandchildren. Their children, Fred and Eloise, are graduates of West High.

The Rome Blue Star Mothers were organized early this year and elected Frances Martin, 174 Buena Vista-av, their president. She and her husband, Norman, are members of the Rome Businessmen's Association. Their son, Pvt. Charles Martin, is stationed in France.

In addition to writing regularly to her son, Mrs. Martin corresponds with several other servicemen and keeps a scrapbook of their activities. She has lived in and around the Hilltop since she was one year old.

Clara Williams, 235 S. Warren-av, leads the West Unit of Blue Star Mothers. She and E. C. Williams, her husband, moved to the Hilltop after their marriage. Their son, Robert, lives in West Virginia with their two grandchildren. Mrs. Williams sews for the Blue Star and aids her unit in their collection of tax stamps.

The Camp Fire Girls

This week we doff our hat to another of those fine organizations which contribute so much to a community life such as ours. The Camp Fire Girls is one of those good forces within our community that give special stress to the home and family life and it is this week that the organization marks its 42nd anniversary.

During this week the Camp Fire Girls of this community have demonstrated what their organization stands for, and what they are learning. For instance, on Monday they shared their birthday by lending party atmosphere to hospitals, orphanages and to the homes of the shut-ins.

On Tuesday they directed attention to their activities with exhibits in store windows and schools in the community. On Wednesday they wore their uniforms to school. Today they'll point to their adult leaders who will be "Queens for the Day" and on Friday in the families of Camp Fire Girls, mother is scheduled for a rest from kitchen chores, while the girls take over. This Saturday they'll make an extra effort to sell candy to raise funds for the construction of a public shelter at Blacklick Woods. This sale will continue through Mar. 31.

The symbol of the Camp Fire Girls is one of crossed logs and a flame—for the hearth fire of the home, the campfire of the outdoors. The law is: "Worship God, Seek Beauty, Give Service, Pursue Knowledge, Be Trustworthy, Hold on to Health, Glorify Work and Be Happy."

Their birthday slogan is "Design for Friendship" and the year's project thus launched will set the girls on the road to making themselves better friends, through understanding and appreciation of the other person.

We're glad to have this type of organization in our midst, and we're glad that there are adult leaders in the community who are willing to devote time and patience in providing proper guidance to these girls. To the girls and to their community-wise leaders and sponsors — "Happy Birthday!"

LETTERS TO THE EDITOR

Mr. Editor:

It takes real courage for a Congressman to vote against a bill that is sponsored by the very veterans' organizations that you belong to and for that reason I feel that Congressman Vorys is to be congratulated for putting God and country ahead of personal fame and glory.

Like many more real veterans, he was not convinced that the membership of these organizations were backing it, but that the organizations' leaders were playing politics with it.

In his remarks on the proposed Military Training Bill, he went right to the heart of the matter when he said, "All the known evils of the draft act and all the present deferments, iniquities, hardships and draft discriminations are now found in this bill."

He might have added, with truth, that all the screw-ball ideas of the one-worlders, dreamers and just plain NUTS, that they had failed to put over in the draft act can now be found in this present UMT Bill, for it has become a catch-all for all kinds of screw-ball ideas.

This bill has received a lot of false publicity, in the news, over the air and from the speakers' platform and many well-meaning persons have permitted their names to be used as its sponsors, who have never read or analyzed this bill. If they had they would not have touched it with a 10-foot pole.

Congress should not be asked to pass on this bill. It should be placed on the ballot at the next election and the people who pay the taxes, do the fighting and furnish the sons who do the actual fighting and dying should decide. Do they want UMT

This bill, in its present form, is just another glorified WPA plan and was another attempt by an administration that has a yen to replace England with a colonial empire of its own.

If this administration remains in power and if UMT in its present form is ever passed, you will see yours sons sent to the four corners of the earth to protect the interests of nations that are mentally, morally and financially bankrupt.

These nations are so indifferent to their own country that they can't agree on a government; can't agree on a common defense; refuse to raise and equip an army to defend themselves; and refuse to join (in an active way) with the nation that is now taxing its own people to the very limit to support them.

Yes, my friends, UMT was not a fight between the Democrats and Republicans of America, but was and still is, a fight to draft your sons and mine, to carry out the promises made at Yalta, Teheran, Potsdam, etc., by a president now dead and gone. The sooner we forget both of them the better for all of us.

R. M. Hartman
(The Old Sarge)

A reporter had been sent into the hills to run down a resident who was supposed to be a supermarksman. All over the region, on trees, fences and walls were target bull's-eyes with holes in the dead center, as evidence of his uncanny skill. The reporter was surprised when the dead-shot turned out to be the village half-wit.

"You certainly are a sharpshooter," the reporter said. "How do you do it?"

"Easy as pie," answered the dimwitted rifleman. "I just shoot first and then draw the circle."

He Won't Be Missed

Eddie, the hardware store clerk, had made a name for himself as the most inefficient and discourteous salesman ever. The atmosphere, when he was absent one day, was like the tranquil beauty of summer weather after a thunderstorm. One regular customer remarked on the difference.

"Eddie ain't jus away for the day," said the proprietor, "he don't work here any more."

"Do you have anyone in mind for the vacancy," the customer asked.

"Nope," said the proprietor cheerfully, "Eddie didn't leave no vacancy."

Fashion Show At Hoge Heralds Easter Bunny's Style Arrival

Seiller's Easter Bunny is pictured above introducing the new Spring fashions in a preview of the style show to be given Thursday, Mar. 27, at Hoge Memorial Presbyterian Church. On the right of the bunny is Mrs. Charles Merriman in a Forstmann's poodle "Spencer" jacket with a matching gabardine sheer skirt. The color of the outfit is a sparkling new tangerine which has more rose in it than the older "orangey" tangerine. Mrs. Merriman chose black accessories to model with the slimming outfit.

On the far right is Mrs. Norman Edberg in a flee-worsted navy and white gabardine. Another new material, the flee-worsted, lends itself well to the two-color accessories chosen by Mrs. Edberg. Her shoes and bag are navy, her gloves and hat are white. The white straw bonnet is framed by navy velvet. (Martha Merriman posed for the bunny.)

Ruth Circle of Hoge Memorial Church will be entertained by a style show Thursday, Mar. 27, 1:30 p. m. in the church dining room. Mrs. J. Harold Willis, chairman of Ruth Circle, has appointed the following chairmen: Mrs. Harold Greene, chairman of the luncheon; Mrs. J. P. About The Hilltop

Erin Go Bragh. Monday, Mar. 17, was a typical St. Patrick's Day, bright and cold, but these lads' hearts were light and gay: Bill Gallagher, Bill Finneran, Mac McDonald, Dave Brown, Mel O'Grady, Joe Sheehan, Hugh McNulty, Bud Murphy and Tom Murnane as they marched in the annual St. Patrick's Day parade . . . In Passing

By ESTHER WEAKLEY

SINCE YESTERDAY

March—
How the wind blows on the hill!
Glad are the evergreens,
Gay is the willow, bursting to lavender bloom.
The goldfish released from ice-covered tomb
Swim, glinting in sunshine,
Hunting for green things
To consume by the pool's edge.
Since yesterday have the iris crowns risen,
The grasses grouped and the harebells
Thrown out their fronds.

Heard on t-v: "Our show next week will demonstrate how wrong triumphs over evil."

An Army nurse friend recently returned from a two-year stretch in Korea, sick of war and of the things it does to men. Before she left Ohio she had listened to a church radio broadcast each Sunday. The minister who conducted the service from his church made a point of inviting his listeners to attend his church — probably he still does. Last Sunday, my nurse friend did attend; now she doesn't listen to him any more. With the exception of an usher who asked her to "move over," nobody spoke to her. She left the church with a gentleman who sat beside her. He told her he had attended the church when he could for the past few years and that nobody had ever spoken to him. Where is the old-time minister who stood at the door and had time to talk a minute to each member—AND stranger—as they left? I remember a church . . . if you were a stranger to the minister and his flock when you entered the church, you didn't feel that you were one when you left. You left with a warm glow and you were glad you had been there. "These times" shouldn't change true religion and brotherhood, but apparently have.

It Takes All Kinds. He is one of the better kind, also. (The "bad" kind seems to be in the minority, I've noticed.) His correspondence is heavy and is a task, since, due to his physical condition, he is unable to sit; must either lie down or stand. He cannot walk without crutches. He writes regularly to anyone he thinks needs to know that somebody cares. He does care. His many dark hours of pain and discouragement have not made him bitter, far from it. He is to many a safety-valve; a leaning-post; a shoulder to cry on, and a true friend. He is above-average in intelligence, is cheerful without being maudlin, and his sense of humor is marvelous. I met him through my favorite shutin, to whom he has been most kind. He is Edgar H. Wilson, Editor of Benjamin Franklin Hospital's "Sanaire" for the past several years. The world needs his kind.

For the lady who called, requesting a poem suitable for framing to hang over the door of her new home, I recommend "A Prayer For This House" by Louis Untermeyer, or the words of the song, "Bless This House." Sorry, your phone number has been mislaid.

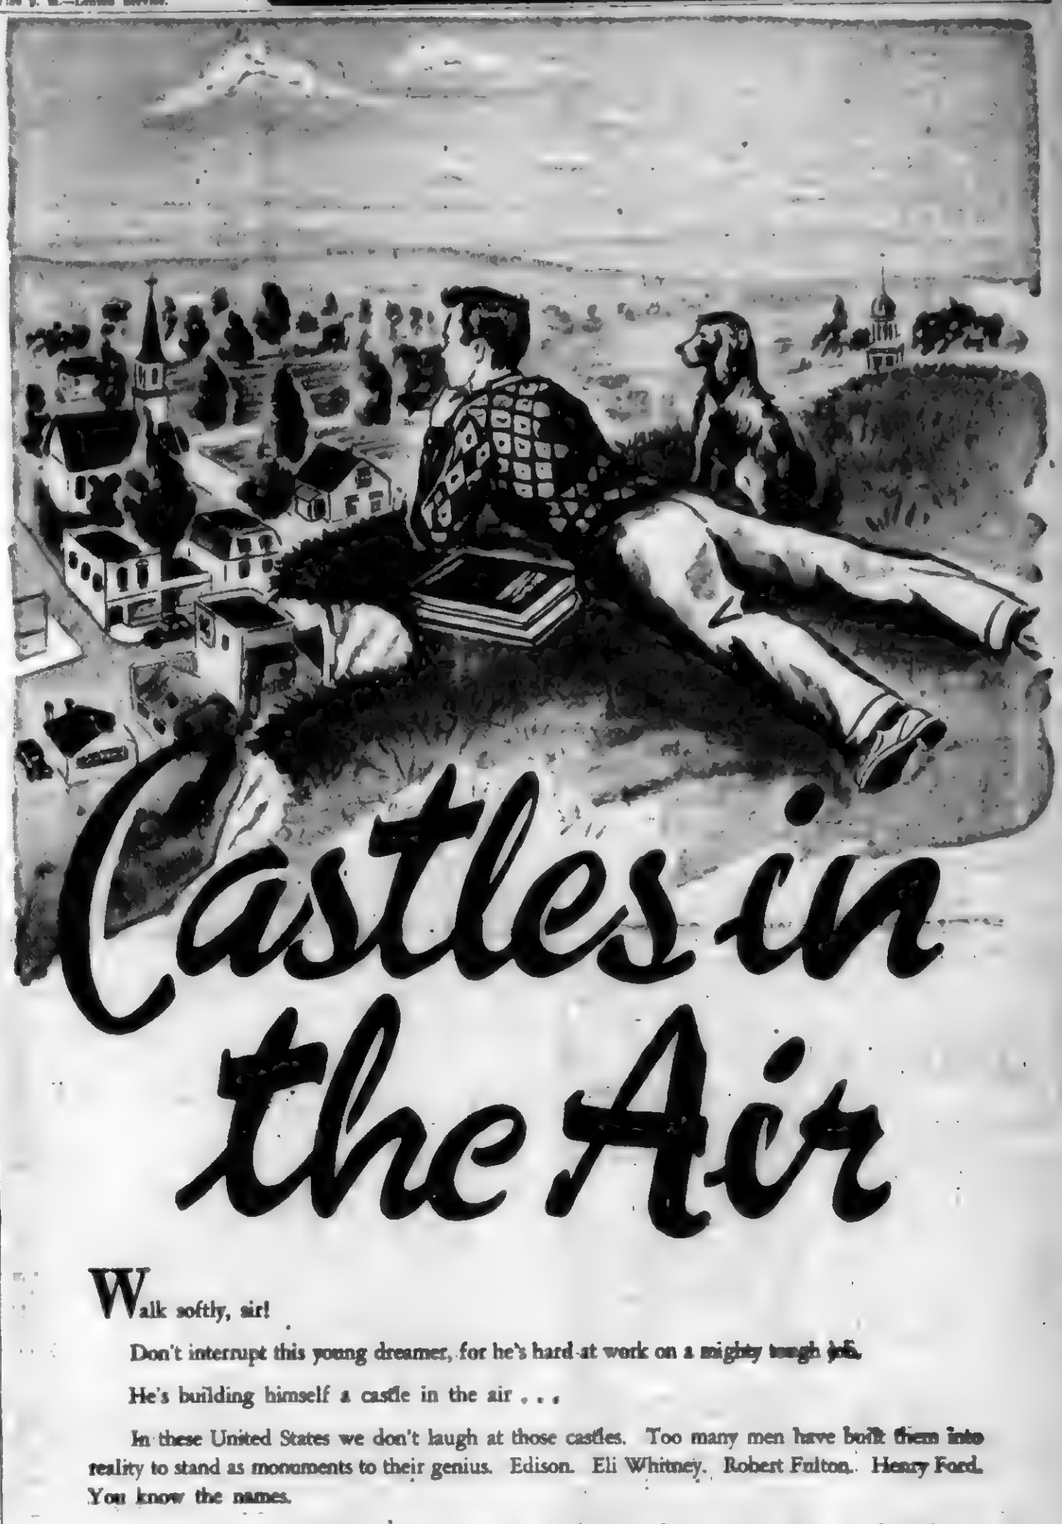
Bible Comment:

False Gods of Today Can Destroy Us as They Did Israelites

ALL through the Old Testament runs the story of the conflict between true worship and the worship of idols—the moral and intelligent worship of a Supreme Being and the superstitious bowing down to wood and stone.

Among the Hebrews, God was a growing and developing conception. Yet in the most distant times and to the dimmest perception, the worship of God was related to man's moral nature and spiritual welfare.

It was a boldly noble concept in which man dared to say that he was made in the image and likeness of God. That was intelligent faith and spiritual daring. It was man reasoning from all that was best in himself, and setting before himself in worship and devotion all that he wished to become.



Wherever men had this concept of God, no matter how dimly they perceived it, and even though their lives were marked by ignorance and sin, they were lifted toward something better.

Why were the people drawn to idolatry when their religious heritage ought to have kept them true? For precisely the same reason that people turn to false gods and false ways today. It was the line of least resistance.

It was the way to indulgence and immoral allurement. The heathen rites had licentious and sexually degrading aspects. When Israel turned to idolatry it was not only a forsaking of their religion but a moral descent.

What does all this mean in terms of today? The idols and images are different, but the allurements and the moral degradations are the same. Every newspaper, as its columns reflect the moral and religious life of our time, reveals how much of paganism is in our midst.

And it is true, as it was of old, that sin seeks out individuals and peoples. False gods and false worship can destroy us as surely as they destroyed of old, unless the good that is in us prevails over evil.

Castles in the Air

Walk softly, sir!

Don't interrupt this young dreamer, for he's hard at work on a mighty tough job.

He's building himself a castle in the air . . .

In these United States we don't laugh at those castles. Too many men have built them into reality to stand as monuments to their genius. Edison. Eli Whitney. Robert Fulton. Henry Ford. You know the names.

Of course, none of these castles "came easy." They took vision, planning, hard work, the ability to bounce back after failure and start all over again.

They took faith — real faith; the kind that our churches help to build. Faith that is first imparted in Sunday School, and further strengthened in church. Faith that becomes a part of the fibre of personal character.

Who knows what castle is being planned here by this young citizen? Yet we know that it will stick together if proper education forms the keystone of its arches, if perseverance forms its sidewalls, if faith forms its foundation.

Have you given your son or daughter the inspiration to establish this faith — *now* — through church?

Now faith is assurance of things hoped for, a conviction of things not seen. Heb. 11:1

JOE BRIGGS Says:
A man will sometimes devote all his life to the development of his wishbone.
Wishing won't restore your possessions after they've been stolen, lost or destroyed — but insurance will compensate for your loss. If your belongings are worth having, they're worth insuring. NOW is the time to protect what you own.

The program, in charge of Mrs. Paul Stillwell, consisted of a processional of troops, singing the "Hymn of Scouting," the Brownie and Girl Scout promises, and the singing of a spiritual, "All Night, All Day."

Church Urges Higher Standard For TV Program

In behalf of higher standards for television programs the Seventh-Day Adventist Church will feature TV in its Saturday forenoon service, Mar. 22, as a medium for religious and educational advancement.

The congregation will contribute a special offering toward the maintenance of the denomination's network telecast, "Faith for Today." The Seventh-Day Adventist Church began this TV program in New York Dec. 3, 1950.

"Religion cannot expect to hold its own in television without putting more into it than sermonizing," church leaders said in announcing the special program to be observed in all Seventh-Day Adventist Churches in North America.

NEW TYPEWRITERS ARRIVE
By Arvenia Tucker

Why were commercial classes so anxious to get to typing class Mar. 10? The reason was seven shiny new typewriters purchased this week. They are as follows: two Underwoods, two Royals, two Remingtons and one Smith Corona.

Students are still learning the combinations on these new typewriters and are very pleased with them. An electric typewriter is also on order.

The object in purchasing different makes of typewriters to replace worn out machines was so that students will be experienced in using all types which will help in succeeding in jobs later.

The Future Varsity was leading until the third quarter. The score was 34 to 34. Then with three straight buckets, the seniors took the lead and never relinquished it. The future varsity then sank five foul shots and one set shot, but this wasn't enough to beat the seniors.

John Gardella and George Miller led the scoring with 19 and 14 points respectively.

The freshmen beat the grade school team 32 to 25 on Mar. 7. The third game in the carnival was won by the 1947 alumni over the 1949 with a score of 52 to 29.

Anniversary Edition, A Keepsake

The 35th Anniversary Edition of The Hilltop Record which will be delivered to more than 15,000 homes on Sunday, Apr. 27, will be one of those editions that are kept for months and years. One of those types of newspapers that many persons after reading through its pages fold up and lay away as a keepsake.

The edition will be chockful of stories about Hilltop persons, events and happenings. Along this line many of our readers can help us make the edition the type they'd like it to be. If you know of interesting people who live in the community, of something unusual, of human interest stories, let us know, we'll make every attempt to get them into the anniversary edition. Time is short though and we urge you to let us know of these stories in sufficient time. Just call RA. 1125 and ask for the editorial department.

And another thing, those snapshot contest entries are starting to roll in. Have you made your entry yet? Better hurry, the deadline is Apr. 10.

Notes and Nobbins: A caravan of Hilltoppers will travel to Norwood on Sunday afternoon for an inspection tour of the new Norwood YMCA . . . Mrs. Julia Baizer writes from El Monte, California, to advise that she still keeps up with the Hilltop via the Record and to say that never in the history of the state has there been so much rain and high water. She enclosed a clipping from a newspaper showing autos with water up to the door handles . . . When the new arrival drops in at the Bucky Wertz home (Kitty Cline) Mr. and Mrs. Virgil Cline will be grandparents for the first time . . . Speaking of newcomers, we have one in our family, a new paper on the South Side, The South Side Leader, which makes its appearance today . . . The Don Smiths are vacationing down Mexico way . . . Mrs. Gail Reeder calls to advise that she doesn't like handbills thrown on her porch, and we think she has a good complaint . . . Frank Sexton writes that he recently wrestled in France, Belgium and England all in one week, then back to Paris on a Monday, Antwerp on Tuesday and back to Johannesburg, S. Africa, for a Saturday match. Wonder what he did in his spare time . . . Rumor has it that the Val-U House golfers have reached mid-season form and are ready for all comers . . . A Hilliards resident claims he often gets mail from Ft. Myers, Fla., in less time than it takes for a letter to go from Columbus to Hilliards or vice versa.

Objections Will Delay Road Construction

Thirteen persons objected at a hearing before county commissioners Tuesday over the amount of damages which the county is offering for right-of-way to widen Wilson-rd from Broad-st to Trabue-rd to two 12-foot lanes. County Engineer Guy Elbin had hoped to let the contract Apr. 22 for the improvement which is the first of a series of county roads which are to be feeder routes for the new expressway system.

A huge ash tree with a diameter of 30 inches located on the property of Ellis W. Jones, 745 Wilson-rd, was among the items in the right-of-way disputes. Jones wants $1000 for the tree while the county has offered him $100.

Dedication Of The New Warren Ave. Nazarene Church Is To Be Held This Sunday Afternoon

Dr. G. B. Williamson

Rev. H. B. Anthony

Dedication of the Warren Avenue Church of the Nazarene, 960 S. Warren-av, will take place Sunday afternoon, Mar. 30, at 3 o'clock. The dedicatory address will be given by Dr. G. B. Williamson of Kansas City, Mo., general superintendent of the Church of the Nazarene. Curtis Brown of Canton, song evangelist, will be in charge of the music. Rev. Harris B. Anthony, pastor of the church for the past 14 years, extends a cordial invitation to everyone to attend this service.

Ground was broken for the construction of this building on May 29, 1950, and the cornerstone laid Nov. 26, 1950. Ralph R. Orr was the architect for this church building, which fronts 95 feet on S. Warren-av and 105 feet on Whitehead-rd. According to Mr. Orr, it has a seating capacity of approximately 1400.

The style of the building is modified English Gothic. The plan of the church is Cruciform in and has a complete ground or basement floor, first floor and balcony, with a tower located on the southwest corner. The exterior of the building is made from native Columbus limestone, with Indiana limestone trim. The roof is Bangor slate. The main outside steps and stoop are Indiana limestone, with a concrete base. All doors are white oak.

The nave, chancel and balcony windows are set in Indiana limestone frames. All other windows are heavy awning type aluminum. The window sills are stone on the outside and marble on the inside. The nave, narthex, chancel and balcony windows are made from antique stained glass. The glass in the large, triple chancel and balcony windows was obtained from Germany, France, England and the United States, and is worked out in an artistic manner.

Th foundation is solid poured concrete. All footers are concrete, reinforced with steel. All stairways from the first floor level to the basement level are lined with glazed tile.

Eakin-rd Plant Damaged By Fire

Fire damage of more than $2,000 was estimated by Franklin-twp Fire Chief James Moffitt, Tuesday following a blaze at the Midwest Machine Co., 2132 Eakin-rd, Monday night. Thirty Briggsdale and Franklin-twp volunteer firemen battled the flames which originated in an oil-vat.

The flash fire buckled part of a 40-foot aluminum roof, but was quickly brought under control by firemen despite its fierce intensity.

The Midwest firm hardens metal links for army tank tracks in a 350 gallon vat of boiling oil. A night operator, Louis Weygandt, Grove City, was treating links in the vat when the oil reached its kindling point of 600 degrees. He said the oil exploded into an upward draft of flame through the exhaust fan vent near the roof.

Organizations Urge Closing Good Friday

A program for the observance of Good Friday by all business firms in the Hilltop area has received the approval of Hilltop Kiwanis Club, Hilltop Business Association and Hilltop Ministerial Association, according to announcement made earlier this week.

The plan calls for all business in the area to close for a three hour period from 12 to 3 p. m. on Good Friday in order that employes of the different firms be enabled to properly observe the day by church attendance.

Window posters are now being placed in all Hilltop business windows urging the observance of Good Friday and the closing hours.

New Association Will Screen Zone Changes

Zoning procedures in this area and a future course to pursue in giving support to individuals for change of zoning was the chief topic of discussion before the West Franklin County Civic Association, Inc., Tuesday evening in a four hour long session.

Pointing out that the zoning boards would appreciate any aid that could be given by the association, President Delmar Kunz urged the assembly to adopt a set pattern of procedure in all zoning cases which would come before the group.

Result of the meeting was a definite policy being adopted wherein those seeking zoning changes would confer with civic organizations in the immediate area, with the local civic groups in turn bringing all facts in the case before the West Franklin Association for approval or disapproval. Findings of the association would then be transmitted to the Franklin County Zoning Board, thereby giving that group a true sounding on the wishes of the community toward any rezoning requests.

Other action by the association Tuesday night saw the association refer to its legislative committee a proposal that would "put teeth into present zoning laws and regulations."

A review was made on recent zoning change requests and recommendations forwarded to the individuals and the zoning board.

Injured Man In Wrecked Car Two Hours

When the driver became blinded by the lights of an approaching car on Scioto-Darby Creek-rd near Hilliards early Saturday, his auto flipped over a three foot embankment, according to patrolmen.

Fred W. Congrove, 46, Plain City, O., lay bleeding in his auto for more than two hours after he suffered a severe cut under the right arm when his car went out of control. Using a flashlight he finally flagged down an unidentified motorist who took him to his home in Plain City from where he was taken to University Hospital.

Camp Chase Civic Association Sets April 15 Meeting

Announcement was made this week by the Camp Chase Civic Association that the regular quarterly meeting of that organization will be held on Tuesday, Apr. 15 at 8 p. m. in Franklin-twp Hall.

A speaker, as yet unannounced, will address the gathering on current community improvements in the area.

Installation of all newly elected officers will also be made at the Apr. 15 meeting, according to Carl Popp, president.

Farm Bureau Subsidiary Buys Westfield Tracts

Announcement was made this week of the purchase of a 1200 acre tract of land on W. Broad-st near the new Westinghouse plant by the Peoples Development Co., a subsidiary of the Farm Bureau Insurance Companies. The land was purchased from the Westfield Corp. of the John W. Galbreath Co. for the sum of $1,000,000.

Vice President Carl Frye, of the Peoples Development Co., said that the property lies on both sides of W. Broad-st and adjoins the Westinghouse and General Motors Ternstedt plants.

Sale of the lands to the new development firm will not affect the development which was proposed by the Westfield Corp., according to Frye. He said that John W. Galbreath & Co. will proceed with the development of a modern community of nearly 3500 moderately priced homes and apartment dwellings, a 40-acre shopping center, churches, schools and playgrounds.

This new Hilltop venture by the People's Development Co. is the first large one undertaken by that firm. Set up by the Farm Bureau companies in 1947, its largest previous development was a 34-house residential development at Bellevue, O.

Dr. L. O. Linville Fatally Stricken At His Residence

Dr. L. O. Linville

Death last week removed from the Hilltop scene another of the professional men who for years had lived in this community and practiced their profession solely in this area. Dr. L. O. Linville, 82, for 45 years a resident of this community, was stricken at his home, 325 Eldon-av, Mar. 2, with cerebral hemorrhage and died last Thursday.

Dr. Linville was born in Champaign County, Oct. 29, 1869, near Cable, O. He first came to Columbus nearly 60 years ago and for many years was associated with the White-Haines Optical Co., before beginning business for himself. In August, 1949, he retired from active practice at his offices, 2436 W. Broad-st.

He was a member of West Gate Lodge, F & AM, Hilltop Business Association, American Optometric Association and Hoge Memorial Presbyterian Church.

Surviving are his wife, Mrs. Alice H. Linville; a son, Raymond L. Linville, 325 S. Roys-av, and a daughter, Mrs. Arthur Wollerman, 387 Demorest-rd; a sister, Mrs. H. C. Stokes of Oakland, Calif., four grandchildren and two great-grandchildren.

Funeral services were held for the well known optometrist at the Jerry Spears Funeral Home on Saturday at 3 p. m., with interment made in Green Lawn Cemetery. Rev. A. J. Wold officiated at the funeral rites.

R. L. Woods, personnell director of the Ternstedt Division of General Motors plant on W. Broad-st is to be the principal speaker at the regular Thursday noonday luncheon meeting of the Hilltop Kiwanis Club.

Jim Cooper is to be the chairman for the day.

13 Club Announces Stag Picnic Date

Announcement was made this week that the 13 Club will hold its annual stag picnic this year again at Beulah Park. Date for the event has been set for Sunday, June 22.

No chairman has as yet been named for the picnic, but it is expected that one will be named next week.

Auto License Deadline Is Growing Near

Lines are getting longer every day at the Westgate Electric Co., 2655 W. Broad-st, where the Hilltop Kiwanis Club is "busy as the proverbial beaver" these days issuing those little blue windshield stickers, in lieu of 1952 auto license plates.

Apr. 1 is the deadline, according to Don Rice, chairman of the local Kiwanis Club committee, and beyond that date the motorist without a windshield sticker is on his own.

In order to accommodate those many who wait until the last minute, Rice said that his store will remain open until 9 p. m. each day until Apr. 1. He also said that the Kiwanis sale of license stickers is above that of last year at this time.

Racine-av Woman Suffers Burns

Mrs. Anna Drake, 47, 666 Racine-av, was treated for burns at Mt. Carmel Hospital Tuesday after she had fled her burning home. Mrs. Drake told Battalion Chief C. F. Garrett that she was ironing in the basement and first thought the smoke which she smelled was an overheated iron. She went to the top of the stairs to find the back porch in flames. She rushed six feet through the fire to the back door.

The flames spread in a small hallway leading to the kitchen from the basement. The entire home was damaged by dense smoke and damage to the building was estimated by Chief Garrett at $1500, items destroyed on the back porch are expected to account for a $250 damage.

Firemen were summoned by Mrs. Rose Calvert, Mrs. Drake's sister who resides next door. Clinton Drake, a carpenter, was at work.

Child Care Problem Is Easily Solved By Classified Ad

The major problem for working mothers is finding someone to care for their children. Mrs. P. E. McFadden, 194 Brehl-av, knew the easy way to solve her problem.

She inserted the following ad in both The West Side News and The Hilltop Record:

WOMAN, preferably middle-aged, to care for 7 year old boy from 3 to 7 p. m. daily. Some light housework. RA. 4625.

Mrs. McFadden reported that she received more than 50 calls in response to her ad.

If you have a similar problem, or if you are looking for help with spring housecleaning, let a little want ad do the looking for you. Call The Hilltop Record and The West Side News—RA. 1125.

Ground Is Broken For New Hoge Memorial Presbyterian Church

Ground breaking ceremony for the new Hoge Memorial Presbyterian Church was held last Sunday afternoon at 3:30 p. m. at the site of the new church edifice across from West Gate Temple.

Members of the congregation are pictured as they watched the initial turning of the first spadeful of earth for construction of the new church. In the photo left to right are Rev. A. J. Wold, pastor; W. Haydn Jones, chairman of the board of trustees; J. P. Merriman, Herbert G. Deeres, with shovel; K. B. Neff, chairman of the building committee; W. W. Wylie and George Terbutton.

The new church which is to be of semi-Gothic architecture, will provide seating for more than 800 persons. Construction is counted to start within the next 60 days.

The Cross In Lent

The shadow of the cross lengthens and its outline becomes sharper as we move into the last days of Lent. Ever since Jesus set His face steadfastly to go to Jerusalem, the cross has loomed larger and larger upon the horizon. For men in their sin would not accept the Son of God and would not listen to his message of God's love. In their sin they chose the cross to be rid of Him, but God used that cross and changed it from a symbol of death and defeat into a symbol of life and victory.

The central meaning of the Christian Faith is found here in the Lenten cross—where men at their worst meet God at His best—man's sin meeting God's love with the result that forgiveness and salvation become possible for sinful humanity.

Let us look to the cross, for we see here three things all important for our salvation. We see what sin did, and what it can do now. We see what God was—and what He is now, and we see what man should be, and what with Christ's help he can become.

By Norman L. Schreiber
Pastor of the Westgate Methodist Church

These Lenten Days

The Christian world will soon again be paying regard to the fact of the glorious resurrection of our Lord. It would be well if we were as conscious of the price He paid for the promise of life to the race. The open tomb was made possible by the rugged cross. But the cross was the interlude between the battle in Gethsemane and the victory on the first day of the week following. It was "in the garden" that the Man of Sorrows fought out alone the problem of our redemption.

It was in Gethsemane that Jesus became the perfected, princely Leader of the new creation. It gave us the open tomb, emblem of the destruction of the last of all enemies. Today with complaints, lukewarmness and backsliding to be met on every hand, we need to look toward Gethsemane. If ever people are to be perfected it will be through suffering. If ever we are to reign with Him we shall reach the throne only by way of individual Gethsemanes.

Let us in these special days of remembrance, go into the garden with Him. Let us tarry there and share with Him that victorious midnight of passion. Such an experience will rid us of the germ of selfishness, worldliness and sense of defeat and lead us to a crowned Calvary and an open tomb.

Lowell Shroyer Funeral Director For 25 Years, Bowling Enthusiast

Lowell W. Shroyer

Lowell W. Shroyer, owner-manager of the Shroyer Funeral Homes at 1278 and 2553 W. Broad-st, has been with the business for the entire 25 years of its existence. Even before his graduation from West High School in 1931 he was helping out after school. The funeral homes were both established by his father, the late Wylie S. Shroyer. Lowell graduated from the Cleveland College of Embalming and is licensed as both a funeral director and embalmer.

He is serving this year as a director of the West Side Board of Trade and is also a member of the Hilltop Business Association. In addition he holds memberships in West Gate Lodge, F&AM, Scottish Rite, Menterwood Lodge, K of P, and the Hilltop Kiwanis Club. He is also a member of the national, state and local funeral directors' associations.

Lowell's favorite sport is bowling. Four of the teams in the Old Trail Commercial League are sponsored by him. Until very recently he bowled on one of the teams himself and served as president of the league during the early part of this year. He was forced to drop out on doctor's orders and therefore resigned the presidency. His other sports include hunting and fishing.

His wife is the former Evelyn Graham. They have two daughters, Shirley and Marilyn, and attend West Park Methodist Church.

West Operates Only School Greenhouse

West is the only school in Columbus with a greenhouse. The greenhouse is under the supervision of Miss Baker with Mr. Reed, Mr. Branson, and Mr. Pierce helping out from time to time. Teddy Calvert, Dave Brophy, and Don Bauman are the student assistants to Miss Baker.

The greenhouse is not a new addition to West. It was used during the war to raise thousands of tomato plants for students' victory gardens. The greenhouse facilities, available to both junior and senior high, are used to raise corn, beans, and other vegetables for class study.

Mr. Trabue of the Hilltop Aquarium, donated many water plants for the greenhouse water tanks. Some of these plants include red water lilies, water poppies, umbrella plants, water hyacinths, a water taro, and yellow cannas.

Besides the water plants, there are six small palms, two small grapefruit plants, and a dozen ferns. The ferns, donated by Yost Greenhouse, are used as stage decorations for graduations. Dirt for the plants was donated by Hilltop Florist.

Because of heating difficulties, many plants were ruined, but now with a new gas heater, Miss Baker is replenishing the stock with new greenhouse plants.

National Boys' Club Week

The Boys' Club of Columbus joins 350 other clubs from Maine to California affiliated with the Boys' Clubs of America in observance of national Boys' Club Week. Attention is focused to the leaders of youth who give unselfishly of their time and energies in leading with the problems of youth.

Boys' Clubs are usually located in the lower income areas of cities and attract boys for the most part from this type of families. The Boys' Club of Columbus is located at 115 South Gift-st in what was formerly the old West Market House. The building was remodeled to offer the West Side youngsters an opportunity of a maximum amount of activity in a clean environment. After three years of operation some 700 boys take advantage of a program geared for them.

They are given an opportunity to play in the gymnasium in various athletic leagues; work in the shop developing hobbies or avocations which may lead to lifetime vocations; learn how to play musical instruments; learn to sing; learn the operation of radio and crystal sets; or play in general games room activities.

The program is based upon the natural interests of boys. Whatever a boy wants to do, he does it — under good supervision in a good environment. This is the best shot in the arm for preventing boys from becoming delinquent and by the same token building boys into good citizenship. This is the story of the growth of the Boys' Club of Columbus.

Spring Clean-Up Makes Fire Safe Communities

More communities every year are observing spring clean-up because they know it will result in less fires and a reduction in the loss of lives and property. To date, many communities have made spring cleaning an annual institution and it should be in every town.

Harry J. Callan, Ohio State Fire Marshal, has this to say in reference to clean-up week. "The great majority of home fires start in the basement, so if you clean your basement first you will be taking a step in the right direction in the prevention of home fires." Let us not forget the rest of the house, but go through the house from the basement to the attic and dispose of all those old relics we intended to get rid of but never got around to.

O. A. Heiser, General Chairman of the Ohio Fire Safety Committee, adds, "Let us all put our shoulders to the wheel this spring and get rid of our fire and health hazards by checking our wiring, our furnaces, cleaning our vacant lots of rubbish, trash and old furniture. Not only are these conditions eye sores, but because they breed mosquitos, flies, rats and other vermin, and are a health menace."

A clean town results in a brighter, safer community, so let's CLEAN UP BEFORE WE ARE CLEANED OUT BY FIRE.

Ticklers — By George

"That's my pop! Always a gentleman!"

Bobby came to school with a bag of candy and passed the candy proudly around to his school chums. He even treated his teacher.

"What is the occasion for all this?" the teacher asked kindly. "Is it your birthday?"

"No," he said, "I became a brother last night."

The young city couple had purchased a lot of land in the picturesque Ozarks and engaged a local carpenter to build their cottage. Later when they called to see how he was doing, the hillbilly carpenter met them and angrily exclaimed: "The blueprints was done by a crazy man. Why, if I was to build the house the way it is laid out, you'd have two bath rooms!"

Glenwood Recreation Center

By Pat Martindale

Don Reister, Glenwood Recreation Center director, and three boys from Glenwood appeared on Bud Sweeney's radio program on Mar. 19 regarding their interest in the programs at the center. The boys were Dale Seibert, Paul Wilson and Floyd Love.

Plans are being made for the spring program at Glenwood. Included in the program will be plans for the center baseball team and softball teams for both girls and boys. Announcement of other activities that will lead into the summer program will be made at a later date.

The center's foul shooting finals are to be complete by the end of this week. Winners in each division will enter the city tourney which is to be held at Beatty Center Mar. 29.

Volleyball and badminton are coming into the foreground in the center program. Leagues are being organized and entries are invited.

The ping-pong ladder tournament play-off will be held at the center, beginning Mar. 31.

Two Teen Clubs have been organized at the center. Guys and Gals Club and Central Club are planning social events and at present are challenging each other to a volleyball game.

These clubs have representatives in the city-wide Teen Club organization. Additional Teen Clubs will be organized at Glenwood and those interested can find a club to fit their taste.

Camp Chase Cage Team In Surprise Victory Over Fergusons Auditors 47-34

This Camp Chase Post basketball team has something to be happy about after defeating Ferguson State Auditors 47-34. They now go to the semi-finals in the Columbus Knothole Tournament. Top row, left to right: Jack Taylor, Bill Massie, Bill Voss, and Bob Shivers. Bottom row, left to right: Ted Johnson, Jerry Johnson, and Russell Friend. Don Mers was not present when the picture was taken.

This Camp Chase Post intermediate basketball team goes into the semi-finals at Schiller Recreation Center Saturday. Two more wins will give them the Columbus Knothole Championship. Around the circle, left to right: Norm Cattery, Bill Adams, Jerry Carson, Dave Bales, Ted Dash, Fred Worsh, Ronnie Klein, Jim Cobb, and Sy Thimmes. Center is Dick Sensenbrenner, coach.

The thin clads of Camp Chase Post No. 98, American Legion were surprise victors over Ferguson State Auditors in the Columbus Knothole Tournament last Saturday. The victory sends the Camp Chase team to the semi-finals in the senior division of the Knothole tournament. Camp Chase's Intermediate team has also reached the same point in tournament play.

This is the first year the local Legion post has sponsored boys' basketball teams and did so at the boys' request.

With each team having only two games remaining it is possible for the Hilltop to hold the Knothole Championships in both the intermediate and senior divisions. The intermediate division is made up of 14 and 15 year old boys while the senior division takes in boys 16, 17 and 18 years old.

Both Camp Chase teams had only so-so records during the regular season play in the City Recreation Department League at Glenwood Shelter House.

The Knothole Tournament draws teams from all over central Ohio. Teams from Newark and Zanesville have entered the tournament.

Early in the tournament the Newark and Ferguson State Auditors teams were favored in the senior division. Newark is still undefeated. One loss knocks a team out of the tournament play.

Camp Chase's Intermediate team drew the pre-tournament favorite, Columbus Boys' Club for their first game. They were able to edge out the Boys' Club, 22-21, by using the now famous 'deep freeze.' They continued in their wins and will meet the Beatty Center team at Schiller Park next Saturday at 3:00 p. m. in the semi-finals. The senior team has a bye this Saturday.

In last Saturday's thriller the Camp Chase seniors jumped out to an early lead. With but four minutes gone in the first quarter they led over the Ferguson team 10-1. The quarter ended with Camp Chase in front 12-5. They were able to increase their lead to 12 points at the half.

During the third quarter the Ferguson team held Camp Chase to only four points while scoring 16 points themselves to tie the score 29-29 at the end of the third quarter.

The Camp Chase five broke loose in the last quarter with 18 points while holding their opponents to only five points to rack up a high spirited win.

SPORTSLANTS

By Woody Owens

The West High School baseball squad under the guidance of Head Coach George Williams, is slowly rounding into playing condition for its opening encounter of the season Friday, Apr. 4, against the defending City League and District champions, the Linden-McKinley Panthers.

Due to inclement weather, all of the practice sessions to date have been held indoors with about 45 prospective players working out.

Only three lettermen are holdovers from the 1951 team, namely Herb Brown, outfielder, Ed Glebe, outfielder and first baseman, and Ken Garber, catcher, but the Cowboys hopes are brightened greatly with the many fine prospects on hand.

Outstanding among those is Jim Vincent, a Junior High School choice last year, and according to all reports should develop into the finest shortstop to wear a local uniform in many years.

Other good prospects are, catchers: Chester and Weaver;; pitchers, Williams,, Hare, Taylor, Lederer, Davis and Thornton; infielders, Bowman, D. Hutchinson, J. Hutchinson, Galloway, Orr, Hughes and Zavatasky;; outfielders, Murray and Cobb.

The City League schedule for West follows:

Apr. 4, at Linden.
Apr. 7—Central.
Apr. 10—At North
Apr. 15—Aquinas.
Apr. 22—At South.
Apr. 25—At East.
Apr. 28—Linden.
May 6—At Central.
May 9—North.
May 13—At Aquinas.

By Paul Thompson

Mr. Haller, track coach, has had a jumping pit and a long gravel track made on the playground at Starling. The jumping pit is made of sand and is about 18 feet long. The gravel track is about 184 yards long. These improvements should aid Starling's track team very much. We have high hopes for the track team this year.

(Continued from Page 1)

Floor construction of the first floor is flexicore, with two and one-half inches of concrete over same, and paved with mastic tile. Ceiling construction is open timber work and all exposed woodwork is oak. All finish hardware, church lanterns and outside lights are of solid bronze. Church furniture in the nave, chancel and balcony is white oak.

Heating for this building is gas-fired, hot water, with radiant heat in the basement and hot water convectors upstairs.

The basement of the church contains an assembly room, 16 Sunday School class rooms, church office, baptistry, heater and storage space, also rest rooms. On the first floor is located the nave, chancel, narthex, five Sunday School class rooms nursery, pastor's study, secretary's office and organ chamber, with a balcony over the narthex. A narthex screen is installed between the nave and the narthex.

Wide aisles are located between the nave and the side rooms, these aisles and the nave being separated by large Indiana limestone columns. These columns support a clear story, in which is located windows over the top of the side rooms that light the church from the north and south. A wide passage is provided from the narthex doors direct to the chancel.

The worship part of this building is designed in such a manner that it should improve in appearance with age, and will require a very small amount of upkeep. All plaster is done in a beautiful Spanish texture.

An up-to-date sound system has been installed throughout the building, with a belfry broadcasting system in the tower.

The building committee for the construction of this edifice consisted of Rev. Harris B. Anthony, chairman, John E. Glass, I. W. Holmes, Harold E. Harris, Harry P. King and John S. Manley, secretary.

Tragedy Narrowly Averted On N. Hague-av

Had the accident pictured above happened just 15 minutes earlier Monday morning at 670 N. Hague-av it would have spelled tragedy in several Hilltop homes. Just 15 minutes before this truck driven by Robert Ochs, 604 S. Ogden-av, left the roadway and crashed into the concrete block culvert neighbors reported that at least eight school children were standing on the exact spot awaiting a school bus.

Ed. O. Johnson, former Franklin-twp trustee, in front of whose home the accident occurred, pointed out that the identical spot has been the scene of numerous other accidents in the past few months. Johnson attributed the accident to a slight dip in the roadway just south of the accident. Ochs, driver of the truck and his passenger, William Clark, Jr., 1970 Brentnell-av, blamed a broken tie-rod for the accident. Neither was injured in the crash.

BOY SCOUT NEWS

Troop and Post 172, Boy Scouts and Explorers, were presented their charters at Hoge Memorial Presbyterian Church by Jack Sensenbrenner. A group of about 50 parents and friends were guests of the committee, who also received their cards of office.

C. D. McGarry, Boy Scout field executive in the Southwest District, gave the charge to the boys and parents. "This is the first generation of boys in America, said McGarry, who know for a certainty that they will go into some form of military service. Therefore, the training in taking care of himself which the boy receives in this Boy Scout troop had added value and significance. It is important and necessary that the parents of the boys take a greater interest and more active part in the Boy Scout training and activity."

Special praise and thanks were given to Law Carsell, scoutmaster, who built up the membership of Troop 172. The two assistant scoutmasters, Ted Biddison and Phil Redick, put on an impressive Indian ceremony honoring Tom Maish and Allen Daniels, winner and runner-up in the past three months Scout Achievement contest. Jim Whitt received his second class rank and Joe Harper his tenderfoot rank during the same ceremony.

The program ended with refreshments served by the committee.

"A child learns to see just as he learns to talk, crawl or walk," according to Dr. Marguerite Eberl, Milwaukee, Wisconsin, optometrist.

Color-blindness is seven times as common among men as among women, according to the American Optometric Association.

By Stella Eberhard

Leon Boucher, Hilliards High School agriculture teacher, just returned from his most interesting trip to supervision and teacher trainer conference. Leon Boucher was selected as chairman of the supervisors of agricultural teacher training and will serve for one year. Thirteen states in the central region were represented.

Some of the outstanding items of the program were: The National Grange master, Herscheall Newsom, gave an address, and Dean L. Rummel of Ohio gave a talk on public relations.

Three banquets were given, one by General Motors in the Crystal Ballroom of the Blackstone Hotel. Sears and Roebuck gave another banquet at the Congress Hotel, with a floor show following. OUTSTANDING SCIENCE DISPLAYS MADE
By Joy Travis

Nine chemistry students of Hilliards High School have entered the Science Day Exhibit to be held at the University School at Ohio State University, Apr. 5, sponsored by the Central Ohio Junior Academy of Science and the Ohio State University.

Clarence Hune, science teacher at Hilliards, is a member of the Science Teachers Group, which is helping to sponsor this program. They meet the last Tuesday of every month on the campus.

All entries must be of a scientific nature. John Eiterman and Alvin Eiterman have entered in the field of aeronautics. They have entered two displays. The first is a model airplane with a nine-foot wing span. It has a gasoline motor which goes 50 miles per hour. The second entry is a real jet model airplane which has a speed of 160 miles per hour. It sounds like a tank coming.

Jim Lamb's exhibit is in the field of automotive mechanics. He has made a wood model of a cylinder with the pistons and valves for an automobile. Jessie Porter and Dave Leppert are exhibiting in the field of chemistry. Jessie Porter has made a model Dewar condenser. Dave Leppert has made a model of an atom functioning.

Jay Kaltenback and George Miller planned their exhibit in the field of agriculture. They have tested soil to find its chemical content and acidity in order to see what crops could best be raised and the fertilizer needed for them.

Nancy Geihl and Bettye Grooms have their exhibit in the field of consumer science. They are testing lipstick and lotions for the hands and face to find the acids and alkaline content.

All entries must be in by Mar. 28. The exhibit itself is on Apr. 5. All entries will be judged as superior, excellent, good, or satisfactory. Each student will receive a certificate with his rating on it.

OTTERBEIN ENTERTAINS
By Kenney Upperman

Mar. 19 Hilliards High School had an assembly. The speaker was Professor Lee Shackston of Otterbein, also a former music instructor at Hilliards High School from 1933 through 1936. The first thing on the program was a trombone trio which played "Fancy Free" by Shaffer. The trio consisted of Joyce Bowman, Bernard Clark and Tom Buchaman, accompanied by Marilyn Wallington on the piano.

The second part of the program was a talk on college in general and four reasons why qualified people should go to college. The first reason was that life is more complicated now and they need better education and equipment to succeed. Second reason was that college helps one to prepare for life as well as to prepare to make a living. Third reason: Young people have a debt to pay to the next generation to provide better opportunities for them. Fourth reason: To fill the vacancies in necessary jobs such as teachers, scientists and other special jobs.

He said that college is primarily for better than average students. He also invited the seniors to visit the campus to find out what Otterbein offers.

The third part of the program was the "Three Modernairs," in a trumpet trio. They were Paul Smith, Bob Laib and Louie Driever, accompanied by Marilyn Wallington at the piano.

Green Weed Boys To Entertain At Kiwanis Annual Nut Festival

"The Green Weed Boys" pictured above are to be featured entertainers at the annual Hilltop Kiwanis Club Nut Festival which is scheduled to be held at Hilliards High School on April 3, beginning at 6:45 p. m. The boys, Owen Ervin, David Werner and Robert Thompson will also be guests on Sinclair Oil Company's Amateur Show which is televised over WLW-C Sunday, Mar. 30, at 2 p. m.

COLLEGES SEND REPRESENTATIVES
By L. W. Beiers

Mr. Wills, a representative from Wilmington College, briefed the seniors on what type of subjects are taught there and what requirements have to be met at Wilmington.

West Hi Notes
By Shirley Dunham

The annual Band Variety Show is only a few days away, now. The show will take place Mar. 27 and 28, on Friday and Saturday nights. This year's show is expected to be a most enjoyable one. The participants have worked hard for several weeks to give an entertaining program.

• • •

Two mock political conventions, a Republican and a Democrat, will be held at Capital University, Mar. 22 and 29. Any school in Franklin County is eligible to send a delegation. The various schools represent particular states in accordance with the number of delegates the school is able to send to the conventions. West High is sending 35 delegates to each convention. The 704 West High students will represent the state of Pennsylvania which has 53 votes.

• • •

Ruth Garn, Bill Haire, Ronald Grant, Jerry Ruffner and Audrey Smith represented Mr. Stone's 11A Chemistry class on WBNS-TV Friday, Mar. 14, at 10:15. A television set was put on stage for the occasion, and the first period study hall pupils were the lucky ones to be on the receiving end of the show. This program was designed to demonstrate the necessity for using safety methods in the home.

• • •

A stirring skit was presented by the 12B dramatics class Mar. 14 to both Junior and Senior High School. It was just a nightmare but it can happen to you if just once you let that piece of paper fall to the floor. This skit was presented to West High students to encourage them to pick up all the paper they see lying in the halls. Participants of the show were Carolyn Dobbs, Jerry Trabue, a jury, bailiff, witnesses, judge, and others.

Girls Receive Recognition At Y-Teen Tea

A large number of West High girls were among those honored at a tea Sunday at the YWCA, Columbus Y-Teens climaxed a month of special emphasis on public service work Sunday, Mar 23 at their Links Recognition Tea in the Green Lounge of the YWCA. Chet Long of WBNS, an honorary Y-Teen, presented the awards to over 100 girls who have given a total of more than 1000 hours of volunteer service work in the past month.

The annual Y-Teen Links project gives its members an opportunity to link themselves to new friends, to new ideas and to their community. During the month of Feb 26 to Mar 22, these girls have at least 10 hours each of volunteer service, after school or on Saturdays or Sundays. They have done clerical work of all types, have served as nurses aides in hospitals, helpers in nurseries, and assistants at settlement houses.

West High Y-Teens who are taking part in the Links project are:

Geraldine Hosler, Nancy Parks, Margery Davis, Betty Ellingsworth, Ann Pringle, Ruth Garn, Luanne Hartley, Shirley Burkhead, Nancy Lee Bradshaw, Joyce Johnson, Pat Henry, and Catherine Hostelter.

Julia Morgan, Barbara Williams, Patty Staten, Phyllis Crooper, Mary Valentine, Frances Wright, Rosemary Osmad, Janice Durfey, Katherine Thomas, Marilyn Purkey, Emilie Halvorson, Judy Banner, Irene Curl, Mary Amos, Madelyn Miller, Randie Butler, Phyllis McElwee, Thelma Mugrage, and Edith Clay.

The 20 cooperating agencies have high praise for the Links project, and look forward each year to this special month of service. Public service is a year-round Y-Teen activity but each year in the spring, Links gives it special emphasis, giving the agencies badly-needed volunteer workers and giving the girls an opportunity for real service. This is the seventh year the Links project has been in operation.

Westgate Methodist Scene Of Cochran-Rudy Nuptials Mar. 9

Mrs. Richard Lee Rudy

Westgate Methodist Church was decorated with baskets of white gladiolas, snapdragons, calla lillies and tulips, against a back ground of greenery and candles for the afternoon wedding of Miss Glenna Jean Cochran, daughter of Mr and Mrs. Walter J. Cochran, 742 Binns-blvd, and Dr. Richard Lee Rudy, son of Mr. and Mrs. L. W. Rudy, Pleasant Hill, O., on Mar. 9.

Rev N. L. Schreiber officiated at the ceremony which was preceded by music presented by Denver Young, organist, and Charles Hoover, soloist.

The bride wore an original design gown of billowing nylon tulle and chantilly lace over skinner satin all in ice-blue. The gown was designed with a fitted short jacket with long sleeves forming points over the hands. The bouffant floor-length skirt was worn over a crinoline petticoat. A matching tiera of ice-blue lace held a fingertip veil of ice-blue silk imported illusion. She carried a prayer book with a cascade of Eucharist lillies, eyelamen, and white hyacinth flowerlets.

The bride's attendant, Mrs. Joe Leiser, Dover, O., wore a ballerina length gown of white lace over ice-blue satin. A portrait neckline and a wide belt of satin were features of the dress. A swirl bouquet of pink hyacinth flowerlets and pink elf roses around a tulip center fashioned the matron of honor's flowers.

Dr. Joseph Catcott was best man with Dr. Roger Smith and Mr. Robert Cochran, brother of the bride, seating the guests.

For her daughter's wedding Mrs. Cochran wore a navy blue crepe dress with which she wore navy and white accessories and a corsage of pink camelias and pink hyacinth. Mrs. Rudy wore a teal-blue crepe dress with black accessories. Her flowers were white camelias and white hyancinths.

The reception was held at Ilonka's Provincial House, 4040 E. Broad-st. For the wedding trip to Florida the bride changed to a gray and white checked suit, black accessories, and a corsage of Eucharist lilies. The couple will reside at 1694 Northwest-blvd.

The bride is a graduate of White Cross Nursing School, attended Ohio State University and was previously employed at the OSU Health Center. Dr. Rudy received a doctor of veterinary medicine degree and a master of science degree at Ohio State University. He is employed as assistant professor of veterinary surgery at the university.

Polio Fashion Show Features Hilltop Women

By Judy Masters

Better late than never, I must tell you about the lovely afternoon spent at the fashion show sponsored by the Women's Board of the Polio Society on Tuesday, Mar. 18, at Ilonka's Provincial House. Greeting the guests at the door was Mary Jane Mack, a victim of polio herself, whose bright smile was a fitting beginning for the event.

Next to greet the guests was Wanda Rice, chairman of the show, and Gracebelle Spears, a member of the polio board. They could have been modeling themselves with their clever outfits. For Mrs. Rice a boat-shaped neckline topped a capped sleeved princess-style dress of sand-colored waffle weave piped with tangerine colored pique. An insert of the bright pique peeked from under the open skirt which was decorated with gold metallic braid. Mrs. Spears wore a black dress the top of which would endear her to any female 6 to 60. On the tailored black top there played graceful white horses! All fuzzy, yet.

A variety of openfaced sandwiches, a shrimp-rice dish, redfish (baked whole), pastries, ice-strawberry, and punch were very filling and the general comment was "who wants to go home and fix supper!!"

Familiar faces who congregated at our table included Harriett Brown, Jerri Tuttle, Dorothy Hartley, June Jones, Evelyn Swain, Lorena Gatsardass, Ida Tepper, Ei Keller, Callie Budd and Hana Steele. Mildred Williams was her sociable self as she introduced one to another.

We all felt a thrill, I think, when we heard Rose Ferguson "take all" in the auction of a pretty tan dress. Several items were auctioned off in addition to a host of door prizes.

The Willi and Tena Leser fashions were definitely springy and should not be ignored, but if I don't tell you about them maybe next year you will go yourself.

Spring Flowers To Bloom Soon

All the recent rain and sun should have brought up the green things for such gardeners as Mrs. J. Earl Taylor, 171 N. Harris-av. The spring edition of the Record will include an article by Mrs. Taylor on roses.

Charles Weber, 376 S. Burgess-av, have delivered many quarts of milk without an accident—"thirty years worth" to be exact. He was honored by the Columbus Milk Distributors Association recently. Question is: does that include no broken bottles?

Bill and Pat Amrine are the parents of a new baby as of one week ago yesterday. Helen Plummer is vacationing in Florida. Mrs. Bertha Tam and Harry H. Robins ware married Sunday after the church service at Glenwood Methodist.

Last week's "Meet Your President" had two regrettable errors in it. First it is PFC Charles Martin, not just plain private. He's the son of Mr. and Mrs. Norman Martin, 174 Buena Vista-av. Then for those of you who didn't know Mrs. Williams, Mrs. Martin and Mrs. Rucker, that's who they were and in that order too.

Mr. and Mrs. Hank Foerst, 488 Larcomb-av, have returned from a month's vacation in Sarasota, Fla. From visiting friends at Palm Harbor, St. Pptersburg and a stay at Tarpon Springs, Fla., we welcome home Mr. and Mrs. G. M. Bowser, 75 Haldy-av, who returned from the west coast by way of Ft. Myers.

Leona Jones, 98 Letchworth-av, seamstress who made the colorful end men costumes for the Minstrel, let us in on a secret—she's finished the costumes for the variety show chorus line. Four girls wear one shade of blue, three another and so on. Four shades of blue are used altogether.

The Glenwood Methodist Woman's Society of Christian Service will hold its all day meeting Thursday, Apr. 3. The morning session wil commence at 10 a. m. Mrs. Gatten will be the devotional leader and will bring to the study group the concluding chapter of "The Book of Acts."

Hiermer will be the speaker and will be able to present up to date information on the women of Japan since she is the mother of Marlene Archer who is a J-3 missionary.

With Peg Warren:

About The Hilltop

Spring season is so undecided—first it's here and then it isn't . . . Did you ever notice a little boy never walks around a mud puddle and this little two-gun toting cowboy, Johnny Ziegler, is no different. He stepped into one up to his chin at Columbian Park and his big sister, who was six years old Tuesday, came to the rescue. After a hot bath, and bed, no spanking . . . just a promise to his mummy not to go back to that bad old park again.

Bob Stewart, who just got back from Florida, says his rod and reel are the same as new—never caught a fish . . . Received a card from Merle and Red Burgoon from down Daytona Beach way . . . Sally Rapstock and Joan Deyo, OSU students, are vacationing at Ft. Lauderdale . . . Hello to Lt. Col. and Mrs. William E. Bright, Leesville, La. She writes they have moved into a brand new home in Lee Hills addition and like it very much, and their son, Sgt. Bill, Jr., is going to school in Ft. Benning, Ga.

Pfc. Virgil Hageman, 312 N. Sylvan-av, is on his way home from Korea . . . Pat Holdreth, 227 Demorest-rd, OSU student, joined the Marine Corps . . . A new recruit in the U. S. Navy Reserve is Ronald M. Adams, 536 Catherine-st . . . It was a gay party St. Patrick's Day at Kirwin's. Jack greeted everyone wearing a green derby, shamrocks were pinned on, and Dick at the piano played Irish tunes for the guests . . . Dr. Guy Hulett, Community Hospital, lost an orange tie last Monday to a couple of his good Irish friends . . . A belated Happy Birthda, to Eagle Hall . . . Mr. and Mrs. Lon Neeshan recently celebrated their 35th wedding anniversary . . . Katherine Frank, 427 Larcomb-av, is confined to her home with a hip injury . . . Fred Schoppeired broke his ankle last December, but now is walking without a cane.

A family birthday party was held at the Earl Willing home Sunday for Earl's aunt, Mrs. May Shott . . . Mr. and Mrs. Bill Jenkins celebrated their 16th wedding anniversary Mar. 21 with a family dinner party . . . Mr. and Mrs. John McNulty are proud parents of an eight and a half pound baby boy, Patrick Joseph.

Thursday evening a week ago Mr. and Mrs. Glen Miesse entertained the patients of Benjamin Franklin Hospital with a magic show, held in the assembly room. Later their daughter, Pat, and her friend, Sue Severns, danced, and Karl Kay played the accordion.

Berneice Scott, 2633, Sullivant-av, will have her gal friends in for a bridge game this Thursday evening . . . Did you get your Girl Scout cookies yet? I did Saturday over at Capretta's, from Marcia Hoare, Kathleen Hartranft and Joyce Moore, members of Troop 186, West Junior High . . . The Sellers stopped and chatted with Dick Hoover, Boston Braves pitcher, on their way home from Florida and report he is in the pink of condition.

No longer do I have to whistle when I put my car in the garage at night. We have a new street light, thanks to Mr. Garner of the Traffic Dept. . . . They tell me the croppies are biting up at Indian Lake . . . Betty Murray, Economy Drugs, 2834 W. Broad-st, says they sell more hot dogs than hamburgers since they have the new hot-dog machine. Up at the restaurant convention last week it stole the show.

The washer also features the "Centric" agitation — the unique washing principle that "shampoos" clothes with no whirling or twisting.

All those stopping to buy their 1953 license stickers at the local electrical appliance store are urged by Mr. Rice to attend the demonstration. The general public is invited.

Let's Talk Things Over

It's funny how a lot of people take a chance when they build a home. They go to all kinds of trouble with the plans. They want everything including a streamlined kitchen, the last word in bathrooms, picture windows, and a landscaped garden. The money arrangements are perfect. In ten, fifteen or twenty years, the home will be really theirs. Just regular payments, somewhat like rent, only better, because they get something more for their money than just the privilege of living in a house.

But what is this chance they take? It's this: If death comes to the money-earner, the home may no longer be a place of refuge for the family, but a source of debt and despair.

And yet, by a perfectly simple Sun Life Mortgage Protection plan—only a slight addition to the monthly cost of paying for the house—the total balance of the mortgage would be wiped out in the event of death. Here's my advice, Mr. Homeowner: "Don't take a chance."

Let's talk things over—today!

ANNOUNCING! AT WESGATE ELECTRIC THE NEW ABC-O-MATIC

Tops in washing performance... among ALL automatic washers!

A-B-C-O-Matic

"Shampoos" the Clothes

for CLEANER WHITER WASH

FIRST with shampoo washing action! FIRST with exclusive "centric" agitation!

• Acclaimed by experts as today's outstanding improvement in washing action. Begins like a shampoo, with a small amount of water and the full quantity of soap. The result is a rich, creamy "lather," that quickly loosens the dirt. More hot water then produces turbulent, soapy suds, forced through every stitch of fabric. ABC-O-MATIC's exclusive "Centric" Agitator, with its big, pliant rubber fins, does not spin or oscillate. It moves outward and inward, with a smooth, continuous, pulsating action. Thus, clothes are not whirled, twisted or strained, but distributed evenly . . . and gently and thoroughly washed.

WASHES, RINSES, "SPIN-AIRE" DRIES...

ALL Automatically!

This is the washer you've dreamed about! It's tops in automatic washer performance. With ABC-O-MATIC you just "dial" the dirt away. Everything is automatic! Toss in the clothes . . . add soap or detergent, whichever you prefer . . . set the dials. That's all! No fuss, no muss, no work, no worry! See the new ABC-O-MATIC before you buy any washer.

In Passing

By ESTHER WOAKLEY

SPRING IS A POET

Winter's frozen fingers screwl on the page of time
Till lovely April comes to close the book.
Erasing March's frigid little rhyme,
She writes a roundelay in every

Where cedars stand like sonnets, old and prim,
Their lines grown stiff beneath a weight of snow,
Young April pens a soft, immortal hymn
Of feathered songsters, chirping as they grow.

In cold blank verse the meadow grass is set,
Till April comes and lets her fingers fly,
And no one who has seen it can forget
The book she writes as she goes flitting by.

One of the most popular of the tv folk song and "hill billy" musical groups in Columbus is the Tip Top Rangers. They are heard and seen on WTVN each Monday afternoon at 1, and at 4:30 each Saturday afternoon. Before going to WTVN they were heard over WHKC for four years. "Jimmy" Weiner is top man and violinist of this group. Other members are Bill Young of Columbus, and Bob Hall, sightless musician from Kentucky. The trio performs each evening at Conrad's Grill on Front-st. A native of Perry County, Mr. Weiner has lived in Columbus 16 years. He and Mrs. Weiner are the parents of three children. If you like folk songs, hymns and good old-fashioned "pickin," tune in on the programs of this talented and friendly trio. They do not claim to be long hair and would be the first to admit they are "corny," and tell very old jokes. But they'll get your mind off of taxes and other troubles.

The other day a book of verse came along that is better than sulphur and molasses. It probably wouldn't be called "good" poetry by able critics, but since I'm a low brow I like it. The author is Robert Spence, Florida attorney. Title of book is Spurts of Verse. Here are two verses from the book:

Over a cocktail glass, I've found
Any gal looks mighty sweet.
What a pity this aint so
Over a bowl of Shredded Wheat.

Willie, in a fit insane,
Thrust his head beneath a train.
All were quite surprised to find
How much is broadened Willie's mind.

Far be it from me to bore you with tales of my granddaughter (ask any grandmother) but . . . one day not long ago she was "making mountains" out of her mashed potatoes and spinach instead of eating the (ugh) mess. In my fatuous way I told her if she would eat her lunch she could have some candy. Her answer: "Grandma, the way I figure it, YOU eat the spinach and I'll eat the candy and that way neither of us will be sick." Needless to say, Linda Jean was the winnah of the bout "L. J. vs. Grandma — Operation Spinach." Anybody got a book on child psychology he isn't using?

Someday soon, the miracle will happen again.

In the fields, new shoots will feel the wild, sweet breath of the winds over the earth, and impatient brooks and rivers will push aside the last splinters of old ice to go racing through the pasturelands on their long, important march to the sea.

Little things will happen. Farmers will mend their fences. A young calf will feel the wonder of warm sunlight on its rumpled coat for the first time. Through the windows of the cities will come the shouts of youngsters playing ball. The national greeting will be, "Isn't this a fine day?"

Yes—the miracle will have happened. . . . And Spring will have come to us again.

Both the Spring and a new sense of religious experience count for much in our lives at this time of the year. For both bring a rekindling of spirit and ambition to live a more worthwhile and meaningful life.

With this new Spring, see if your church cannot give you another assurance that matches Spring with meaning—the knowledge that God, who gives us the spring each year, gives bounteously to all who follow His Word.

. . . You will find this to be so.

And the glory of the Lord shall be revealed . . .
Isaiah 40:5

Bible Comment:

Since Jesus' Time Palestine Has Been Land of Contrasts

PALESTINE, homeland of the Bible, is still a land of great beauty, idyllic happiness, and somber terrible tragedy.

Its soil, rich with the beauty of field flowers, massive cedars and glimmering olive groves, has been drenched with the blood of centuries of cruel persecution and warfare.

All the beauty, tenderness, and goodness of that land, with all the tragedy of hate and violence, were comprised in the brief earthly life of Jesus of Nazareth.

In his life and teaching were comprised all the faith and hope, and goodness that the prophets, saints and heroes of Israel had personified.

And against him became concentrated all the hatred and persecution which had made martyrs of Israel's holiest and best.

The law of vicarious sacrifice, of suffering and of giving life for others was written deeply into the history and religion of Israel.

Among Biblical scholars there has been much controversy as to how directly and in what way the 53rd chapter of Isaiah, with its portrayal of the Suffering Servant, referred to Jesus.

What can be certain is that the writer had a prophetic vision of the Man of Nazareth, about to suffer centuries later, or some more immediate saint, in himself a prophet and a type of the One who was to come.

The writer must also have realized that glory would long be a part of Israel's turbulent history.

JOE BRIGGS Says:

A burglar is a fellow who isn't as rich as he thinks he ought to be.

YOUR home or place of business may be next on some burglar's list. Are you ready for him? You can't stand guard 24 hours a day but you CAN be prepared—with insurance to cover the loss.

Last Call For Photos

All those Hilltop camera fans who have that photo they believe to be the prize of them all and who believe it good enough to be a prize winner in The Hilltop Record's snapshot contest, had better be getting their entry into The Hilltop Record office at 3466 W. Broad-st before Apr. 10. That is the date on which the contest closes and entries received after that date will not be eligible to compete for the cash prizes being offered.

A sum of ten silver dollars will be awarded the photo judged best by a committee of three photographers. Second prize will be $5 and third prize $3. Prize winning entries and some of the others will be published in The Hilltop Record's 35th Anniversary Edition which will be published Apr. 27.

Remember to clearly identify all photos submitted and enclose a self addressed stamped envelope to insure return of your photos.

The Taxpayer's Gettysburg Address

"One score and sixteen years ago our father brought forth upon this nation a new tax, conceived in desperation and dedicated to the proposition that all men are fair game. Now we are engaged in a great mass of calculations testing whether that taxpayer or any taxpayer so confused and so impoverished can long endure. We are met on form 1040. We have come to dedicate a large portion of our income to a final resting place with those men who spend their lives that they may spend our money. It is altogether anguish and torture that we should do this. But in the legal sense we cannot evade—we cannot cheat—we cannot underestimate this tax. The collectors, clever and sly, who computed here have gone far beyond our power to add and subtract. Our creditors will little note nor long remember what we say here, but the Bureau of Internal Revenue can never forget what we report here. It is for us the taxpayers rather to be devoted here to the tax return which the government has thus far so nobly spent. It is rather for us to be dedicated to the great task remaining before us—that from these vanished dollars we take increased devotion to the few remaining; that we highly resolve that the next year will not find us in a higher income tax bracket; that this taxpayer, underpaid, shall figure out more deductions, and that taxation of the people, by the Congress, for the government, shall not cause our solvency to perish."

Dog Gone!

Time To Give Fido His Annual Rabies Shot

In cooperation with the Columbus Board of Health, the Humane Society announces the date, time, and locations where veterinarians will be on duty to offer their services to the dog owners for the immunization or re-immunization of dogs against rabies. This service has been set up by the Columbus Board of Health and the veterinarians have agreed to participate in order to make immunization services easily accessible to the dog owners.

Since the adoption of a compulsory immunization regulation by the Boards of Health of Franklin County, Columbus, Grandview and Arlington one year ago, it now becomes necessary for all dog owners to have their dogs immunized or re-immunized against rabies. The regulation requires the reimmunization every 12 months.

A serious rabies epidemic was halted last year and it is to be hoped that all dog owners will comply with the compulsory regulations thereby avoiding the hazard of another rabies outbreak which would endanger the health and lives of the human and animal population of our community.

The schedule for Saturday, Apr. 5, 8 a. m. to 12 noon is as follows: Fire Station, Broad and Mill-sts, Dr. H. V. Beavers; Fire Station, Buttles and Delaware-aves, Dr. R. J. Community Council Will Meet Apr. 9

Hilltop Community Council will met Wednesday, Apr. 9 at 8 p. m. in the social room of the Glenwood Recreation Center.

Clarence Story, Camp Clime chairman will present the new Camp Clime lease (which has been signed by E. O. Clime, owner of the site) and officers of the council to the council members.

Brochures will also be presented to the council for distribution to Hilltop organizations. The brochures include a short summary of the council's work and names of present officers. Designing and printing was done by The Hilltop Record.

Don Rice, committee chairman, said more than 800 persons secured stickers on the final day and 4,850 were sold by the Kiwanians during the month representing an increase of 2,000 over last year. He told firemen he was returning from a skating party with seven friends.

HBA To Stage "Family Night" Program Apr. 8

... will be Music, Magic and Movies with prizes and special entertainment, Tuesday night, Apr. 8, at the West Broad Street Elementary School when the Hilltop Business Association stages its first "Family Night."

Numerous prizes will be awarded during the evening festivities, such as a prize for the family with the most children present; most grandchildren, and youngest baby. A gift will also be made to every child attending the affair.

This newest stunt of the Hilltop Business Association is being promoted jointly by the social and program committees of the organization.

Franklin Twp. Trustees Study Road Improvement

Franklin-twp trustees, Tuesday night, faced a battery of questions pertaining to roadways, mutual fire protection plans, fire department equipment and other miscellaneous matters. A contingent of approximately 50 township residents attended the question and answer forum which lasted nearly four hours.

Asked by several citizens regarding the poor condition of the township road system and what procedures were being followed to repair or recondition them, the trustees pointed out two important factors that govern the situation. First, that oil treatment of roads could not be undertaken until oil supplies are available, and secondly, that funds are not available to treat all roads as they wish.

It was pointed out that the township this year can only expect the sum of $5,600 as its share from gasoline taxes and only $5,000 as its share of property taxes. The cost of oiling all township roads just once will be $8,500.

A plan was suggested by George Wolfe of Res-Bow Addition for the surfacing of all roads in the township. Wolfe asserted that the majority of Franklin-twp residents would favor a tax levy for such road improvements. Trustees passed a motion to investigate costs of such a program through the county engineer and to have a complete report by next meeting.

On the subject of the mutual fire protection pact with the city of Columbus, there was a sharp difference of opinion expressed. Trustee John W. Guy openly voiced his criticism of the pact and his opposition to it, pointing out that the pact would benefit only the city interests and that the township would not benefit. Guy said that he saw in the pact, "a method by which the city of Columbus would eventually find a means to annex lands of Franklin-twp."

Discussed also were questions of more equipment for the fire department, such as hose dryers, walkie-talkie outfits and government subsidized emergency trucks. The answers of the trustees indicated that they have given the department everything they have requested with the exception of the hose dryer and that the advisability of that equipment was still being studied.

The matter of lands being offered for a new fire house site by General Motors was discussed at length with no apparent decision being reached on the matter.

"Beholding The Cross"

The death of an individual generally affects but a small group, but the death of Christ on the cross has had a tremendous influence on the world. It is God's plan of redemption for sinful man. In this time of Lent we need to see the real meaning of the cross. The cross is a force. It is more than a sign or a symbol of the Christian Faith. There is an intangible, transforming quality contained in the cross of Jesus Christ.

Any person who will steadfastly look and meditate upon the cross can never be quite the same again. Vile sinners and the most elite of society have studied the cross and their lives have been changed to a life of radiance and service. The cross is a conviction. The Apostle Paul said, "But God forbid that I should glory save in the cross of our Lord Jesus Christ, by whom the world is crucified unto me, and I unto the world." The secret of the Apostle Paul's ministry lay in the cross.

Let us in these busy days, behold the cross of the crucified Christ and find our strength and purpose in His service.

True Lenten Spirit

Pre-Easter or Lenten fasting is alright in itself but we must be careful that in our self denial and fasting for this particular period of time, we become hypocritical as were the Pharisees.

We learn the true and false of fasting and self denial by studying the truth of the subject as presented by Jesus. He said, "Moreover when ye fast, be not, as the hypocrites, of a sad countenance: for they disfigure their faces, that they may appear unto men to fast. Verily I say unto you, they have their reward. But thou, when thou fastest, anoint thine head, and wash thy face; That thou appear not unto men to fast, but unto thy Father which is in secret: and thy Father, which seeth in secret, shall reward thee openly.

If Lent be observed only because others are observing it, or that it is customary, then that observance becomes mechanical and meaningless. We then fail to receive the spiritual uplift resulting from fasting, self denial and sacrifice.

Every Christian should carry the spirit of Lent throughout the entire year.

Two Hospitals To Be Aided By Adventists

Two new hospitals will be established in West African countries as a result of a world Sabbath school fund-raising program in which the Eastwood Seventh-day Adventist church members here will participate next Saturday, Mar. 29. They hope to raise over $200 for this special project. Total Sabbath school offerings for missions given by members of the local Eastwood Seventh-day Adventist church for 1951 amounted to $4,898.12.

Special hospital projects for the quarter have enlivened missionary giving by Sabbath school members, Mrs. Glen Coffin, 1084 Georgesville-rd, Sabbath School superintendent, said. Total offerings for the day for the world will, it is estimated, reach $275,000 of which the "overflow" of approximately $45,000 will go for these hospitals.

Acting as his brother's agent is Thornton Johns a successful insurance broker, bored with his life and looking for new fields to conquer.

There are more than 6000 crippled children in Franklin County Your Easter Seal contributions make possible services which help them walk, talk and live like other children.

Gregory is retiring and shy, content with his small circle of friends. Thornton is the life of every party and an excellent story teller.

Gregory is stunned by the selection of his latest novel, "The Good World" as book of the month. Thornton is also enjoying the limelight, making all business decisions, meeting important people and being seen at the best restaurants.

He sold the book to the movies and he and his wife, Cindy, go to Hollywood with Gregory and Abby. While Gregory works at the studio, Thornton and Cindy have a gay whirl in the movie colony's upper strata of society. Thornton gave several lectures on My Brother Gregory Johns. These were well received but the important thing to Thornton was his name and picture in the papers.

They return home to find publication day upon them. The reviews were good and in a few short months "The Good World" was number one on the best seller lists.

Gregory turned to writing a new novel and Thornton to selling "The Good World" for foreign publication. He also made many appearances on the lecture bureau for a spring tour.

The movie of the book is released and is a box office hit.

Thornton, never one to stand still, begins plans for the next Johns' novel. After reading the completed chapters he and Gregory disagree as to its future success. Gregory refuses to be told what to write and what to lay aside. Thornton realizes without his brother's talent he would still be selling insurance. He asks Gregory's pardon and leaves thinking of his spring lecture tour.

She also says that never again will the people of her town be apathetic when calls come to help the Red Cross.

Often the personnel of city, county and state departments may seem a bit indifferent or impersonal about individuals whose affairs are under their jurisdiction, because of lack of time to devote to each case. When somebody connected with these departments takes time to be interested in an individual's problems, it seems fitting that special mention be made of it. The Franklin County Office of Aid for the Aged has one such lady, and no doubt has many more. It was my privilege to talk with Mrs. Zoe Walsmith, 109 E. Lincoln-st, of that office, concerning an old age pensioner. She was sympathetic, understanding and very cooperative; not brusk or unconcerned as she could have been.

Mrs. Grace Clark, 3208 Leonard (FR. 87453), called to say she has a framed, illustrated copy of the poem "Bless This House" which she will give to the lady mentioned here a week or two ago, who had called to inquire about a poem for her new home. Regret that her phone number still hasn't been found. She may call Mrs. Clark for the poem. Mrs. Clark is one of Courage, Incorporated's good workers; a member of the board, and has been a tireless worker in behalf of shutins for many years. During our conversation she told of the response received from a notice in this column asking for jigsaw puzzles for patients at Chillicothe Veterans' Hospital. She reports that so many of you kind readers sent puzzles to her that she gave many of them to the Columbus state Hospital. We all thank you. Mrs. Clark says she has no talent for art—as she put it, "No art, no poetry, no music, no nothing." That's what SHE thinks. Her art of being kind to every unfortunate person she hears about is certainly the very best art.

Poor Eyesight Can Cause Delinquency

Inadequate eyesight is often an improtant factor in juvenile delinquency, according to the American Optometric Association.

The child who cannot see to perform his school tasks often seeks self-expression in anti-social behavior, said Dr. J. Ottis White, president.

He cited a study in New York City which showed that 90 per cent of a group of delinquent children were found to be school failures, and two studies made by the Ohio State Bureau of Juvenile Research in which it was found that more than 26 per cent of the children brought before juvenile courts were deficient in vision. Surveys in California, Pennsylvania and other states show similar results, he said.

"It is a well known fact that every child wants to excel in some activity," said Dr. White. "The child who fails in school because of inadequate vision may draw attention to himself by breaking windows, stealing or similar anti-social behavior."

He offered two preventive measures: (1) modernization of school buildings to provide a better visual environment; and (2) more comprehensive eyesight examinations in the schools to discover the children who need professional attention.

"Dark, drab, poorly lighted schoolrooms seem to cause a high proportion of all visual problems among school children," Dr. White said. "An indication of that is that eyesight problems are more than twice as common in the eighth grade as in the first grade.

"With the aid of modern science, few children need to be visually handicapped. The tragedy is that most schools lack a systematic program for determining whether children have adequate vision."

Children with crossed eyes are likely to be superior students, according to the American Optometric Association.

DROVE HIM NUTS!

A nurse in a funny factory entered the room of one of the patients. The patient was standing with his ear glued to the wall.

When the nurse came thru the door the patient put his fingers to his lips for silence and whispered, "Come here."

The nurse crossed the room.

"Listen," said the patient.

The nurse put her ear to the wall. In a few seconds she said, "I can't hear anything."

"I know it," said the patient, "and it's been like that all day."

SPORT SLANTS

By Woody Owens

Coach George Williams will send his West High School baseballers afield Friday afternoon at 3:45 at Linden in the city league opener for both teams, with high hopes of being the first city league team to defeat the Panthers since the 1948 season.

The locals finally got in some good practice sessions thanks to a break in the weather and their play has shown steady improvement, with some hot battles taking place for several positions on the starting nine. The starting mound assignment will fall to one of four boys, namely, Jack Taylor, Fred Laderer, Jim Kimbal or Bob Thornton, with the latter two being very capable outfielders also. The success or failure of the mound corps will have a definite bearing on the locals' title chance.

The receiving department will be in the capable hands of Kenneth Garber and John Weiver. The infield may sound like last season's basketball squad with only one player trying out for those positions having not been a member.

Joe Hutchinson and "Ed" Gleibs are staging a major battle for the initial "sack" as are "Dick" Hutchinson and John Cheshir for the second base job. While the smooth fielding and hard hitting sophomore, Jim Vincent, has the short field position all to himself. Dick Orr and Ron Bowman are contesting for the hot corner position.

In the outer garden Herb Brown is a definite starter, while a real find in the person of Jim Hughes may fill the center garden. Jim Murray may start in the other outfield spot. The Cowboys will open their home season next Tuesday, Apr. 8 against the Central High Pirates.

Swim Team Places Eleventh

John Current

The West High swimming team placed 11th in the high school state swimming meet, held at the O.S.U. Natatorium in March. Twenty-five high schools competed in the meet.

John Current, the spark of the team, learned to swim at the Y.M.C.A. four or five years ago. John, who won all triangle meets in diving and 50 yard free style in the district and diving in the state, will enter the Y State Meet shortly.

Lee Addie, Bob Harmon, and John Current placed second in the district in the 160 yard Medley Relay and 8th in the state. Lee Addie was 8th in the district in the 100 yard backstroke. Bob Harmon placed 7th in the district in the 200 yard free style.

The other team members who helped West make a good showing were Jim Ault, Karl Cline, Elwood Davis, Fred Fleming, Ron Kirkpatrick, Bill McKeever, Alan Niedermitz, Ron Parkinson, Scott Pence, Clark Redick, Preston Reese, Dave Rismiller, Tom Schroer, and Bill Coon.

Junior Broncos In Second Place

The O. D. Lehman coached basketball squad captured second place in the Junior High League. The broncos lost the crown in the next to last game to Champion Everett.

All-City Junior High Cagers, Bill Spratley and Jim Pruden, and mid-year graduate Jim Vincent led the team in their good season.

LETTERS TO THE EDITOR

Dear Editor:

West High and the Hilltop are proud of Senior Girl Scout Troop 8. These girls have been training under the U. S. Air Force, at the Filter Center, as plane spotters and filterers. Despite many difficulties, bus service and electricity off last Saturday, they answered the surprise alert, promptly and before 9 a. m. They had their troubles, too. Nancy Hoar was ill but she reported to her post. Judy Schulz had a sprained ankle, Ruth Lorenz was sleepy after two Band Variety Shows, but they were troopers for three hours. Linda Hardacre, fresh as a daisy, stayed for five and one-half hours.

Incidentally Troop 8 is the only Senior Service Scout Troop on the West Side. After eight years in scouting and useful training they hope to receive their Curved Bar in May.

Hats off to Phyllis Cropper, Linda Hardacre, Judy Harvey, Nancy Hoar, Ruth Lorenz, Mary Jo McNamee, Judy Schulz, and flowers to Mrs. Wayne Schulz, their leader.

Mrs. Pearl Cropper

Girl Scout News

On Mar. 18, Brownie troop 60, of Wilson School, was entertained at a surprise birthday party honoring Joyce Ann Robinson. After a short business meeting, games were played and refreshments served. Mrs. Lloyd Rich is the troop leader with Mrs. Dan Dever assisting her.

Members of troop 406 are making plans to visit the Sally Flowers television program on Apr. 17.

Seely Hardware Holds Open House

"Door prizes, demonstrations and gifts will be featured during Seely's Open House Week, Saturday, Apr. 3, through Apr. 12," said Emmett Seely this week. "The completion of our remodeling program offers us the opportunity to invite our friends to come in and see one of the most modern hardware and housewares stores in this locality, and at the same time thank them for their past consideration."

Saturday, Apr. 3, from 12 to 4 p. m., starts the open house week and will include a cooking demonstration by Betty Newton of the Ohio Fuel Gas Co., an ironing demonstration with each lady receiving a towel as a gift, a showing of Black and Decker power tools, and the introduction and demonstration of the new paint product, Multi-Tint.

Major door prizes are a Detroit White Star gas range, a Stanley Tool chest with tools, a scooter and doll, and many other prizes. Every adult will receive a personal gift and for the children there are jumping ropes and kites.

Seelys, founded in 1895 by Ira Seely, and located at 1185 W. Broad St., is the oldest retail store on the West Side, and is now owned by Emmett Seely, son of the founder. Other personnel include Mrs. Emmett Seely, Mrs. Anna Seely, Ed. Tanner, R. A. Chrisman, and C. T. Wilson.

YMCA Presentation Is Made

One of the highlights of the Columbus Franklin County YMCA meeting held last Thursday was the presentation of the "Four Fronts in Boys' Work of the YMCA." Participating in the program as pictured above was Fred Lamch, president of the West Jr. High School Hi-Y Club who represented Jr. Hi-Y work. At his right is Jerry Kalb, president of Southwood Gra-Y Club representing the Gra-Y work of the YMCA.

West Y-Teens To Sell Lilies

Attention Y-Teens! Again the time has come around to sell Lilies for the crippled children of Franklin County. Each year Y-Teens have sponsored this drive in the schools and are planning to do so again this year.

The Lily Parade will be Saturday, April 5. All girls are to meet at Memorial Hall, Street Floor, Southwest entrance at 7:15 a. m. for registration and breakfast. At 8:00 they will start to sell lilies and continue until 12:00. At that time they will return for lunch and a gardenia. Any number of Y-Teens who wish to work the late shift will report to Memorial Hall, Street Floor, Southwest entrance at 10:15 a. m. for registration and lunch. This group will leave at 12 o'clock to sell lilies and return at 4:00 for refreshments and a gardenia.

Last year West sent 150 girls but this year the goal will be 200.

Mrs. Murphy and Marilyn Cramer will distribute the cards to home rooms. On these cards it will be necessary to state which shift is preferred.

All cards must be returned to Mrs. Murphy or Marilyn Cramer by March 25. The proceeds of the drive will be used for the Franklin County Society For Crippled Children.

Swisher Nominates Dream Team

This year's "Dream Team," of any coach, has height, experience, rebounding and shooting ability. All the boys are six-foot and over and are seniors, except Jerry Trabue of West who is back next year for a half year.

A couple of these boys are not in their natural position because of the great amount of talent. Any coach would have a hard time picking a starting team.

The coach would have this year's leading City League scorer in Jack Kellar of South. Jerry Trabue of West was the leading scorer this year of the greater Columbus teams and last year's City League scoring leader. The other forward is Moose Mouser who sparked Linden all year and helped Linden in the District Tournament. In the pivot post we have Rollie Harris of East who has been one of the sparks for East for the last two years. The other pivot man is Jim Hartley of North, a terrific foul shot and a good all-around man. At one guard position there is Ray Clark of Central, a fine ball handler and a good set shot. Bill Truss, who has been a spark for East the past couple years, is a good rebounder and a good shot. The other guard is Hal Grote of Aquinas who usually plays the pivot, but is a good competitor.

All City Occident Team
Jack Kellar, South—F.
Jerry Trabue, West—F.
Moose Mouser, Linden—F.
Rollie Harris, East—C.
Jim Hartley, North—C.
Ray Clark, Central—G.

NOT MUCH CHOICE

Pat and Mike were crossing a field when a bull came charging down upon them. Mike shinnied up the only tree in sight and Pat jumped in a nearby hole.

The bull jumped over the hole and Pat jumped out. The bull turned, saw him, and charged. Pat jumped in and the bull jumped over the hole again.

Then Mike howled, "You dumb fool, stay in the hole or we'll never get home!"

Pat jumped in as the bull charged and when he jumped out again he yelled to Mike: "You're a dumb fool yourself, there's a bear in this hole!"

March Wedding Read Uniting Pat Vercellino and Dick Ison

Mrs. Richard Ison

The chancel at First Community Church was decorated with banks of woodwardia sprays, interspersed with myriads of lighted tapers for the wedding of Miss Patricia Ann, daughter of Mr. and Mrs. Raymond D. Vercellino, 1597 Berkshire-rd, and Mr. Richard Gene Ison, son of Mr. and Mrs. Clarence V. Ison, 230 S. Huron-av, Friday, Mar. 14. The bridal aisle was marked with tapers and circular bouquets resembling those carried by the attendants were placed at the reserved pews.

Dr. Roy A. Burkhart officiated at the 7:30 p. m. service. Mrs. Lowell Riley was soloist and the organist was Mr. Lowell Riley.

A dance length gown of imported chantilly lace over gleaming white bridal satin was worn by the bride who was given in marriage by her father. The dress had a sheer yoke of nylon tulle with iridescent sequins lighting the appliqued flowers around the off-the-shoulder neckline. She wore a veil of illusion, held by a Juliet cap of chantilly lace which was also trimmed in sequins. The bottom of the full skirt was scalloped.

The bride carried a French bouquet of stephanotis, lily of the valley and phaleonopsis miniature orchids. The arrangement was outlined with a ruff of lace and maline and short streamers of picot satin ribbon fell from the bouquet handle. She wore a single strand of pearls and the traditional Alpha Phi pearl bracelet.

Miss Marilyn Folk was maid of honor, Mrs. Kent H. Brandt, a brides matron, and Miss Jean Houghton, Miss Jo Ann Thomas and Miss Sally Kuster were bridesmaids. They wore gowns of orchid colored nylon net in ballerina length, with pleated net softening the fitted bodices and accenting the net satin midriffs, matching stoles and half veils completed their costumes. They carried French bouquets designed like the bride's of Rose Elf miniature roses and double English violets. The maid of honor's flowers were distinguished by a cascade of looped satin ribbon tied in lover's knots and violet blossoms.

Mr. Jack T. Freeman was best man for Mr. Ison. Seating the guests were Mr. Raymond Douglas Vercellino, brother of the bride, Mr. John V. Crawford, Mr. Phillip W. Marr, Mr. Russell B. Ramsey, Mr. William D. Henry and Mr. William E. Arthur.

She wore a neckline corsage of pink camellias. Mrs. Ison wore a shoulder corsage of hybrid orchids with her dress of pearl gray lace and chiffon. Her accessories were violet. Mrs. John Ison, grandmother of the bridegroom, chose a dress of navy blue with white ac-

Luncheon Scene Of Style Show

By Judy Masters

The very essence of spring was present at the luncheon and style show held at Hoge Memorial Church last Thursday by Ruth Circle. The doorway was decorated by lattice work with spring flowers entwined. White linen clothes graced the tables on which the brightest-Easter-baskets-ever were placed. The baskets were designed from crepe paper by Ethel Merriman and her committee, Mrs. Harold Greene, Mrs. Charles Hall and Mrs. J. Harold Willis, chairman of Ruth Circle.

An extra table was set up when the crowd reached the overflowing stage but the food was served nice and hot from the kitchen with very little delay.

Runners were laid for the models to walk on and overhead spotlights gave the scene a very theatrical look. Mary McGinnis, commentator, described the highlights of the showing without taking on (as so many do—in my opinion) an affected manner. The "mood music", created by Mrs. Joe McLinn at the piano filled in the few gaps that occurred and in itself was enjoyable.

The clothes shown by Seiller's were from darling mite-size outfits through suits, coats, dresses, playclothes and formals for teenagers and adults. One of the most composed and attractive models was Mrs. Sanford Dye, and she helped to prove that you don't have

Last year, with the membership expanded to 14 members, Twig 90 became a member of the $1000 Club, a group of Twigs which contribute that amount or more to the hospital in a single year. Members added to the Twig since its founding are Mrs. C. E. Farber, Mrs. R. H. Hohman, Mrs. James J. West and Mrs. Elwood R. Maunder.

TAX STAMPS
By Thomas Vasseldyke

The three winners in tax stamp collections for February are: first place, homeroom 16, Mrs. Rothenbush, with $452.70; second, homeroom 35, Miss Krumm, $410.45; third, homeroom 4, Miss Cherington, $219.74.

There were other nice sums in, but unfortunately they did not make first, second or third place.

HOBBIES
By Phyllis Myers

Tuesday, Mar. 25, Mrs. Wiseman took a group of pupils from Starling Junior High School out to the West Broad Street School, where they addressed the PTA Study Group. The pupils showed their hobbies and told how they became interested in them.

The pupils who showed and talked about their hobbies were Don Basil, who makes airplanes; Nancy Cooper, who gathers information about presidents; Martha Stein, who collects postal cards; Joy Meyers, who sews; Sandra Southworth, who collects dolls; Michael Frieze, who collects stamps; and Barbara Clark, who collects cups and saucers. Bill Steffens from Central, who has so many different hobbies that he was unable to take them all, accompanied the group.

TRACK TEAM MEETING
By Ray Stewart

Starling Junior High held its first meeting Thursday, Mar. 13, after school, in room 2. The team started training Monday, Mar. 17. The activities which they will have are broad jump, high jump, hurdles, shot put, 880 run, 220 dash, 440 dash, 100 yard dash and relay team.

Alton Haller is coach and Dale Hedsel is manager. The following boys are members of the team: Ed Kemper, Ray Williams, Bill Waters, Ray Stewart, Dick Hite, Johnny Palmer, Bill Diest and Clair Hildebrand.

ENGLISH CLASS MOVIES
By Mary Collette Kish

The movies for Mar. 19 were very interesting. One was on "Food and Growth." Explained by means of white rats, the film showed the difference in foods and how they affect animals and people. These rats were fed on sweets, coffee and milk. At the end of six weeks time the white rat feeding on milk was the strongest.

The other movie, "How Do You Do", was on how to express yourself upon introducing one person to another, and other problems that trouble teen-agers.

"BOY MEETS GIRL"
By Pat Taylor

The Y-Teens held a meeting Thursday afternoon in Room 16 from 3:30 until 4:30. The girls were shown a film strip on "Boy Meets Girl." Afterwards they held a discussion on the movie.

"Chow Call" On Korean Front

Joseph A. Hostetter

To the majority of us "eating" is just a common place routine. We enjoy our food, of course, whether it's home-cooked or rest-in Korea it is an achievement to serve our fighting men with nourishing-hot food. Among the soldiers whose duty it is to feed our troops is Cpl. Joseph A. Hostetter, son of Mr. and Mrs. J. L. Molnar, 1408 N. Hague-av, mess sergeant of Co. C, 31st Infantry Regiment in Korea. Sgt. Hostetter was recently given the following commendation from his commanding officer:

"I wish to extend to you my sincere thanks and appreciation for the superior performance of duty you have shown during this unit's entire combat operations. We can proudly say, "that never before in any war has a combat unit been so well fed. At times the obstacles to serving troops in the line have been almost insurmountable but you have always come through with flying colors. You may feel sure that your efforts are not wasted, and that you have the respect and admiration of all the members of your organization."

Hostetter received the Combat Infantryman Badge for satisfactory performance of duty under enemy ground fire at Mundung-Ni, North Korea. He has served in Korea for 10 months.

Egg Foo Yung

Here's a simple meal plan with Egg Foo Yung. Mix one cup of finely cut cooked meat with a No. 2 can of bean sprouts and one-half cup of chopped onion. Add the meat mixture to six slightly beaten eggs, then drop by spoonfuls into hot lard. Brown on both sides and serve immediately with gravy.

Mrs. Brown, while driving, her husband's new car, heard a clanging noise. When she got out to investigate she found a large steel disk on the road. Assuming it was part of the car, she picked it up and put it in the baggage compartment. When her husband saw it he made her take it right back. It was a manhole cover.

Two other stores in the multi-million dollar Central Point Shopping Center at Central-av and W. Mound-st are open for business this week-end.

Six more stores are scheduled to open in succeeding weeks with a formal opening of the entire first section, comprising nine business establishments, set for the week of Apr. 21.

It was announced by Don M. Casto and Don M. Casto, Jr., developers of Central Point, that parking accommodations for 1,000 cars are provided in the area directly in front of the first section and that additional parking facilities will be made available as succeeding buildings are completed during the summer. All told, Central Point will provide accommodations for 3,000 cars when completed.

Don M. Casto, the senior developer, said today that Central Point "provides commercial shopping facilities for the west side of Greater Columbus comparable to the Town and Country Miracle Mile at 3700 E. Broad-st, which was the pioneer Casto development of this magnitude.

"When Central Point is completed," he said, "we will have an integrated community of diversified business establishments offering West Siders the facilities of a huge drive-in department store. Best of all, there will never be a parking problem at Central Point, for we will have acres of free parking space with your car only a few steps from any store in the shopping area.

A Narrow Escape

A lawyer in our city noted for his toughness had to undergo a course of treatment for an ailment. Outraged by the doctor's bill, he bellowed, "Great Scott, Doc! All that for one week's treatment?"

"My dear fellow," replied the doctor, "if you knew what an interesting case yours was, and how strongly I was tempted to let it go to a post-mortem, you wouldn't grumble."

Bible Comment:

David Gives Lesson With His Humility And Reverent Acts

WHEN news reached England of the Battle of Saratoga in the American Revolutionary War with the defeat and surrender of General Burgoyne, someone remarked to the economist Adam Smith, "The nation is doomed," and the eminent author of the "Wealth of Nations" replied, "There is a great deal of doom in a nation."

The remark is amply illustrated in the history of nations, but perhaps nowhere more pointedly than in the history of Israel. When one considers all that happened between the journeyings from the bondage in Egypt and the dispersion of the Jews from their Palestinian homeland the marvel is that there should have been survival at all.

Palestine seemed doomed almost in the very beginning when the armies of Israel went down to defeat with Saul, who had begun his rule so auspiciously, a suicide on the field of battle.

But David, a man of the sword rather than the harp, soon made his prowess felt, consolidating and greatly enlarging the kingdom.

The strength of David was in his magnanimity. When the prophet Nathan brought his sin home to him in plain terms, David humbly acknowledged his wrong-doing. When he expressed a longing for a drink from the well of Bethlehem, without any thought of getting it, three warriors went through the enemy's lines, risking their lives to bring it to him. But it was too sacred for him to drink.

It was, he said, the blood of men who had put their lives in jeopardy. So he poured it out on the ground as a sacred offering. It was a humble and reverent act of religion.

How many of us have that spirit toward the many who are risking and giving their lives so that we may have "life, liberty and the pursuit of happiness"? Truly we may learn from these stories of ancient times.

On June 30, 1794 over 2,000 warriors attacked unsuccessfully the post at Fort Recovery, O. This was approximately 500 more than Anthony Wayne defeated at Fallen Timbers.

Hilltop Lutheran Children Planning Open House

The Children of the Church, a non-denominational children's group which is sponsored by the Hilltop Lutheran Church, 3427 W. Broad-st, will hold an open house Friday, Apr. 18, 7:30 p. m. at the church. Herbert Pfaltzgraf, superintendent of the group, will present the welcome. He is assisted by his wife, Jane Pfaltzgraf.

Music director for the current quarter has been Kathaleen Welch with Judy Harvey, pianist. Mrs. Claire Kruckeberg is secretary of the organization.

Bob Johnson will play the organ for the open house program. Other participants will be Paul David Kline, Charles Haught, Joan Jenny, Beverly Price, Joyce Henry, Tommy Welch, Judy Harvey and Marylou Ricker.

Richard Steele will introduce Pastor Kibbler of the Lutheran Welfare Center. Tommy Welch is leader of the youth group. The youth choir under the direction of Mrs. John Ricker will take part in the program. Ushers will be Chris Hoover, Brent Spence and David Halstein while acolytes will include Eric Marlow and Jack Wildermuth.

Rev. John Hydinger, pastor, will give benediction, after which there will be a rendition of taps. Several displays of youth activities will be open to the public and refreshments will be served. The public is cordially invited.

How much is 85½ billion dollars?

This question can not be answered. No human being can visualize this huge sum.

To make it as concrete as possible, suppose 85½ billion one dollar bills were to be placed end to end. They would measure a distance of 9,000,000 miles, or would belt the globe at the equator 360 times.

Another way to picture this vast sum is to assume that a man started business in the year one with a capital of one billion dollars.

Through mismanagement this man could lose $1000 a day up to and including 1952 and still have enough left out of the one billion dollars to last 800 years longer, or to 2752.

Now all this spending is based on a billion dollar capital. Multiply this by 85½ and then try to figure out how long it would take one person to spend 85½ billion dollars at the same rate.

In the last six years the Truman administration has spent 12 billion dollars more than our nation spent in 156 years, including all wars except the Korean War.

In the 156 years our country fought six major wars, including the first and second World Wars. The average amount spent each year of that time was 7 billion 8 hundred million dollars.

In 6 years, including the so-called "police action" in Korea, Truman has spent an average of 7 billion 7 hundred million dollars a year and is still asking for larger sums to spend.

This raises another question: Where does our tax money go? There are a number of channels through which our money passes. Of course billions of dollars are spent to aid foreign countries who do not help themselves. The Truman war is costing a lot of money. Thousands of unnecessary government employes are paid for doing nothing. Then there are subsidies, favoritisms, emoluments and squandering public funds. Other useless expenditures can be mentioned.

Remember, too, that this is election year and we have people who are willing to sell their American birthright for "a mess of pottage."

Why not stop this tax, spend and elect next November?

WHOSE FACE IS RED?

A road construction gang had enjoyed clear sunny weather for weeks, but one day, when they were several miles from camp, clouds suddenly appeared and there was a heavy downpour.

There was nothing the men could do but stand there and get soaked, all except an Indian laborer who walked to a nearby truck and came back wearing a raincoat and oilskin hat.

The men marveled at his foresight, and one asked, "What amazing instinct told you it was going to rain today?"

"No instinct," replied the Indian casually. "Man on radio."

Buffalo Bill appeared in Toledo in' 1870 with his wild west show, which included a herd of buffalo.

The City of Akron rose from shanties which housed Irish laborers during construction of the Ohio Canal.

Tickets may be purchased from PTA members or at the entrance of the auditorium the night of the festival. Proceeds will be added to the Columbus and Franklin County PTA Council Fund which supports various projects in the public schools.

This year is an added special feature to the festival a group of elementary school children will entertain with folk and square dancing which should prove to be very colorful and Robert Johnson from West High will play organ interludes.

Chairmen for the festival are Mrs. Herold Marsh, Mrs. M. E. Warner, Mrs. C. D. Tippet, Mrs. George Skipper, W. W. Miller, Robert Darrow, Dorothy Stahl and Mrs. C. D. Roth.

a Step into the future

Well . . . here goes!

Takes a lot of nerve, folks. Look at that distance I have to travel. Why—anything could happen. Almost wish I had wheels like my teddy bear. All *he* needs is a push.

Golly! Almost went down that time!

I'm still pretty shaky in the legs, folks. But it's *me* walking. Just a few steps more . . .

OK, Mommie. Get your arms ready. Here I come—and fast. *Made it!*

Congratulations, Mister. We know how proud you feel. Those may seem like tiny steps just now—but they're big ones into your future.

You aren't old enough to wonder about that future—yet. But we are. You see—we're the people from your neighborhood church where your parents plan to send you to Sunday School in a few more years.

Those were important steps for you just now. And there's an important future coming up for you. Your church is busy right now making sure that when you take those big steps into your future, it will be the future you want, and that your steps will be in the true direction of the happy, useful life God wants for us all.

That is what your church is working for now—for *you* . . .

I have no greater joy than to hear that my children walk in truth.

Weekend Wear

(Wool Bureau Photo)

FOR SATURDAY SHOPPING, spectator sports and informal weekend parties, the 'right clothes' create a casual, but well-dressed appearance. This sports jacket, a two-button model in nubby gray wool tweed, has side vents, a ticket pocket and pocket flaps. Completing the well-dressed shopper's attire is a pullover sweater-vest with a navy blue wool gabardine front and knit back, dark blue wool gabardine slacks, an oxford cloth shirt with button-down collar, a blue and white repp bow tie in 1952's popular narrow shape, and a gray 'porkpie' hat.

An Open Letter

Dear Mr. Prime Minister:

Independent business and professional people in the United States welcomed your recent visit to our shores. They listened intently to your expressions with regard to building a safe and constructive alliance between the U.S. and Great Britain. Your comments about uniting for mutual protection against war and communism are very well taken.

We are very conscious of the fact that we have paid extra billions of dollars in taxes for Britain's benefit. We also understand that you want more American dollars. Frankly, we insist that some definite permanent good be derived from our dollars so freely given you.

Let's Outlaw Monopoly

However, during your visit, and to the best of our knowledge in your recent addresses to the people of your nation, you made absolutely no mention of establishing anti-trust laws in your nation and outlawing monopolies and cartels to give your people greater opportunity to help themselves through free competition in your marketplace.

Mr. Churchill, the time has arrived when our small independent business people, and many other citizens, vigorously will oppose more expenditures of our assets with no more security than friendship and threadbare tradition promotions. We greatly admire your open and plain statement that you "do not intend to liquidate the British Empire." It must be just as plainly understood that independent business people of the United States do not intend that you shall liquidate the United States of America. Furthermore, we do not intend to have your influence-peddling-machinery build up within our shores, and elsewhere, a result that our nation come within the category of the best colony that Great Britain has. We consider that fact definitely established in 1776 and again in 1812.

Free Competition Means Progress

Mr. Churchill, you must keep in mind that citizens of our nation fought and struggled mighty hard and made great sacrifices to build this nation. Our antitrust laws, unfortunately, have not been as strictly enforced as they should have been. Yet without them we would never have been able to build our great nation. We set up antitrust laws to give more people an opportunity in our market places. Open and free competition in past years has been a great contributor to our national welfare. You well know that we never followed a policy of living off what other nations of the world had accumulated. We purchased a great part of our land; we did not build an empire by conquering other nations at the point of a sword. Most of our citizens fully intend to protect the heritage handed down by our forefathers.

Please understand the above constructive and factual statements are mentioned only so we can get the record straight. They in no way imply that Great Britain cannot play a very important part in promoting better world conditions. We want you as an ally. We want to do all possible to assist you in restoring a sound economy and defeat communism. But to succeed in these endeavors you must give the people of your nation a better opportunity to help themselves. You must cease your stubborn insistence on monopoly control over industry. It drove your people toward Socialism before and it will do it again if changes are not made. It could result in your successor being titled "Commissar."

A False Road to Security

You certainly must be aware of the fact that all of the burdens of assistance are borne most heavily by those in our nation identified with small business. Small Business is our largest employer and pays a great portion of our tax burden. History has shown that every nation losing its freedom of enterprise found itself drifting toward stagnation. In some instances they bailed themselves out temporarily by the use of sword in conquering other nations and using them as pawns for their monopoly enterprises. Mr. Churchill, a survey will quickly show you that every nation going communist did not have any antitrust laws. Communist Lenin's teachings disclose that the greatest obstacle in the promotion of communism is the large number of small businesses in any nation.

Mr. Churchill, you must know very well the great part the promotion of monopoly has played in the shrinking or dwindling of the British Empire. In your Christmas message to your people you warned them of the hardships and sacrifices ahead of them, yet you gave them absolutely no assurance there would be increased freedom of competition in their market places. You claim you do not intend to liquidate the British Empire. Mr. Churchill, in our book on successful business economy, you are simply doing that very thing. You will continue doing so just so long as you continue to legalize monopolies and cartels. You are wasting your time as far as the future security of England is concerned, it coming to our shores or going elsewhere and promoting agreements that build monopolies and cartels.

Monopoly Breeds Communism

The day has long passed when England will have a virtual monopoly on the raw materials of many nations—to be shipped to England on English ships then returned for consumption at prices dictated by monopoly tactics. The day has long passed when 40% of the people of the British Isles can depend upon the Colonies for a livelihood. It is true Mr. Churchill that you didn't need antitrust laws so long as that system worked.

Mr. Churchill, over here in the United States, we of small business fully realize that communism is not spawned in the slums of a community nor by those who parade with clenched first on May Day. Instead, communism is created within the walnut-paneled walls of rooms where monopoly is created. This fact tells you very plainly what antitrust laws will help you accomplish in England.

We fully realize the great assistance antitrust laws would lend to the citizens of other nations who express a desire to develop a sound economy. Evidence of this fact is that this organization, the National Federation of Independent Business, has taken a poll of its membership (which is the largest individual membership of any business organization in our nation and, we believe, yours). The signed ballots have been placed in the hands of our members of Congress. The overwhelming vote stipulates and instructs the Congress to greatly reduce further economic aid to any nation until antitrust laws have been established.

Anti-Trust Laws Made Us Strong

Mr. Churchill, we had to learn through bitter experience. As you know, the Pilgrims, when founding our nation, tried a socialistic form of government by having all products brought to the colony and distributed among all the members. The system created great dissention and failed. Some of the Pilgrims returned to England. The Colony did not flourish until people were permitted to own property under their own right and retain the fruits of their labor.

During more than 100 years our nation took definite form and continued to prosper under the free enterprise system. Soon it became obvious that antitrust laws were necessary. The Sherman Act became law; then the Clayton Act—later the Robinson-Patman Act. Just recently we found it necessary to plug loopholes in the Clayton Act with an anti-monopoly bill known as the O'Mahoney-Kefauver-Celler Bill which was enacted into law. We set up the Federal Trade Commission, also an Antitrust Division in the Department of Justice as policing and enforcing bodies.

Mr. Churchill, it has been a long time since a leading nation restored a man to power with an opportunity to correct serious evils and never, in our estimation, such an able statesman as yourself. Certainly the people of England recognize the changes which time has made necessary in their business system. The all-important question — will you and your members of Parliament help your people help themselves? Help them fortify themselves against communism?

Your Opportunity Is Great

Remember, monopolies and cartels breed communism. The American small business and professional people cannot be expected to finance, feed and clothe such promotions. Also, the English people are certainly entitled to an opportunity to build a sound business system with antitrust law protection.

Mr. Churchill, you created a most reverent feeling in the hearts of millions for your great effort during the dark days of war. Today you are in the midst of a greater war. The actual fate of civilization is at stake. You can play a major part in winning the greatest victory of all time. The small traders of the United States (as you term us) have given you a proven pattern you can use to prepare your mold.

Let's not waste valuable time concocting alliances that will only be broken as monopoly systems breed war. Certainly the small business and professional people of the United States are opposed to having their future ruined by demands to pay for such fallacious ventures.

We vigorously oppose European politicians and monopolists and your own politicians and monopolists, from gobbling up our loan and give-away programs, with little benefit to their people. Let the politicians in the British Isles and Europe get down to facts and give their people a sound economic program based upon strong antitrust laws. Then, and then only, can your nation grow in the right direction—and in so doing set a pattern for other nations to follow.

Sincerely yours,
C. Wilson Harder, President

A TOUGH RUN

Two tramps were too lazy to walk to the next town. So noticing an old motor cycle and side car in front of a nearby house they jumped in and drove off.

After about half an hour the driver looked at his companion and quickly stopped.

The tramp's face was very red, he had protruding eyes and he could hardly breathe.

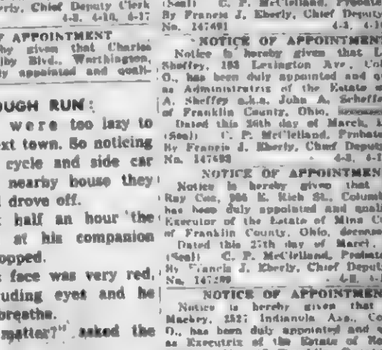
"What's the matter?" asked the driver.

"What do you think?" answered the companion. "There's no bottom in this side car and I had to walk like mad all the way!"

GET OFF MY BACK

Two Hollywood actors sat in a cafe. At the end of the meal, one requested a loan.

"Can I borrow fifty bucks for a week?" he asked.



"Sure," replied the other, counting out the money.

As they rose, the latter man spoke again.

"Now remember," he reminded, "that's only for a week."

"You'll get your lousy money," the first screamed. "Stop hounding me!"

Just Like A Letter From Home

If you have a man or woman in the service he or she will appreciate receiving a copy of The Hilltop Record each week. Hundreds of service men who received the Record during the last war reported back, "It was just like a letter from home only much more detailed. We even read the classified and display ads. Nothing was more welcome than the Record."

Don't forget the boys in camp or abroad. The Record can be mailed direct to them each week, individualy wrapped for only $2.75 per year.

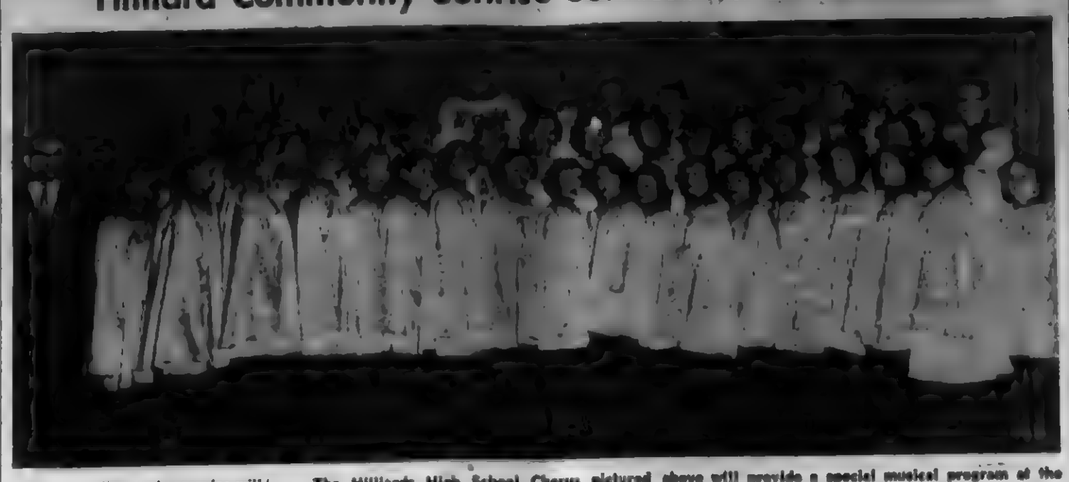
Boy Scout Camporal Is Planned

Plans for participation of Scouting groups of the Southwest District in the council-wide Camporal May 23, 24 and 25 were virtually completed at the district meeting held last week at the Hilltop YMCA.



Robert Schroer, chairman of the event for the Southwest District, announced the names of committee chairmen who will work with him. The complete committee includes Robert Miller, assistant camporee chairman; Dick McGarry, staff adviser; Dr. Paul Haught, physical arrangements; Larry Daniels, events and demonstrations; Cy Rawlings, registrations and records; Vernon Sanford, advance training; Ed Reichert, finance and budget; Paul Wichterman, public relations; and Harold Green, chief observer.

Scoutmasters and Explorer advisers were notified that if they plan to take their units to the Camporal their registrations must be made by Apr. 19. A registration fee of $5 is being charged to help defray expenses connected with the camping venture.

The Camporal is the first event of this kind attempted in the Central Ohio Council. It is expected to attract 3000 scouts and scouters. Each district will be set up as a separate village and most events will be planned on a district basis. The affair will be staged on the Delaware County fairgrounds. Registrations will be made between 3:30 and 6:30 p. m.

At the district meeting last week Chairman Miller announced the selection of a nominating committee. It will be composed of M. E. (Jack) Sensenbrenner, chairman, assisted by Dr. Paul Haught and Clayton Cook. Ed Reichert was also named to serve the remainder of this year as finance chairman of the district.

PIG-PUSHER STARTING MASH
When a starting mash begins to produce outstanding results, it isn't long before more and more eyes are turned to see what makes it click. That places a big responsibility upon the manufacturers.
We have the utmost confidence in our starting mash. We know that the quantitatively important proteins, carbohydrates and fats are high in quality, and in the proper proportions for best results. However, the clincher in making our starting mash a superior feed is the ample fortification with essential vitamins and minerals in every sack.
Vitamins and minerals might be thought of as nutritional sparkplugs which are so very important in determining the efficiency and economy of a feed. To employ a feed without vitamins and minerals is like driving a horse and buggy... it just can't keep up with the modern pace.

This Holy Week

Today Christians over the world commemorate Holy Thursday sometimes called Maundy Thursday.

This is the day that Christ instituted the Holy Eucharist at the "Last Supper" when he changed the bread and wine into His Body and Blood and giving it to His Apostles said, "Do this in remembrance of Me."

His hour was at hand and even now through the mystery of the Holy Communion, Christ was considering the faithful of His world and the world to come.

This was indeed a lasting gift from the mind and heart of God who loved us well enough to die for us and loved us well enough to live forever in our midst, so long as we shall believe that Christ is truly present, Body and Blood, Soul and Divinity in the Eucharist.

Tomorrow is Good Friday, the climax of Holy Week. This day Christian Churches over the world will commemorate the Crucifixion of Christ who died for the Remission of Sin. This day, thousands upon thousands will gather in the church of their choice to pay homage to Christ for the Redemption of the world.

Rich man, poor man, beggar man and even the thief, will humble himself in prayer and hope that he will find favor with Christ, as did the thief who was crucified at the right side of Him, in spite of his weaknesses here on earth.

Surely and undoubtedly as long as even the weakest as well as the strong seek the help of God's Beloved Son, He will reign upon this earth and no "World Reformers" whomsoever they may be, can decide against our Christian Tradition and Holy Saturday will continue to make ready for the Feast of Easter and Our Crucified Savior will continue to rise again and again in spite of all of the disasters in the world, past, present or to come.

An Easter Poem For Everyone

When I am weak, despondent, alone, When I have tears, My last hopes are flown, When I think spiteful thoughts with envious mind, When it seems there is no one, No comfort to find. In my mind's eye comes a vision of that pure and Holy Cross. I think of His pain and sorrowing loss. It seems I can hear those tender lips say, "All for thee, I die today." I can see those eyes of love, so dear, Shine out a message of love, so clear. I hate myself and my human ways. I realize my weakness, a hymn do I raise, Dear Lord, who loved to the utmost degree, To salvage Thy life on Calvary's tree, That we might live, though wicked we be. 'Tis said, "Greater love hath no man than this," To know of His end from that betraying kiss. Them to bear all the pain, all the sins of man, Well might He say, "I've done all I can, Twe died, resurrected, That ye might live. I offer tenderness, mercy, All thy sins I forgive." Oh truly a comfort in times of distress, And for all our sins would he love us less? Nay! I about forever, nay! His love lasts forever and then a day. Before His feet my righteousness rolls in dust, As filthy rags before him thrust. And yet He loves with deepest devotion, A love which excels the sky and the ocean. I pray I cry, And this be my plea, Oh master, Make me more like Thee.

Help A Navy Man

It is surely tough enough for a man to have had to serve in Uncle Sam's navy for three and a half years during the big war but then to have to be called back for a stretch of another 18 months is even worse.

Then add to this the fact that he is now home from service and can't find a place to live.

Can't someone do something for Bill Weimer and his young wife? All they want is a three or four room apartment. If you have a lead on something available give this department a ring so we can tip Bill off.

Cowboys Lose Opening Tilt To McKinley

After two previous postponements the West High School baseball squad finally opened its City League season and went down to defeat at the hands of Linden McKinley, the defending champions by a score of 6-3.

The locals led 3 to 1 in the bottom of the fifth inning, but the Panthers took advantage of the bases on balls mixed in with some faulty fielding to tally three times and added two more in the sixth to gain the win.

The winners outhit the Cowboys 9-4 as Chuck Kessler pitched in mid-season form, fanning 11 local batsmen.

Jim Kimball garnered two of the locals' hits and pitched good ball until wildness proved to be his downfall.

The Cowboys were hosts to Central Wednesday and travel to North today in hopes of getting back into contention for the league title.

Easter Time Is Bunny Time

New Rome Man Finds Rabbit Raising Hobby An Interesting And Profitable Avocation

Gail Kordell on the left and Edna Kordell, her twin sister display but a few of the hundreds of ribbons which have been won in various shows by the New Zealand rabbits raised by their father Earl F. Kordell as the Maple-Drive Rabbitry in New Rome.

Easter Rabbits have been known to bring much happiness to youngsters and oldsters alike but seldom do they bring such lasting enjoyment as they have during the past eight years to Earl Kordell, 32 Maple-dr. Several months after Easter of that year a friend gave Kordell three Easter bunnies which had grown up. These Kordell planned to kill and eat. He then discovered he had placed two does and a buck in the same box—and he was in the rabbit raising business.

It was not very long until he became interested in breeding rabbits for show, and his attention focused on the New Zealand Red, a soft rabbit of beautiful rust color. Since that time he has won numerous ribbons, rosettes and cups. Kordell, a modest cavy breeder, says "of course they are not all firsts." However many blue ribbons were in evidence and his twin daughters, Gail and Edna, were quick to admit that "Daddy's won lots of ribbons."

He is preparing his rabbits, which include a doe which has never been beaten in competition, for a show by Columbus Rabbit Breeders Ass'n to be held at the Columbus Zoo, May 25. Shows are held throughout the United States and breeders either take or send their entries. Kordell is usually accompanied on trips to local shows by other members of the Columbus Rabbit Breeders Assn.

Mrs. Kordell is an attractive and understanding woman who in the past has brought newly born bunnies, stunned by winters' cold into the house where she revives them by placing them near the register and massaging their limbs. She accompanies her husband to many shows but insists that she's just a helper while "the Mister" knows his stuff.

Maple Drive Rabbitry now houses how many rabbits? . . . Kordell

Water Supply Is Inadequate Say Rome Residents

An emergency meeting was called Tuesday night at Rome School by residents of that community to discuss lack of water in the community and to outline plans of protest against the present inadequate water supply system. New Rome village residents expressed the fear that lack of water may prove a discouraging factor to new residents making their home in the community.

Leading the fight to bring more water into the community is Mrs. Arthur W. Kimes of 246 Maple-dr, who traced the difficulty back to 1941 at which time the village of New Rome was incorporated.

Mrs. Kimes charged that three county commissioners, Harry T. Vigor, George Trube and Charles W. Snyder were at that time asked to handle the situation. She said that when 20 homes on US Route 40 were added to make up the corporation, that some 800 lot owners were assessed for a water tank in Columbia Heights and Little Farms sections. When incorporation occurred, she said, the commissioners split the community, giving the 20 new residents the corporation.

Mrs. Kimes charges that the water system was devised to supply only 300 of the 800 owners assessed. In the meantime the village has expanded and newly arrived residents are without water.

County Commissioner Harry T. Vigor, only commissioner still in office said that the county body had nothing to do with the water tank and had only acted in an advisory capacity. He said, "It's up to the city to run water lines out there."

Tuesday night's session gave indications that a petition would be made to the city to furnish water for the community.

Her death came Saturday in Mt. Carmel Hospital where she had submitted to an operation. Survivors are a son, Raiston Westlake, 3294 W. Broad-st; a daughter, Mrs. Sarah Dickerson, 3121 W. Broad-st; a sister, Mrs. Jeannette Howell, Steubenville; a brother, Lon Ralston, Antioch, Calif.; and five grandchildren.

Camp Chase Ass'n To Meet Tuesday

Camp Chase Civic Association will hold its regular quarterly meeting at the Franklin-Twp Hall next Tuesday, Apr. 15, beginning at 8 p. m. according to announcement made this week.

Chief topic for discussion at the meeting will be civic improvements within the community and a thorough review of the current storm sewer situation on the Hilltop.

Carl Popp, president of the organization, urged all members to be present at this important meeting, which will also have several city officials present as speakers.

County Continues Its Plan For Wilson-rd Improvement

Guy Elbin, Franklin County Engineer, today announced that Wilson-rd between U. S. Route 40 and Trabue-rd will be widened and resurfaced in a move to help take care of heavy traffic now using the route.

"Traffic on Wilson-rd has increased 27 per cent since 1947," said Elbin. "Our last traffic count showed that 1,700 vehicles pass a given point on Wilson-rd each 24 hours."

Elbin pointed out that many commercial vehicles also use Wilson-rd. Both cars and trucks use the route trying to avoid the heavier traffic on W. Broad-st, and other routes to the west and north.

Wilson-rd pavement now is 18 feet wide. It will be widened to 24 feet and surfaced with asphaltic concrete. Included in the project are six concrete culverts to be widened and two grade crossings.

The widening will extend for 2.487 miles.

Three Wilson-rd land owners this week filed appeals in Franklin County Probate Court on decision of the county commissioners to purchase land abutting the thoroughfare for a widening project.

Those filing appeals from the prices offered by the county were James Park, 3540 W. Broad-st; Mrs. Emma Link, 494 Wilson-rd, and Ellis W. Jones, 745 Wilson-rd.

The land is needed for a proposed widening of the road and one of the outer-belt arteries of the projected expressway system.

A Probate Court jury will decide the amount the county must for the land on which appeal has been made.

Federal and county funds will be used for 1.59 miles of the distance and county funds for the rest.

It is planned now for the project to be up for bidding Apr. 22.

Elbin explained that Wilson-rd, built years ago to accommodate lighter, slower traffic, has lanes and berms that are too narrow and that drainage is inadequate. The two 12-foot lanes will be flanked on each side by eight-foot berms.

Oakley-av Home Is Ransacked By 'Night Hawk'

Police were faced with the problem of an elusive burglar, who made his appearance on the Hilltop this week and after ransacking an Oakley-av home, left a note signed "Night Hawk."

When the Harvey Smith family of 102 N. Oakley-av awoke Tuesday morning they found the downstairs ransacked and a note written on tablet paper in a childish scrawl under two empty soft drink bottles.

The note thanked the Smith's for the loot of $96 and other things taken from the home and ended with a challenge to "guess how I got in the house."

Police said that all doors and windows were found to be secure within the home.

Community Christian Church Plans Cornerstone Laying Easter Sunday

The congregation of Community Christian Church, Powell-av and Olive-st, will lay the corner stone for its new church on Easter Sunday right after the Easter Worship Service at noon.

The Community Christian Church was started on June 6, 1948 in the West High School. On July 4, 1948 the church was formally organized when the charter members were received. The pastor and founder of the church, Rev. James F. Lorenz, was ordained in the First Christian Church, Newton, N. H. on Mar. 6, 1930.

The church held services in the West High School until Christmas, 1946 when the congregation moved into the basement of the church. The basement was started in the Fall of 1948.

The congregation is now planning to build this present unit which is to be the main sanctuary of the future church. It will be 44 feet wide, and 72 feet long, and made of Columbus limestone. The church will be 38 feet high with an oak ceiling and trusses. The roof will be tile. This main sanctuary unit will be completed at a future time with another wing with the main entrance on Olive-st.

The church also has plans for a large educational unit, and a chapel unit with the entrance on Powell-av. The church owns four lots on the northwest corner of Powell-av and Olive-st.

The community is invited to the laying of the corner stone on Easter Sunday.

Message of the Cross

Calvary's cross, because of the precious burden it bore, has become the most eloquent of all preachers. It is a twofold message that it presents to us: a message of sin and a message of grace.

ITS MESSAGE OF SIN. It was human sin that nailed Jesus to the cross. See Jesus betrayed by Judas, denied by Peter, rejected and condemned by the Jewish council and delivered to be crucified by the Roman governor. Hear the mob shouting madly, "Crucify Him, Crucify Him," and see it persisting in its hellish demand until weak Pontius Pilate orders Jesus to be crucified. It was human nature at its worst that erected Calvary's cross.

However, not only the sin of Jesus' hostile and indifferent contemporaries nailed Him to the cross. Isaiah, the evangelist of the Old Testament, informs us, "He was wounded for our transgressions, He was bruised for our iniquities, the chastisement of our peace was upon Him, and with His stripes we are healed . . . The Lord hath laid on Him the iniquity of us all." John the Baptist directs us to "behold the Lamb of God, which taketh away the sin of the world." It was the world's sin, your sin included, that crucified the Lord of glory.

ITS MESSAGE OF GRACE. It was because the heavenly Father wanted salvation to abound for the children of men that the Son of God was commissioned to suffer the penalty of sin in man's stead. Man in no wise deserved such consideration. "God commendeth His love to us, in that, while we were yet sinners, Christ died for us."

Because of Jesus' sacrifice on the cross, the streams of saving grace now flow for all men without exception. "For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life." Look to the cross. There is life in the trustful look at the crucified One.

C. T. Langholz
St. John [illegible]

It Is Finished

Jesus came into the world with a definite purpose. God, the Father had given Him a mission to complete. The angel had said to Mary, "Thou shalt call His name Jesus for He shall save His people from their sins." He had lived among men for thirty-three years, and had given the world the one perfect example. Now He was making the supreme sacrifice for the redemption of humanity. God had made a plan and He completed that plan, so He could say as He died on the cross, "It is finished."

The Devil no doubt intended that this should be the end of Jesus, but it was God's way of making it possible that all who believe in Him might live forever.

His redemptive work was completed and He could say, "It is finished." A few hours later they laid His lifeless body in the tomb, but the third day God raised Him from the dead to live at His own right hand forevermore, and to dwell in the hearts of all who believe and trust in Him.

In Passing

By ESTHER WEAKLEY

A friend asks that the beautiful legend of the dogwood tree be reprinted. Happy to comply.

THE LEGEND OF THE DOGWOOD TREE

In the time of Christ, the dogwood tree was supposed to have attained the size of the oak and other forest trees, and so strong and firm was the wood of the tree that it was chosen as the timber for the Cross.

The trees were greatly distressed at having been chosen for such a cruel purpose, and Jesus, sensing their regret and pity for His suffering, made this promise:

"Never again shall the dogwood tree grow large enough to be used for a cross. Henceforth it shall be slender and bent and twisted, and its blossoms shall be in the form of a cross — two long and two short petals. And in the center of the outer edge of each petal there shall be nail prints brown with rust and stained with blood, and in the center of the flower will be a crown of thorns. All those who see it will remember it was on a dogwood tree that I was crucified, and this tree shall not be mutilated nor destroyed, but cherished and protected as a reminder of My agony and death upon the Cross."

And so today, upon our hillsides, the dogwood tree grows as the legend promised, its branches slender, bent and twisted, bearing each spring its snowy blossoms and each autumn its flaming berries.

SPRING ALWAYS COMES

When last I faced the wind upon this hill
And looked across the valley, white and still,
I marked no sign of life in bush or tree;
Lost in their thoughts they waited silently.
But now the lovely miracle of spring
Pours throbbing beauty into everything.
This is no time for bitterness or grief.
The hand of God has touched each blade and leaf.
Surely the One who glorifies this hour,
The One who brings the barren branch to flower,
Will leave no reassuring word untold
Nor let a child sleep lonely in the cold.

Another doting grandmother told a story about her 2½-year-old grandson, which could be titled "Effect of TV on kids." "Sandy" Sanford is the grammaw; Donnie the grandson. Donnie didn't want to eat his lunch but his Dad insisted that he stay in his highchair till he did eat it. After a mild argument, Donnie told his Dad in the approved TV-comedian manner, "I don't know you; you don't know me; so what; big deal!" PS — Donnie got by without eating his lunch.

The four chain letters received during the past two weeks were sent by strangers so I must be on some sucker-lists, four at least. Must be wonderful to have so much spare time that you can write twelve (count 'em — 12) letters to strangers. I can hardly find time to write to friends and relatives. Of course the letters contained the usual dire prediction that death might even come if I allowed the chain to break. So if I die, you'll know why. Oh yes, and did you know that the reason President Roosevelt was elected is because he copied this same letter and sent it to twelve of his friends? That's what the letter said — though it didn't specify which election.

Appeal For Old Furniture Made By Volunteers

An appeal for old furniture was issued today by the Volunteers of America to Columbus housewives. Recent calls for furniture by needy families have depleted the Volunteers of America stock.

Old furniture, discarded by a Columbus family, is repaired, painted and cleaned up for some less fortunate family in the Volunteers of America workshop. Craftsmen, often unable to work in private industry, work over your discarded pieces. The Volunteers of America points out that salvaging a discarded piece of furniture is also salvaging a man.

If you are replacing that old refrigerator or have a worn out chair in your attic, the Volunteers of America will send a truck to your home if you telephone AD. 5665.

The Luther League will sponsor a 5:30 a. m. sunrise service on Easter Sunday and will be in charge of the breakfast to begin at 6:30. Regular worship services will be held at both 8 and 10:30 a. m. with "Christ Is Risen", the topic for Rev. John E. Hydinger, pastor.

The benign expression on the face of young Master Steele, son of Mr. and Mrs. Steele, 30 N. Stevens-av seems to mirror just such an expression but we're not saying he's facing the judge. On the other hand it's probably a questioning look at Mommy or Daddy that says "What'll I do now?"

You Can Help Solve The Parking Problem

While the Columbus City Council is currently debating the seemingly unsolvable problem of off-street parking in downtown sections and the daily press is hammering at the councilmen for immediate action to clear up the parking situation, there seems to be an attitude prevalent in the community sections to "Let George Do It!"

After all, there is one simple method which would help to alleviate the parking problem in the downtown section of Columbus — a method in which every citizen in the community sections of the city can do his or her part.

In every community such as ours, there are established good reliable business firms, offering every type of merchandise and service as can be found in the large business establishments in the downtown area. Shopping in your own community stores, where there is always easily accesible parking can solve the parking problem in the downtown area. There is really no need to journey downtown for some piece of merchandise and thereby add to the already muddled traffic problem when the same type and kind of merchandise can be found on your local merchants shelves.

You'll not only ease the parking problem downtown, when you shop in the local merchants store, but you will also save yourself the time consumed in seeking out a parking spot. You'll save that temper too, by not having to buck heavy traffic and quite likely you'll save money as well, because that very same bit of merchandise which you seek in the large downtown store is more than likely priced just a bit lower in the local merchant's store, because he is not faced with the problem of high rentals as are the downtown business men. The saving is yours.

Try it a while, shop locally in your own community. In addition to savings to yourself, you are also easing the downtown parking problem.

A Hollywood actress wanted to divorce her fifth husband and her lawyer advised her to go to Mexico. "But I don't understand Spanish," she protested.

"Don't worry," he advised her, "everything will work out if you'll just say 'si si' everytime the Judge asks you anything.

So they went to Mexico and during the proceedings the actress was asked many questions and each time she answered, "si si." Finally a great cheer went up from the spectators.

"Well," cooed the dame, "I guess I'm divorced!"

"Divorced nothing!" cried her lawyer, "you said 'si si' once too often and now you're married to the Judge!"

SPORTS LANTS

By Woody Owens

Sixty baseball prospects have been working out under the guidance of Coach Lehman with hopes of being members of the 1952 West Junior baseball squad. Only two lettermen are holdovers from the 1951 nine, namely, Bill Spratley, who is equally adept on the mound, in the infield or outfield, and Nafziger, who will probably play the initial "sack."

Some of the outstanding candidates are Deahler, Nebinger, Adams and Courtney, outfielders; Pruden, 3B; Edwards and Scannokos, catchers.

The junior Buckaroos will open their regular season schedule on Tuesday, Apr. 22, with Starling as their opponent on the local diamond.

West High School's track team will make its 1952 debut this afternoon, Thursday, Apr. 11, 4 o'clock, on the local cinder oval against the powerful East High Tigers, long a power in local and state competition.

The locals have been hard at work in preparation for this meet and hope to make it a win, with some sure point getters in the persons of letterman Bert Heyder, hurdles; Ted Johnson, hurdles and high jump; John Bois, 440-yard Eugene Harrison, dashes; Paul Anderson, distance; and Joe Sames, dashes; two non-letter men, John Current, pole vault, and Don Whipple, field events, should also add to the locals' point total.

West Senior Class Play Cast Is Chosen

Above is part of the cast chosen for "Cheaper by the Dozen," the comedy to be presented by the senior class of West High School, Friday, May 2, 8:15 p. m. in the auditorium.

Left to right are George Brown, who will take the part of Frank Gilbreth; Sue Keller, Anne Gilbreth; Suzi Johnson, Mom Gilbreth; Marilyn Cramer, Ernestine Gilbreth; and Jack Martin, Joe Scales. Seated is Myrna Burwell who will play the part of Martha Gilbreth. The father in the play will be played by Ted Johnson who was unable to be present when the picture was taken.

Tickets will soon go on sale for 65c reserved, and 40c general admission.

Let's Talk Things Over

Money doesn't go a long way in these days. That's what a friend said to me the other day. My reply was that it all depended on how he spent it, and I told him that I could put him in the way of securing a sizeable estate, say $10,000, for a down payment of a few dollars. What is more, even if he were to die anytime soon after the first down payment, the whole estate of $10,000 would belong to his family without the spending of another penny.

And, let me tell you, many large estates of several thousand dollars have come to the rescue of Sun Life beneficiaries following a first and only payment of a few dollars by a husband and father who realized the uncertainty of the future but knew how to make the best use of savings.

Let's talk things over—today!

Bill Haire New Council Prexy At West High

In a school-wide election on Apr. 3 at West High, Bill Haire captured the presidency of student council, while Scott Pence, Sue Key and Betty Penn were elected vice president, secretary and treasurer respectively.

These four outstanding students have all been very active in school for the 52-53 season in the council's activities. The new "head chief" is vice president now. Bill is very active in sports, having played on the football team for two years, the basketball team and the baseball team. He is a member of the stage crew, Spanish Club, and was a Civic Chairman of his homeroom in the tenth grade.

The new "veep" may not be a singing one but he certainly is a musical one. Scott plays the trombone in both the dance and marching bands. He runs cross-country and track and is on the swimming team. Homeroom 314 claims him as its secretary this year. Mr. Pence is a member of the Latin Club. While in Junior High he was a member of Student Council and Service.

Sue Key, better known as "Sukey", has been elected to take care of the secretarial end of the council. At present she is vice-president of Y-Teens, secretary of her homeroom, a member of G.A.A., Hi B. A., and chorus. Last year she was president of her homeroom and served in Student Council.

A mighty little girl has been elected to take over the big job of handling all the money. She is Betty Penn. Betty is a member of Y-Teens, the French and Latin Clubs, "L" Society, choir, and works in Mr. Park's office. Last year she was elected Business Manager of Homeroom 311 and also worked on the library staff.

Last but not least be sure to see Lois Frasure doing her ballet.

All of these numbers will be introduced by the M.C. of the show, Carol Sayles.

Seniors Choose Class Play

With a laugh in every line and children running everywhere, West High's Seniors will present the hilarious comedy "Cheaper By The Dozen," on Friday, May 2, at 8:15 in the school auditorium.

The play is centered around Mr. Gilbreth, as father and boss of the Gilbreth clan. He is very precise and demanding. In his eyes his children are next to perfect but he is striving for perfect children.

The children are typical children, always getting into mischief and pestering people. Despite this they are sweet and lovable. To them their father's word is law, but the oldest girls go against him. This was caused by the different trend in girls' clothing.

You'll see the snooty, know-it-all school teacher, the humorous heavy set housemaid and the peppy, snappy cheerleader.

All this blends together to make a really enjoyable play.

The cast is as follows:

Mr. Gilbreth	Ted Johnson
Mrs. Gilbreth	Suni Johnson
Ernestine	Marilyn Cramer
Frank	George Brown
Jackie	Jim Halsteine
Dan	Andy Anderson
Bill	Durwood Vincent
Fred	Bill Rayburn
Anne	Sue Keller
Lillian	Nina Bates
Martha	Myrna Burwell
Mrs. Fitzgerald	Carol Moore
Dr. Burton	Dave Lockwood
Joe Scales	Jack Martin
Mrs. Brill	Jean Forrer
Larry	Jim Coonts
Mrs. Fitzgerald's daughters	Eleanor Cozad, Barbara Adams

The following committee members will serve back stage:

Student Directors: Gloria Russell and Barbara Wesley; Book Holders: Carole Robinson, and Maryanne Brooks; Publicity Chairman; Nancy Volz, Ronnie Grant, Don Smith, and Barbara Suver; Program and Ushers: Chairman, Linda Yaple, Ann Durham, Diane Renollet, and Jim Labrens; Costumes: Chairman, Jocelyn Smith, Grace Fritchen, Meredith Hegenberger, Joan Lannon; Props: Chairman, Diane Renollet, Olympia Pappas, Ina Willis, Eddie Gleibs, Bert Heyder; Make-Up: Diane Hilf, Lois Reeder, Mary Lou Tilton.

West High School Latin Club Holds Assembly Program

On Apr. 3, the Latin Club of West High presented an unusual comedy at an assembly.

The Cicero Class composed of Juniors and Seniors portrayed the stirring adventures of Cicero and the traitor Catiline in the form of a humorous radio program. George Brown was Cicero and Karl Cline, Catiline. Other characters were: Loren Galloway and Charles Merrick announcers; Jim Schumann, the corpse; Jim Kindig, the slave of Cicero; Don Rings, Hugh Hendershot, Brian Mahoney, Catiline's conspirators; and Marlyndale Smith, the maiden. The remainder of the girls in the Cicero class provided an unusual commercial for "Tub O' Suds" Soap.

Big Bear Stores Announce New Grocery Manager

Harold A. Gray

Announcement was made this week of the change in managership at the Big Bear Stores, grocery department when Ray Evans, who has been manager of the department since the opening of the new supermarket was transferred to the Toledo area and replaced by Harold A. Gray of Toledo as manager.

Gray although new to the Hilltop's most modern new store is not a stranger to Columbus, having been in the employ of Big Bear at the Lane Avenue Market during the war years before being transferred to Toledo. He has been in the employ of Big Bear for the past ten years in Newark, Columbus, Springfield and Toledo.

Married and the father of four children, Gray in addition to his duties at the Big Bear Market is also busily engaged in seeking living accommodations for his family. At the present time his family is still in Toledo until he can find a home in the Hilltop area, which he says he prefers to any other sector of Columbus.

"Yes, we talked about getting married," continued Miss Calentine, "but that won't be right away . . . not until he gets out of the army next fall." Cpl. Easter Time Is Bunny Time

Earl F. Kordell displays here the proper method by which to pick up a rabbit. Says Kordell, "With all this furore created by Arthur Godfrey and his incorrect manner of handling rabbits, it's time to handle the animals in a proper manner. They should be grasped by the skin at the nape of the neck by one hand and their body supported by the other hand in the manner shown here. This is less harmful to the rabbit and also will prevent him from clawing you with his hind legs."

(Continued from Page 1)

couldn't say but we would now estimate around 30 adults and "numerous" children. Their pens are partially open to the fresh air which according to Kordell is very important to their health. They must not on the other hand be situated in a draft. Pellets are the menu for the Maple-dr rabbits, plus a lot of love and care.

The New Zealand Red is a very gentle rabbit and, as evidenced by the above photos, very well behaved. According to Kordell the breeders have darkened the coat of the New Zealand within recent years. He compared the creamy underside of a baby rabbit with what "reds" used to be like. They are judged just like other stock, the color counts so much as does the weight, stance and other factors.

In addition to twin daughters and a rabbit hutch full of rabbits, the Kordells have a dog (a large dog at that) and a cat. It's all one big happy family.

INDIA AFIRE
By Clare and Harris Wofford, Jr.

India Afire is a book written about the People of India and their struggles against starvation. The authors, Clare and Harris Wofford, Jr., traveled throughout their land interviewing them in their homes and at work that they might better understand the problems of a nation having a population of four hundred million people or one-fifth of the people in the world.

It tells about their cities with thousands of people sleeping on the sidewalks, never having known the peace of a home. The factories with their long hours and inadequate wage, lack of sanitary conditions, lack of schools, crowded conditions in the home and scarcity of food. In the rural sections they found it even more terrible. The land is owned by a few who rent to the peasants at such exhorbitant prices that a family cannot afford more than an acre or two at most. Supporting a family on an acre of ground leaves them without enough food or clothing which in turn means starvation and early death. Everywhere the people are looking for an answer to their problems but each day their problems become greater through lack of birth control and subsequent increase in population.

Their struggle to drive England from their land, that they might be a free people, the division of India, the effects of Communism on the people, the organization of the socialist party and its rapid climb in popularity, Gandhi and his influence on the people are some of the problems that are discussed throughout the book.

PICTURE WINDOW
By Josephine Lawrence

Readers familiar with Josephine Lawrence's books know that in each the author writes of an everyday problem, universally familiar and universally insoluble.

As IF I HAVE FOUR APPLES deals with the economic struggles of the middle-class wage earner; as BOW DOWN TO WOOD AND STONE portrays self-imposed martyrdom disguised as unselfish giving; and as YEARS ARE SO LONG hammers at the bitter shame of unwanted, penniless old age, this book ponders the question of what to do with dependent relatives who constitute a barrier to the marriage of two young people.

Bonnie and Garth wanted to marry, but found themselves impeded by Garth's dependent mother and sister, and Bonnie's father and young brother. Their combined incomes could not be stretched to support three establishments, so they did the next best thing. Against the advice and horrified protests of their friends, they rented a rambling, old-fashioned house—and moved the three family groups in together. A father who loses his job, a brother who brings his young bride to join the crowded household, a neurotic spinster and a resentful mother add to the complicated project. Against this background parade the characters of Bonnie's friends, who condemn and pity her even as they attempt to justify their own flat refusal to accept responsibility or concern for their needy families.

Although PICTURE WINDOW, like all of Miss Lawrence's books, contains a wealth of homely detail, these characters seem a little less garrulous then earlier ones, which is a fault on the right side.

Less shocking in its impact than YEARS ARE SO LONG, and less frustrating to the reader than NO STONE UNTURNED, this is still another of the author's consistently good offerings.

Easter Flowers Are Felt To Be Sure Sign of Spring's Arrival

By Judy Masters

Does any feeling of true spring's arrival surpass the sight of colorful Easter corsages, bouquets, and potted plants, as they fill the local greenhouses to overflowing? Hyacinths, tulips, azelias and hydranges are a few of the forerunners of the new season according to Mrs. Curt Roberts of Yost's Florists. Cut flowers which will be popular for church bouquets and home decoration will include daffodils, iris, snapdragons, and carnations. The Easter lily, a favorite for churches, is exceptionally nice this year.

Mrs. Roberts points out that corsages are an accessory and should be blended into the colors of the wearer's ensemble. Those ordering corsages should know what the receivers will wear and that includes all the colors.

Speaking for corsages Joe Birnbeck of Hilltop Florists likes to work with carnations and they come in red, pink, yellow and white. He doesn't approve of wearing red roses on red or pink on pink as is so often seen. He agrees that everyone has a favorite flower but should order a corsage to go with what she will be wearing.

Roxainne Fritter of the florists which bears her name, "Roxainne's", will have several extra nice things for Easter this year. Double azelias with heads the size of half-dollars, will come in deep red shade, and the hydrangeas which are always pretty grew well this year and come in pink, white and blue.

Roxainne plans to have a selection of cymbium orchids which are gaining popularity as a corsage flower. They come in brown, white, green and pink, and rarely in wine and yellow. It takes two to make a corsage but the florist will have the corsages beginning at $3. Imagine an orchid for that!

Potted plants and planters ordered over the Easter period from Roxianne's will be adorned with bunny heads of white styrofoam plastic with ribbon bow ties. Just something extra for the season.

Walter J. Stephens of Stephen's Florist (it's been in the family for three generations) suggests that potted plants are exceptional this spring. In addition to the regular specialties they will have lilies of the valley which have been forced to bloom early. Now isn't that enough to give us spring fever?

Or, how would you like some blooming chrysanthemums? Think I'm nuts? He has them in a golden yellow. They call them "lighted and shaded" because they keen them, under light and then shade them to force the blooms. The cuttings were planted last November and kept under light for six weeks before being covered for the buds to set on. Imagine chrysanthemums and lilies of the valley—both in April!

It was chartered in May 1950 and since that time has grown to 300 members. Mrs. Davis, crippled by arthritis for the last 30 years has lived by their motto, "Do the best with what you have wherever you are."

Easter Bonnets A High Point Of Milady's Spring Wardrobe

By Judy Masters

Women and hats—men often wonder which is the greatest. Many women buy a new hat when their morale is down, others buy or redecorate their hats at certain regularly scheduled seasons of the year, no-more-no-less. But nearly every woman looks forward to her Easter or spring chapeau.

This year girls, we can really let [illegible] go. Although hats are for the most part small and with a forward trend (and ALL perched squarely on the head!) the main decoration is flowers and veiling—and plenty of it. According to Mrs. Virginia Faudree, 606 Woodbury-av, who teaches hat making at the YWCA and creates them for a downtown store, we must first select a line that is becoming to us as an individual. Various "blocks" to the crown can be French, square, sailor type, beanie and bandeau.

The color is next important to the effect of the hat and suggestions by Mrs. Faudree were when working with a tone such as beige (say a beige suit) a hat could be created of beige tones of rose. Shading them from the faintest tint of rose with beige to a rose-rose. The same suggestion was made with black as the basic color. Use blues to shade into the brighter colors.

Straw is the most widely used material for the base, but they are showing some velvet for spring, some organdy, ribbon, and a few others. A lot of velvet is being used to decorate the hats with a relatively new idea in the "faced" sailor or rolled brim hat using the velvet. A few styles are still using pearl or jeweled trim but the major trim besides veiling will of course be flowers.

Everything from pastel violets through giant roses in many colors will enhance this year's bonnets. Many small flowers such as violets or lilies of the valley will be tucked snug against the sides of a bandeau or down the underside of a sailor. Single flowers will perch jauntily in the center of the front brim or be caught peeking from the back-side! One of the most popular flowers this spring is the violet according to Mrs. Faudree. They come in a variety of shades and a whole hat can be covered with violets alone for breathtaking fetchingness.

HBA Sounds Warning On Check Forger

Hilltoppers are being warned by the Hilltop Business Association to watch for a check forger working throughout local stores.

Checks made out to Carl Rowsey and signed by Oscar E. Slaughter are forgeries. They are purported to be pay checks but Slaughter has not employed this man for more than a year.

The majority of the hogs raised in Ohio are slaughtered and consumed within the State.

"Into Thy Hands I Commend My Spirit"

And there was darkness over all the earth until the ninth hour. And the sun was darkened; and the veil of the temple was rent in the midst. And Jesus cried out with a loud voice and said, "Father, into thy hands I commend my spirit." And having said this, He expired. (This is a reproduction of a lithograph by George W. Bellows, famed Columbus artist who died in 1925. The original is in the collection of the Columbus Gallery of Fine Arts.)

New Miller-Jones Store Announces Manager

Cal Henderson

Cal Henderson, 726 S. Richardson-av has been named as the manager of the newly opened Miller-Jones Shoe store at Central Point Shopping Center. The new store was one of the first in the shopping center to open its doors to the public last week.

Henderson said this week, "I want to personally express my appreciation to the many people of the West Side and Hilltop who attended our opening and to remind them that they still have until Saturday to visit our new store and become eligible for the prize awards of a TV set and bicycle which will be given Saturday, Apr. 12 at 8 p. m.

Auto License Protector Is Offered Free

A transparent sticker to provide protection for the new Ohio automobile license on the windshield is now available free at Glen Hamilton and Haimerl Sohio service stations.

This sticker, another Sohio service to the motoring public, is about one-half inch larger than the license stamp to provide a protective seal on all four sides.

When this convenient self-seal sticker is in place over the auto license, the inside of the windshield can be washed without damaging the blue license stamp.

Bible Comment:

Christ Arisen Gives New Faith to His Dejected Disciples

THE Resurrection of Jesus of Nazareth is the one great ray of light, hope, faith and inspiration in what without that fact, would be a dark and gloomy world.

It is in the presence of death that we seek some evidence that can assuage its sadness and create some overpowering hope and confidence that can bring light into darkness and tragedy. There is no evidence in nature, life, or history, except the evidence of the Resurrection of Jesus. It is the one supreme fact.

And what evidence have we of that Resurrection? The evidence of disciples whose own lives, outlook and actions were changed by the fact that they saw Him after His crucifixion.

They were affected by His death just as we all are effected by the death of one we love. They were and beyond measure, and they were bewildered by the blow that had been struck.

But beyond their sadness was the intensity of a great disappointment and discouragement, the blasting of hopes that had been great enough to induce them to leave everything and follow a Master about to establish a kingdom.

Then suddenly their complete despair was transformed into a revival of faith that, in itself, was as the resurrection of something that had died. In that new-found faith their vain ambitions and their disputations about who should be first were all left behind.

Vision and courage of a new comprehension of the meaning of Christ and His Gospel inspired them to go forth to their spiritual conquest of the world.

The miracle of what happened to the disciples is the miracle of the Resurrection. And faith in the Risen Lord has been the power and inspiration of those who have followed in their footsteps to bring to man God's gift of eternal life.

THE warm winds of spring carry an old, old story this morning.

It is the *one* story most of the world wants to remember.

It's a short story: An infant born in a stable, then growing into manhood. A man whose tiny, loyal group of followers walked with him up and down a dry, barren land to hear Him speak, and see Him live. A man who said fewer words than the average character in a modern novel. A cruel death. And then resurrection.

That, bacisally, is the story of Jesus.

And yet that same story swells hearts with hope and faith in a thousand lands this Easter morning. For they are His words, not those of His Crucifiers, that we hear and heed this Easter. They are words which will yet unite a world which has tried all other ways. They are words that tell us that eternity is within our grasp and our making.

Let us heed them again this morning. And where better can they be heard than in your church or Sunrise Service, where fellowship of family, friend and neighbor is living proof that Easter, and the gentle life it commemorates, is still triumphant in the minds and hearts of men.

I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live.

West Hi School Juniors Present Easter Play

"The Case of the Easter Bonnet," a comedy in one act, was presented in the West Junior High Assembly today under the direction of Mrs. Velma Millhone.

The play tells about how the Fairchild children confused an Easter bonnet of one of their mother's friends for one of their mother's own hats. After going through many maneuvers of getting rid of the hat, everything is straightened out though.

The cast includes Mrs. Fairchild —Judy Miracle, Kitty Fairchild—Sally Thimmes, Scotty Fairchild—Bev Wilson, Junior Fairchild—Ronnie Henry, Taffy Parker—Kathryn Allard, Wilber, the boyfriend—Dana Deshler, and the Policeman —Perry Slaughter. The student directors were Margie Beeson and David Brophy.

Five Churches To Hold Union Sunrise Service

Final plans were made this week for the open-air community sunrise service to be held Easter Sunday, 5:30 a. m. in the Hilliards High School stadium. In case of inclement weather it will be held in the school auditorium. Rev. Clyde C. Pinnell, pastor of the Hilliards Methodist Church, will give the narrative over radio station WRFD.

Guest speaker will be Rev. Clyde Rogers of the Town and Country Work of the Ohio Council of Churches, and the Hilliards High School Choir will provide a special musical program.

The service which is open to the general public is being sponsored by the Wesley Chapel, Colwell, Amlin, Columbia Heights (New Rome) and Hilliards Methodist Churches.

The first pottery was established in East Liverpool in 1840.

NEW BAND CLASSES
By JoAnne Landis

New band classes are now being organized at Hilliards Elementary School to give young children a chance to learn to play musical instruments. This automatically places a child in worthwhile school activities, it provides him or her with something interesting, pleasurable and worthwhile to do during leisure time.

Musical aptitude tests are now available to show whether a boy or girl is likely to succeed in music. These tests have already been given to Hilliards Elementary School pupils and are available to any interested person.

A meeting of the parents and pupils interested will be held in the Hilliards Elementary School Music Room Apr. 21 at 8 p. m. All types of instruments will be on display and parents have a chance to confer with the director, Robert White, concerning the instrument best suited to a child.

STATE HOMEMAKERS
By Joy Travis

Six Hilliards Future Homemakers of America girls have been notified that they will be awarded the State Homemakers Degree They are Gail DeWolfe, Wanda Sherwood, Doris Brown, Patty Hart, Leona Brown and Edna Wuertz.

The girls have been working on the project for three years. Before applying for the State Homemakers Degree, they had to meet first the requirements for the Junior and Chapter Degrees which were awarded locally during their freshmen and sophomore years.

The requirements were many and varied, but in general consisted of service to the home, school and community. Every service reported had to be supplemented by a written recommendation by the person under whose guidance the service was performed.

Before a girl can even apply for this degree, she must rank scholastically in the upper one-third of her class, have satisfactorily completed four semesters of homemaking and be making at least a B average in all subjects in high school.

This is the first time anyone from Hilliards has ever qualified for this degree.

HOME ECONOMICS IV
By Jo Anne Landis

Does your kitchen need reorganization Just take your problem to the Hilliards High School Home Economics IV girls. They will show you how to construct pigeonhole shelves, step shelves, rearrange your dishes and cups. They have learned to do this while reorganizing the Home Economics laboratory.

William Harsh, the industrial arts instructor, has taught the girls how to construct these various shelves in the industrial arts classes. Miss Mary Kohler, home economics instructor, and the girls have worked hard at this for two weeks.

Nancye Johnson, Kay Carmichael, Edna Mae Rogers and Barbara Summers have concentrated on the top of one kitchen, closing in an open shelf, making a door for it, adding shelves inside and reorganizing dishes to make the kitchen more convenient.

Charlotte Spear and Joyce Ridenour had a frequently used drawer each which they partitioned off for silver-ware.

Phyllis Lutz partitioned a utility drawer, making individual spaces fir each utensil.

Alma Johnson, Anna Barr, Jo Anne Landis and Saundra Frye worked on the bottom section of another kitchen, making pigeon hole shelves for cake plates, muffin tins, trays, etc., and also painting them.

BROILER PROJECT ENDS
By Arvenia Tucker

Donald Hackworth of the Hilliards F.F.A. Chapter won second place on his broilers in the Columbus Junior Chamber of Commerce project. Don was competing with 46 other boys from Franklin County in the broiler contest, and was awarded a beautiful plaque for his efforts.

Ray Bennett, Donn Krieger, George Miller and Joe Schnug, also from Hilliards F.F.A. Chapter, participated in the broiler project.

Each boy is given 100 broilers by a Columbus Jaycee and in 11 weeks the boy tries to have his chickens weigh four pounds each. The boys select and dress five of the best birds for the contest. The judges from Ohio State University place the birds and tell the boys why one entry is better than the other.

The donor of the chickens and the boy who received them attend a dinner at a downtown hotel at the close of the project.

Thursday, Apr. 3, Leon Boucher, vocational agriculture instructor of the Hilliards chapter, and the boys in the project were guests at this year's banquet at the Hotel Chittenden, sponsored by the Columbus Junior Chamber of Commerce.

Another value derived from the project is the excellent town-and-country relationships developed. The Hilliards boys raised 932 of the 950 chicks started this year.

She stayed at the Waldorf-Astoria Hotel, went shopping on Fifth Avenue and saw the ocean liner, "Queen Mary," leave the pier. At Radio City she saw the famous Rockettes, also Fay Emerson, the famous television star.

Hilltop Community Council Again Leases Camp Clime For Summer Youth Activities

Pictured above is the signing of the new lease for Camp Clime. Seated at left is E. O. Clime and at right Clarence Story. Standing, left to right, are C. H. Campbell, Harold Fox, Mrs. Boothe and Delbert Pack.

Hilltop Community Council has signed the Camp Clime lease for the second year so that youth groups of the Hilltop will again have a camp site for their summer outings.

To help promote this project the Hilltop Kiwanis Club presented the council with $150 at the last council meeting. The Hilltop Business Association paid for the lease last year.

In 1944 The Hilltop Community Council was formed for the purpose of seeking a solution to juvenile deliquency as well as attempting to promote and improve a social and recreational program for youth of this community.

The first meeting of the council was held in the West Broad Street School auditorium with representatives from various organizations attending. Origin of the Hilltop Council was inaugurated by the Men's Brotherhood of the Hilltop Lutheran Church and temporary headquarters were set up at the Hilltop Record offices. Jerry Spears, sr., was the first president with Charles Mangus, Phillip Stout, Cy Rawlings, Russel Carter, Jerry Spears, Jr., and Delbert Pack were successive presidents.

During the past eight years the council has sponsored the Teen Canteen; presented plans to improve Glenwood Recreation Center; was indirectly responsible for the Hilltop Branch YMCA; sponsors the annual Hallowe'n Party which has inspired other communities to follow the same pattern; sponsors an annual Easter Party, Christmas Party and the Hilltop playground openings.

The council has secured traffic lights in locations near schools; brought many traffic problems and other civic problems to the attention of Columbus Council and worked to beautify the community.

All Hilltop schools, churches, organizations and civic groups are represented in the council. It is a non-profit organization with officers and workers receiving no compensation other than knowing they are helping to make the Hilltop a better place to live.

The 1952 officers are: D. L. Pack, president; F. N. Reister, vice-president; Mrs. H. C. Booth, secretary; Mrs. A. G. Page, treasurer; Mrs. Paul Quinn, recording secretary; Mrs. Edward Thompson, special events and activities; Mrs. K. L. Martindale, public relations; Clarence Story, Camp Clime chairman; Mrs. W. S. Waltman, welfare chairman; Mrs. Ray Cave, parks, playgrounds and Church and School Chairman; Frank Mason, assisted by the PTA president of each Hilltop school.

Meetings of the council are held the second Wednesday of each month in the social room of the Glenwood Recreation Center at 8 p. m.

Many Hilltop Demos Boost Pickering Bid

Over 50 Hilltop Democrats were present at a Hilltop For Pickering meeting held Tuesday evening at Schmelzer's Restaurant in behalf of the candidacy of Harold Pickering for sheriff.

Sam Willis, for 22 years a Democratic committeeman of the eleventh ward, was chairman. Speakers included Pickering, Al Tonti, Henry Fagan, John Holzapple, George Tarbutton.

Old time Democrats present included Bert Elliott, Harvey Carter, W. E. Williams, William Palmer and Earl Williams.

Holzapple, summarizing reasons why Pickering should be nominated, stated, "It is the duty of the party to select candidates that the public can support and who are also capable of administering the duties of the office. Pickering fills the bill in both respects. He has served over 20 years as will deputy in the probate court. Most lawyers attest he is a willing public servant and his past record indicates he will do a good job if elected to this office."

Westgate EUB Church Encourages Its Youth To Make The Ministry Their Life Work

Pictured above with Rev. Harold Dutt, pastor of Westgate EUB Church, are six prospective ministers all from the local church. Left to right are Jack Six, Walter Dean, Jr., Robert Howard, Rev. Dutt, James Conley, Joseph Alutius, Jr., and Edwin Johns.

Hilltop Student Voted Outstanding Leader

Wanda Archer, daughter of Mr. and Mrs. William J. Hiermer, 1982 Fairmont-av, was recently voted one of the nine most outstanding women leaders at Ohio University. Choices made by the student council were based on her membership in Mortar Board, of which she is treasurer, and Kappa Phi, of which she is secretary.

Miss Archer, a major in home economics, was an honor student at West High School.

Six young men out of the 400-member congregation of Westgate Evangelical United Brethren Church have chosen the ministry as their vocation. The first to become a minister will be Robert Howard. He will receive the degree of Bachelor of Divinity from the Evangelical Theological Seminary, Naperville, Ill., on May 5. Upon graduation he will become pastor of Oakland Park Evangelical United Brethren Church here.

The reunion of the six who have answered the call to the pulpit occurred over the Easter week-end when they assisted in the Easter services. All are taking theological training except Joseph Alutius, Jr., 809 Wiltshire-rd, who will begin his studies at Ohio State University or Otterbein College next fall. Presently enrolled at Asbury College, Wilmore, Ky., are James Conley, 607 Marburn-rd, and Jack Six, 2847 Chester-dr, both sophomores, and Edwin Johns, 55 S. Wayne-av, a freshman. Walter Dean, Jr., 52 S. Wheatland, is a sophomore at Ohio State.

Much of the credit for the youths' decisions goes to the work of Rev. Harold Dutt, pastor at the S. Powell-av church, who says, "It is the climax of our work." During the eight years of Rev. Dutt's guidance the church has quadrupled its membership.

Hilltopper Retires From Railroad

J. C. Baldwin, 69, 156 N. Eureka-av, retired Monday from the New York Central Railroad. He began with the Toledo-Ohio Central 38 years ago. Baldwin has lived on Eureka-av near his present home for about 45 years and his present retirement plans call for a lot of gardening this summer.

He has two children, Vera Miller and Irvin Baldwin and one granddaughter, Diane Lee Lust, 12. Having served in the Spanish-American War in the Philippines, he is a member of that veterans organization, and also of the Eagles.

"Daisy Day"

Blue Star Mothers To Sell Blue Daisy

The three local units, West, Glenwood and Rome, will assist Columbus Chapter No. 6, Blue Star Mothers of America, in the "Daisy Day" project Friday and Saturday, Apr. 25 and 26, selling the Blue Daisy on the streets of Columbus. This year the mothers will be assisted by girls from six of the high schools in the city.

Headquarters will be at the Deshler Wallick Hotel. Mrs. Edward E. Lynch, 2236 Barrymore-av, hospital chairman for the chapter, will be in charge. Mrs. George Pensyl, 393 16th-av, chapter president, with the chairman of the 11 units, will assist.

Rehabilitation and hospital chairman of the local units are Mrs. Ivor D. Engle, 44 S. Wheatland-av, Glenwood Unit; Mrs. Clifford Thompson, 34 N. Warren-av, West Unit, and Mrs. Alice Lamb and Mrs. Ruth Armstrong of Rome, Rome Unit.

Proceeds from the Daisy Sale will be used for hospital and rehabilitation work at Chillicothe VA Hospital and here in Columbus.

A recent project of the chapter was the filling of 48 Easter baskets holding almost a bushel of treats, for the veterans at Chillicothe VA Hospital. There was a basket for each ward and treat for every patient. In addition the units gave ward parties (pre-Easter), taking entertainment and treat to over 2500 men in the hospital. The chapter is also paying for 100 tickets for the opening game of the Red Birds and giving them to the Chillicothe boys who will be brought to the game.

These are some of the things your purchase of a Blue Daisy will help promote thus bringing cheer to boys who have given so much for all of us.

As the result of a disturbance at Ogden-av and Broad-st early Sunday, Earl Hoon, 25, 1926 E. Hudson-st, was fined $35 and costs on drunkenness and assault and battery charges in Municipal Court, Tuesday. He pleaded guilty to the charges which grew out of his attack on Patrolman Harry Carpenter who sought to arrest him and his wife, Rena, 20, when they engaged in a noisy argument over who would drive home. Neighbors of the area informed police of the disturbance.

Judge Wayne Fogle ordered Hoon to pay court costs on the drunkenness count while his wife's case was continued to next Monday. She pleaded not guilty to charges of disorderly conduct and assault and battery.

The Hoons had charged they were mistreated by police while enroute to City Prison. Patrolman Carpenter was hospitalized two days for an injury to his right eye.

Hilltop Man Tries Suicide

Considered in "serious" condition at St. Francis Hospital Wednesday was George Hawk, 22, 164 S. Richardson-av, after an attempted suicide Tuesday. Police said he took a quantity of poison in the attempt.

A room at the YMCA, 40 W. Long-st, was the scene for eating the poison, according to investigating officers.

FIVE ARE INJURED

For the week ending on Easter Sunday the Hilltop had a group of five persons injured in automobile accidents. There was a total of 21 accidents, 18 of which resulted in property damage.

Community Christian Church To Lay Cornerstone Sunday

Rev. James P. Lorenz, pastor of the Community Christian Church, is pictured above as he inspects the cornerstone for the new church edifice which will be laid this Sunday, Apr. 20, at noon. A special service has been arranged for the event which was originally scheduled for last Sunday but postponed due to the inclement weather conditions.

The laying of the corner stone for the Community Christian Church, Olive-st and Powell-av, postponed due to the heavy rain at noon on Easter will take place this coming Sunday at noon, if the weather permits.

A large metal box will be placed within the stone containing the church roll, church history, history of the various organizations, donors of the corner stone, a copy of The Hilltop Record, and a Bible presented by Mrs. Ella Smalley.

New Sewers For Westgate Area Contemplated

A thorough outline of the sewer system, both sanitary and storm in the Westgate section of the Hilltop was reviewed Tuesday night at the regular quarterly meeting of the Camp Chase Civic Association. Columbus City Councilman Joseph Jones revealed at the meeting that the city is contemplating the installation of new sewers to alleviate conditions that have become annoying during heavy rainfall in this section of Columbus.

Jones said that the plan now being contemplated would entail the installation of a sanitary sewer south from W. Broad-st on Westgate-av to Fremont, thence east on Fremont to Binns-blvd and south on Binns to W. Mound-st.

A storm sewer to alleviate flooded basements in the Westgate Park area is being studied for Parkside-dr, but Jones pointed out that the street would have to be torn up, installation made of the sewer and the entire street repaved.

Another point also revealed by the councilman in his address to the civic group was a proposal by the city to install a 20-inch water main in W. Broad-st westward to New Rome. He pointed out, however, that action on this project is being delayed until the city of Columbus is given assurances by business firms and political subdivisions such as Franklin-twp, the county and New Rome that they would share some of the expenses. "The project would cost several hundred thousand dollars," Jones said, "and the city cannot be expected to bear the entire cost."

Other business before the civic group Tuesday night was a proposal for a rummage sale with proceeds to be spent for playground equipment at the new Westgate School and Franklin-twp fire department needs. A street carnival is planned later.

LEG IS INJURED

Marjorie Donavan, 20, 119 N. Ogden-av, suffered bruises on her left leg Thursday when a friend's auto backed into her in a parking lot at 1045 S. High-st. She was treated at St. Francis Hospital.

SPECIAL NOTICE —

No Record Next Thursday

There'll be no Hilltop Record next Thursday, Apr. 24, but don't be alarmed, you will still get your copy of "Ohio's Leading Weekly Newspaper" next week just the same. Instead of receiving it through the mails on Thursday, you'll find it on your doorstep Sunday morning, Apr. 27. Every home on the Hilltop will receive a copy of the Record on that date.

Sunday, Apr. 27, is the date which marks the 35th Anniversary of The Hilltop Record and in it you'll find the story of the Record, its growth and its service to the community throughout these past 35 years. It will be one of those editions which you will want to keep for years to come. There will be many pictures as well as the news of the community.

In the Sunday edition will also be announced the winners of the Photo Contest which closed last Thursday, Apr. 10. Judging of the photos submitted is now underway. A number of the winning photos will be printed as well as several others which achieve honorable mention.

Despite the fact that there will be no Thursday edition next week, there will be no change of news or display advertising deadlines. Only exception to this will be that transient classified advertising will be accepted until 9 a. m. Friday, Apr. 25.

Remember—no Record next Thursday, but on Sunday instead.

West Recognition Day To Be Held On Apr. 23

The creative work of West High students in the department of art, industrial arts, home economics, science, language and others, will be on display at the school Wednesday, Apr. 23, at 8 p. m. The evening is set aside in the spring of the year and called Recognition Day so that students might be recognized for their accomplishments during the school year.

Student committees are at work aiding teachers in preparing the department displays. As much of the students' work as possible will be displayed, hoping to encourage a greater number of individual pupils to work toward a higher goal.

Competent judges will award ribbons of three types, one for excellent, one for superior and one for honorable mention. It is planned to award many excellent ribbons, with one or two superior ribbons for each group.

Among the benefits hoped to be derived from the Recognition Day open house will be better school-community relationships; promotion of interest among the pupils who will participate; higher standards of work; to instill a pride of accomplishment in students heretofore unrecognized for their work; and bring a greater respect for the work done in these fields, especially from those students who do not actively participate in such work.

A brief PTA business meeting will precede the exhibits at 7:30 p. m. in the school auditorium. The following officers will be installed: Mrs. Harvey Fenstermaker, president; Mrs. Richard T. Wright, first vice-president; I. F. Young, second vice-president; Mrs. Frank Lederer, secretary; Mrs. Jack Hostetter, treasurer; Mrs. Lawrence Seibert, Mrs. John Davis and Mrs. Howard Lloyd, council members; Mrs. H. K. Poor, Mrs. Paul W. Nippert and Mrs. Ernest E. Henry, alternate council members.

Mrs. C. O. Cramer is the retiring president.

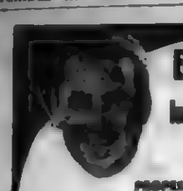
A local housewife, Mrs. Edith Davis, of 777 Harrisburg-pk, won a $500 jackpot this week on the local television show, Movie Quick Quiz, carried daily on WTVN (channel 6) at 6:45 p. m.



The quiz show is sponsored by the Gilbert Shoe Company. Each day, clues to questions asked of Columbusites over the phone, are shown in short movies. Mrs. Davis, who works at the Farm Bureau Insurance Co., won her $500 jackpot by identifying Alice Marble, sports woman of '20s. Clues she had seen just before, enabled her to win, she said.

Mrs. Davis said she didn't know what she'd do with the prize money, but said she'd never forget the question that made it all possible.

MC of the daily jackpot show is Hilltopper, Jim Lawler, who lives on S. Chase-av.

Lucas Sullivant built a toll bridge across the Scioto River at Columbus in 1816.

The first summer school in the United States was started at Mount Union College in 1870.

State School Employes Pledge Blood Donations

Pictured above is Nelson Watkins, secretary of the Hilltop Civil Service Chapter as he signed the first blood donor pledge card at Columbus State School last week. Looking on is Mrs. Bernice Fox, in charge of the program and Chet Long of WBNS-TV who was principal speaker at the meeting.

Launching of a Blood Bank among the members of the Hilltop Chapter of Civil Service which is composed of Columbus State School employees was off to a good start at the conclusion of last week's meeting held in the conference room of the school.

WBNS' versatile Chet Long gave an interesting lecture and showed colored films taken on his European tour as a "kick off" to the drive for blood donors.

Nelson Watkins, Civil Service secretary, signed the first pledge card and Mrs. Bernice Fox who is in charge of the blood pledges, arranged for the first forty donors to go to the Red Cross Regional Center on Apr. 14 to give their first pint of blood in this drive. Another date will be set for additional donors.

The Hilltop Chapter of the Civil Service at the State School is the first group in Columbus to form their own chapter, to elect their own officers and to hold regular meetings. Over 300 of the Columbus State School employees are members of the Civil Service.

Boy Scouts Take On Big Task Of Aiding Blood Donor Program

A number of Cub Packs, Boy Scout Troops or Explorers in the Southwest Boy Scout district of Franklin County will be visiting your home Friday and Saturday, Apr. 18 and 19, to leave an important folder.

They are working together with the Defense Department and the Red Cross to bring to you a blood donor pledge card which you are asked to sign and mail to the Columbus Regional Blood Center, 512 E. Broad-st.

When your pledge to donate a pint of blood is received at the Center, a Red Cross volunteer will contact you by telephone for a definite appointment.

This is the largest service job ever undertaken by Franklin County Boy Scouts. They will leave a blood donor pledge card at every home in the county. The plan was developed on a national level through which the Defense Department, Boy Scouts of America and the Red Cross are cooperating to contact personally as many residences as is possible throughout the nation.

The armed forces need 300,000 pints of blood each month. At the Columbus Regional Blood Center it is necessary to collect 7500 pints of blood monthly to meet the quota of at least 2400 pints of blood for the armed forces and the needs of the community in the local hospitals.

The Red Cross blood program is a community program. If every healthy man and woman between the ages of 18 and 60 years will donate (18-21 must have parental consent) there will be plenty of blood in the Red Cross blood bank to meet every emergency for the armed forces and every need for you, your family and neighbors.

Harry M. Drake, 1578 Sullivant-av, is the district commissioner for the Southwest District in which there will be 40 Boy Scout units with 1020 boys distributing the blood donor pledge cards.

When you answer the ring of doorbell on Friday and Saturday and there is no one there—it is not Halloween or April Fool's Day. Look for the blood donor pledge card it will be in your doorway.

Then sign it and mail it to the Red Cross Regional Blood Center. The return address is printed on the card. Just sign your name and address and telephone number so you can be contacted by the Red Cross for a definite appointment.

Let's Talk Things Over

I was at a party the other night—just a neighbourly get-together—and I overheard one lady say: "I don't know much about my husband's business. I've a full-time job looking after the home and the children."

And it's quite a job, too. Hundreds of thousands of women are doing the same thing. And the mother carries most of the load in keeping her husband and family in good health, in shaping the character of the children, in organizing the home life, and so on.

But there's one important part of her husband's business that she *should* know about. It's important because it affects her life, and the future of the children. It might even mean all the difference between security and despair. It's the matter of life insurance. If the unexpected should happen—and it does — every housewife and mother should have the protection which only life insurance can give.

Yes, that part of her husband's business is really important, and every housewife and mother should know about it. What life insurance has he, and is it enough to give the family a reasonable chance to carry on if the wage-earner died?

I'd like to stop in sometime and talk over this important business before it's too late.

Let's talk things over—today!

COME SLOWLY, APRIL

Come slowly this year, April!
By degrees,
Awake the flowers gently;
Green the trees,
Just a little bit each day,
Spill your rain
In softly whispering shadows,
Lest the pain
Of Spring's impetuous coming
Be too brief
For hearts yet unaccustomed
To new grief.
Come slowly this year, April. Heat
and bless
Those who may be needing tender-

Another famous Hilltopper is Bill Brown, Chief Announcer and Sports Director at WTVN. He and Mrs. Brown, Kathryn-age-six and Michael-age-ten live on Wrexham-av. Mr. Brown has been with WTVN for the past 28 months, coming to Columbus from Warren, Ohio, where he was Program Director at WHHH radio station. Prior to that he was Sports Director at WIKK, Erie, Pa. He has conducted the popular "Quizeroo" show on WTVN for the past two years. The first year he was assisted by Mrs. Brown. His co-partner now is the well-known organist, Mel Drumm. This show is seen five days each week at 12. Mr. Brown's sports program—"Sports Picture"—is on daily at 6:15. He interviews any prominent sports personalities who are in Columbus, including lady wrestlers. He is official Track Announcer for the Columbus Motor Speedway and official 'Ring Announcer for the Thursday night wrestling matches held at Memorial Hall and seen on WTVN. If I may make a Drew Pearson, his pleasant, friendly personality will take him to the top. Glad he and his family are my neighbors.

OSU Alumni Start Annual Fund Campaign

Margaret G. Armour

Alumni of Ohio State University living in the Hilltop area will be contacted this month concerning their contributions to the 1952 Franklin County Campaign of the Ohio State University Development Fund.

Joseph F. Hershberger, 1796 Guilford-rd, the area agent for the Development Fund in Franklin County and W. Wallace Williams, Jr., 1695 Cambridge-blvd, general chairman of 1952 campaign announced an opening date of Apr. 12 for the campaign.

Serving as chairman for the Hilltop area is Margaret G. Armour, 90 S. Ogden-av.

Lend A Hand To A Worthy Group

The Camp Fire Girls need your help.

Many of our readers are freer in the summer months and undoubtedly will welcome the idea of spending some time out-of-doors. There's a way open to all who like to get out into the hinterland and enjoy the freedoms and beauties of nature and at the same time render a service to one of the most worthwhile organizations within this community.

The Camp Fire Girls need your help this summer. They need anyone interested in children, and wanting to spend some time out-of-doors to help out as staff members in carrying out their Day Camp program. Any special talents will also be utilized.

Each year the Camp Fire Girls carry on quite an extensive summer program. One of the most interesting parts of this program is held at Blacklick Woods at their Day Camp. This year will mark the third season that the girls will gather at the site.

The girls spend every Tuesday, Wednesday and Thursday from June 17 until Aug. 14 at Blacklick Woods. Buses furnish them transportation and the girls pack their lunches and stay from 9:30 a. m. until 3:00 p. m. at the camp.

The Camp Fire Girls office at 137 E. State-st advises that they need understanding, interested people to help give to these youngsters the type of program they like to offer. They point out that it is not possible to carry out this program without volunteer help from the adults.

Those of our readers who desire more information in regard as to how they may aid in this program to the youth of the community are asked to call AD. 2945 or AD. 9304 for further particulars.

There is the opportunity, many of you readers have wanted . . . an opportunity to get out of doors this summer and a chance to also aid a worthwhile organization that is of benefit to our community's youth.

Intelligence Test ANSWERS TO

Use Evergreens For Planting

During the current spring many evergreens will be used in landscape plantings. Many kinds of evergreens are available from nurserymen but none are more satisfactory than the yews. Whether the need is for a dwarf, compact type of plant, a low spreading form, a form displaying a narrow, upright habit of growth or an upright pyramidal type, the demand can be satisfied with taxus.

The yews will do well in the average garden soil if it is well drained and contains a liberal quantity of organic matter. Organic matter can be added by incorporating peat moss. Taxus will do well in either sun or shade.

Among the best of the yews are spreading English yew — a low, spreading type with branchlets somewhat drooping; Ward Anglejab yew—perhaps the best of the low, dwarf, compact forms. It is suitable for foundation planting and low hedges.

Intermedia Japanese yew — a spreading, bushy form with dark green foliage and attaining a height of three to four feet and a spread of four to five feet. Brown Anglejap—one of the most beautiful of all the yews. A compact, columnar form with short, dark, glossy green foliage. An excellent type for hedges or foundation planting.

Adams Japanese yew—a narrow columnar form that may be used as an accent plant in the landscape planting, attains a height of five to six feet with a spread of 15 to 18 inches.

Upright Japanese yew—a type that may reach 8 to 10 feet in height, of wide pyramidal habit of growth. Excellent for corner planting in the foundation or for hedges.

"Play Ball" Sounds Again At Red Bird Stadium

Although these photos of Redbird Stadium would indicate a lack of interest on the part of the baseball followers, in all fairness it should be said that they were taken at a time when the huge stadium was empty. But last night it was a different story when "the lights went on again" and the Birds opened the 1952 season against Indianapolis.

SPORT SLANTS

By Woody Owens

One of the big question marks of the greenest West High School baseball nine may have been solved last week when Junior pitcher Bob Thornton turned in a brilliant two-hit masterpiece as the Powell Avenue lads opened their home season with a 5-1 verdict over Central High.

Bob was in such rare form that the Pirates hit but three balls into the outer garden, one of these falling safely for a hit, while the other bingle the losers acquired was of the infield scratch variety. The Pirates took the lead in the second frame as Parem was hit by a pitched ball. Ballenger scratched an infield hit, both advanced on a passed ball from where Orem scored on a wild throw by a Cowboy infielder.

The Cowboys tied the score in their half of the fourth inning on successive singles by Vincent, Thornton and Cheser with the former scoring, the locals then came back in the fifth with a four run outburst on a double by Murray. Hughes was safe on an error, Vincent then tripled to the track in left center scoring the two base runners. Thornton singled to plate Vincent, Gleibs singled and when the Pirates' center fielder booted the ball, the Cowboy twirler raced all the way around to score and thus the victory was salted away.

Thornton also had a perfect day at the plate with two singles and a sacrifice in three trips, while Sophomore Jim Vincent collected two safeties in three trips, batting in two runs and fielded brilliantly at his shortfield post.

(A note to the official scorer) A sacrifice is a bunted ball safely advancing all base runners and does not count as an official time at bat, unless the player bunting the ball reaches base safely on a clean play where no error is charged. Then the batter is given a hit and charged with a time at bat.

The West High School track team opened its 1952 season last Friday against the powerful East High thinclads and went down to defeat 60⅓ to 56⅔ which was very impressive even in defeat.

Bill Fruss led the Tigers with 16¼ points. Bert Heyder and sophomore Fanimore led the Cowboy point getters with 13¼ and 10½ respectively.

West Reserves, consisting of all sophomores, walloped the East Reserves 72-45.

Coach Rufe Glass will take a select group of his trackstars to the Huntington relays to be held this Saturday, Apr. 19, at Huntington, W. Va. Teams from Ohio and West Virginia will participate.

The First 10 Weeks Are the Hardest

The terific pig mortality that cuts down profits occur largely before the pigs reach weaning age. Many farmers think many cases are due to "little pig disease," when there is actually no disease . . . merely the results of faulty nutrition. To meet this situation, many are turning to

PIG-PUSHER
PIG-GRO
STARTING AND WEANING MASH

It has been demonstrated that in the past many pigs got insufficient amounts of such important vitamins as choline, niacin, pyridoxine, pantothenic acid and others. Pig-Gro contains abundant amounts of all, and is scientifically formulated to help cut down pig mortality. Its formula and vitamin fortification are the work of one of the leading groups of vitamin specialists, who have spent years in developing and testing this outstanding feed.

TRY IT... prove it... see for yourself how it will aid you to raise stronger, sturdier pigs and cut down pig loss.

Famed Movie To Be Shown At Burgess Church

Perry Hayden, the "Quaker Miller" of Tecumseh, Mich., who planted a cubic inch of wheat seed in 1940, that multiplied to feed thousands of starving people in Europe in 1946, and with the late Henry Ford thus staged the most dramatic tithing experiment in history, appears with Mr. Ford in the famous color-spund movie, "God Is My Landlord", to be shown Sunday night, Apr. 20, at 7:30, at Burgess Avenue EUB Church.

"God Is My Landlord" is a color-sound film that required seven years to produce. The color action pictures of the late Henry Ford taken in the last years of his life are said to be the only ones available for public showing. Other prominent Americans who appear in the film are Capt. Eddie Rickenbacker, ace of two world wars; R. G. LeTourneau, industrialist; Dr. Walter A. Maier, famous Lutheran radio preacher; James L. Kraft, of cheese fame; Mrs. Emma Clement, colored woman, chosen as American Mother of 1946, Harvey Fruehauf, trailer manufacturer, and many others.

John Bennett, the author of Master Skylark, was born in Chillicothe, O. in 1865.

Bible Comment:

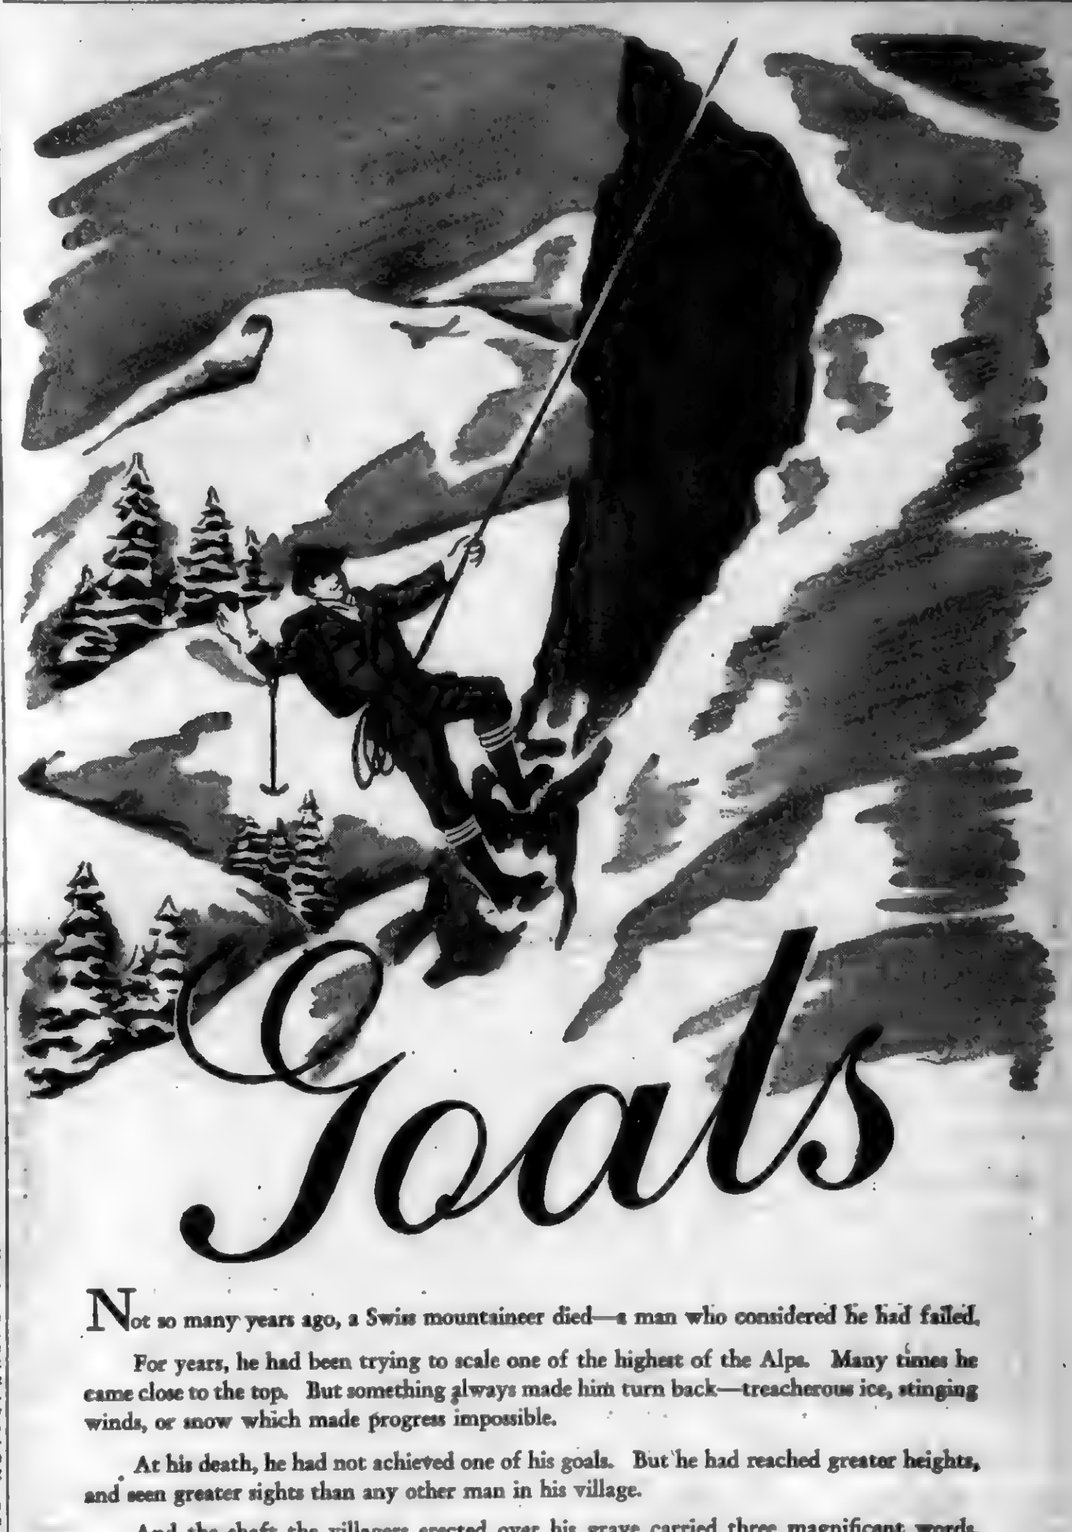
Solomon's Reign Saw Glory and Beginning Of Israel's Decay

THE national glory and decay of Israel were associated with the glory and decay of one man—King Solomon, man of wisdom, temple builder, consolidator of the kingdom. At the height of his glory decay began to set in, because he had departed from the wisdom he had sought above all else, and from the integrity, humility and religious devotion so manifest in the beautiful prayer at the dedication of the Temple.

It is commonly said that no man is indispensable, but that notion is frequently discredited by the facts of life and history. Great businesses often fail when the founder and controlling figure dies. Battles and wars are lost and the destiny of nations affected when some great leader falls. Flourishing churches dwindle when no one arises to succeed some outstanding pastoral leader.

In almost every field in which strength and character count one will find innumerable instances where some who died were really indispensable, and failure and decay ensued because no one arose to take his place.

The sort of strength and character that Solomon represented in his early career was indispensable to a strong kingdom. The outward glory lasted while Solomon lived, but decay began when he departed from the principles of his early reign.



The way was already laid for the rebellion and the division that quickly came in Israel after his death.

The story of the rise and fall of the Kingdom of Israel is instructive and full of guidance and warning for our times. Facts and principles that underlie the welfare of nations and peoples are well illustrated.

Opening chapters of the First Book of Kings tell us of the bitter enmities and violent deaths perpetrated then. It would be a mistake to think that such things are missing in today's world, but we can be thankful that we live in a modern democracy with its attendant freedoms rather than in those times.

Not so many years ago, a Swiss mountaineer died—a man who considered he had failed.

For years, he had been trying to scale one of the highest of the Alps. Many times he came close to the top. But something always made him turn back—treacherous ice, stinging winds, or snow which made progress impossible.

At his death, he had not achieved one of his goals. But he had reached greater heights, and seen greater sights than any other man in his village.

And the shaft the villagers erected over his grave carried three magnificant words, "He died climbing. . . ."

All men do not aim at the same goal. Not everyone can climb the same mountain.

But your church knows *this* to be true:—in all men's hearts are good goals, worthwhile goals, that can best be attained through participation in church membership. The church bestows the spiritual assistance that all men need in their drive to the top.

That is one of the great reasons for attending your church regularly.

With the help of God's strong hand, you will climb the heights together.

Who shall ascend into the hill of the Lord?

Thornton Throttles Central Bucs To Give Cowboys First Loop Win

Bob Thornton held a two-hit Central team to a 5-1 decision at West last Wednesday for the first Cowboy win of the season: The Cowboy hurler, a basketball star turned baseballer, could have had a shut-out but for an unearned run in the second inning which gave Central a short-lived 1-0 lead.

The Bues got that tally when Paul Orem was hit by a pitch and Don Ballinger singled him to third. Orem scored from there on a West error. Other than that stanza the Pirates saw nothing in the run department. Thornton set down seven batters in the process of stifling them as with near-perfect control he issued only one base on balls.

West tied the count at 1-1 in the fourth and then ran away with a four-run break in the fifth. Big blow of the inning was a booming two-run triple by shortstop Jim Vincent who shared honors with Thornton for a pair of hits in the eight hit attack on two Central hurlers. Jim Murray started the rally with a double, and singles were meted out by Ed Gleibs and Thornton.

ONCE OVER LIGHTLY
By David Niven

The British actor, David Niven, has written this comedy with a lot of wit and spirit. Although he says it isn't an autobiography it certainly must contain remnants of his experiences as a stranger in the U. S. for he gives amusing views of America through the eyes of an Englishman.

The book concerns a young English army officer who has been discharged at the end of the second World War with no vocation to turn to. After a series of highly imaginative incidents the young man finds himself chaperoning a bulldog on a tour of America. This doesn't work out as well as was expected as our hero becomes successively involved in indoor horseracing, orchid-growing and a job as deckhand on a fishing boat. Eventually, the Englishman reaches Hollywood, finds a career and, of course, a beautiful wife, but not without many entertaining entanglements.

SPARK OF LIFE
Erich Maria Remarque

The author has gone into great detail in order to give the reader a clear and comprehensive picture of one of the many concentration camps that flourished during the Nazi reign in Germany. The story shows the almost unbelievable suffering which the prisoners were forced to endure.

Remarque takes the reader from the time just before the bombings of all Germany, right through to the end of the conflict. Yet, you can see that he never leaves the concentration camp during the course of the story.

You live the misery heaped upon No. 509 and his comrades by the Germans, in retaliation for the bombing of the town and other fancied wrongs. These scenes are depicted in the "geography lessons" they are forced to participate in at roll call.

The episode of the gold crown and what was done with it was particularly interesting, in the fact that it showed what cunning man possesses when faced with virtual extinction. It also brings to light the devious characters in the person of Lebenthal, who was not above capitalizing on his comrade's misery and misfortune.

SPARK OF LIFE should rate very high among others on the list of books written on the period of World War II.

With All My Heart
By Margaret Campbell Barnes

This is a very timely and interesting love story of Charles of England and Catherine of Portugal. It is especially readable as the eyes of the world are upon Great Britain at this time. This is a well written love story proving faith and love does conquer all. The religious theme is inspiring and is an excellent portrayal of the conflict which took place 1720-88. The author depicts an authentic picture of Court Life at that time and makes the reader feel he has visited there.

It's Our 36th Birthday

Exactly 35 years ago today residents of the Hilltop were greeted by the first issue of The Hilltop Record. It was a little paper then but served the then small community well.

It was established by S. J. Westlake in the belief that a good growing community needed a news and advertising medium. It was founded on service.

Through the years this principle of service has been the factor that has brought the Record today to the place where it is one of the outstanding community weeklies in the nation.

Very few communities over the nation can boast of the type of community newspaper that serves the Hilltop area.

It is a distinct pleasure to be able to present to our readers the type of paper as contained in these pages today.

And on such an occasion it is equally a pleasure to extend a hearty "Thank you" to all our many friends who have been such faithful followers and supporters of the Record over these years.

Today's 16-page tabloid section pictorially tells the story of the growth of The Hilltop Record and this firm's publishing business. It is a tribute to the loyalty of our employees who have turned the wheels to produce the 2283 issues that have rolled off the presses in the past 35 years.

And while we are indeed proud of our accomplishments in the publishing of The Hilltop Record we can only say "The Hilltop deserves the best."

This Is The Year For Second American Revolution

One of the finest civic activities sponsored by a local organization in many a year is the "Get Out the Vote" campaign organized on the Hilltop for Tuesday, May 6, by The Hilltop Kiwanis Club.

Five local groups are responsible for a special message and a list of all the voting places carried in today's issue of the Record.

The Kiwanis Club is following up its publicity campaign with an offer of free transportation to the polls on May 6 and a large group of volunteer workers will be near each voting place with tags to be worn by persons who have voted, the tag bearing the inscription "I have voted . . . have you?"

All across the nation a concentrated effort is being put forth to arouse the American people to visit the polls. This year should see record votes from every state in the union. This is the year for the "Second American Revolution." The Americans who do not participate are certainly not worthy of the name!

Notes and Nubbins: Jack Merriman was recently elected to a three year term as a trustee of the Columbus Better Business Bureau . . . Hilltopper Ray Anderson has been transferred to the South Side Post Office to take the place left by the transfer of Hilltopper J. M. McLinn to the Fifth and High Station . . . Contracting partners Bill Krause and Fred Pagura are building new houses alongside each other at 121-125 N. Terrace-av . . . The property at 286 S. Terrace has been purchased by Mable A. Shank . . . Mrs. Edward Bents, 211 Eldon, has just returned from a four day visit with her granddaughter, Kay Crumm, in New York City . . . Kay is a Rockette at Radio City Music Hall . . . Ohio Newspaper Association Pres. Extends Greetings

March 26, 1952
Our 143rd Year

Mr. C. Carlton-Hartley
The Hilltop Record
2465 West Broad Street

Dear Carlton:

As a personal friend, fellow publisher and president of the Ohio Newspaper Association I am happy to extend heartiest congratulations to The Hilltop Record on its 35th birthday anniversary. I am sure this is just a beginning of a long career in the progress of a newspaper so outstandingly successful in representing the people of its community and working for their interests.

True to its name, your paper is at the top in its record of devoted service to its readers, and in the more than a third of a century that it has provided them with news, civic leadership and support of projects vital to their welfare it has built a lasting foundation for the future of "the hilltop".

May the succeeding years add to "the record" and to the good fortune of those who subscribe to it.

Sincerely,
R. Kenneth Kerr

Woody Owens

The sixth annual Hilltop relays will take place Tuesday evening, May 6 under the arc lights at Magley Field with the opening event beginning at 7 p. m.

Only six of the City League track squads will participate, defending champion Central, East, Linden, North, South and the host squad, West. This year's events should be closely contested with no team gaining enough points to make a run away as Central did in 1951.

Three squads entered have plenty of depth, namely, Central, East and West, and these should be the three top point getting squads of the meet, although South may pull a few surprises and have plenty to say as to who will be the eventual winner. North and Linden are of unknown strength.

Some of the outstanding boys and the events they probably will participate in are as follows:

Central—Don Moseley, mile run, 440 yard dash, and a member of the 440 and 880 yard relay teams.

East—Bill Truss, 100 yard dash, broad jump and high jump; Harry McKnight, pole vault; Homer Wallace, pole vault, 180 yard low hurdles, discus and also as a member of the 880 yard relay team, and Willie Chapman, discus (he was the winner of this event last week in the Mansfield relays).

West—Burt Heyder, 180 yard low hurdles, 120 high hurdles and a member of the mile relay team; Bob Fenimore, 440 yard dash, 180 yard high hurdles, and a member of the mile relay team; Ted Johnson, hurdles, and Joe Sams, 100 yard dash.

South — Jack Keller, 180 yard high hurdles, broad jump and high jump.

North—Bob and John Weinrich who both participate in the dashes and hurdle events.

Linden—Bob Holmes, 440, 220 and 100 yard dash events.

There will also be a 440 yard and an 880 yard relay for junior high teams only, with a trophy being presented to each winning team.

Ribbons will be given for each of the first five places in each event in the senior high competition, with a beautiful trophy being given to the winning school.

No event is a success without beauty and the past week the West track squad selected five queens to reign over the relays, Sally Billingsley, senior; Marcia Lowery, senior; Nyla Grabill, senior; Kay Glass, sophomore; and Anita DeMatteo, sophomore. They will present the ribbons after each event.

HBA To Honor Ex-Presidents

Past presidents of the Hilltop Business Association and their wives will be honored in a special program of that organization at Hope Memorial Church on May 13, beginning at 6:30 p. m., according to announcement made this week.

Among the guests of honor who will be present for the affair will be Mayor Jarrie Rhodes who will offer the greetings for the city administration.

Prof. H. B. Maynard of the Department of Business Administration at Ohio State, and a panel of his assistants will furnish the highlight entertainment of the evening with a discussion on "The Effect of the Shopping Center on Community Business." It is pointed out that the Hilltop now finds itself in between two developing shopping centers and that the discussion is certain to be of interest to all business men of the Hilltop area.

Dr. R. J. Miller is general chairman of the special program and George Painter, chairman in charge of ticket sales.

Workman Injured When Cable Breaks

Clarence Martin, 42, 1140 S. Eureka-av, was treated at Mt. Carmel Hospital Saturday, Apr. 19, for back injuries received when he was struck by the loose end of a steel cable while working at the Miller Sand and Gravel Co., 1287 Jackson-pk.

According to sheriff's deputies he was working with other workmen, pulling the cable from the ground with an engine, when the steel line broke.

Holdup Men Lock Victims In Refrigerator

Two very systematic thieves stole between $300 and $400 from the cash register of Mayer's Carry Out Store, 2381 Sullivant, Thursday, shortly before midnight. The two bandits, one colored and one white, entered the store by different doors. One surprised Eddie Mayer, son of Earl Mayer, proprietor, and a friend, Susanne Dodson, in the front of the store, while the other affronted Mrs. Dorothy Ward in the rear of the shop and asked for a bottle of wine. When Mrs. Ward went to the front she found her companions with their "hands-up."

Both men were armed and one was dressed inconspicuously while the other wore a black and white checked jacket and a "loud" red shirt. The three were told they wouldn't get hurt if they stayed in the cooler, which is used to keep beef cuts and chill beverages. They remained in the cooler for several minutes, until they were sure the holdup men had left. Mrs. Ward, who resides across the street from the confectionery, said she was so frightened her "knees knocked."

Hilltop Student Aids In Naming Foundling Baby

Delores Andreottte, 424 S. Harris-av, a student at Ohio State University, picked the last name of "Drake" for Little Miss Heartache, the baby abandoned recently in an apartment way entrance.

Miss Andreotte is doing field work prior to her granduation in the field of criminology and according to Mrs. Anna Folk, court probation worker, the name "Marcia" was chosen by Helen Reel, a switchboard operator, "Lou" was the middle name chosen by Mrs. Folk while the Hilltop student supplied the last name, Drake.

West Quartets Will Compete In Song Contest

The Toppers and the Westerners, boys' quartets from West High School, will compete in the second annual high school barbershop quartet contest, May 3, at Bexley High School.

Members of the West High Toppers are Tom Bucy, Jim Cabb, Dave Rismiller and Don Bauman. The Westerners are composed of Dick Gilbert, Wendell Bronson, Gene Burch and Gary Underwood.

Several girls' quartets from schools in and around Columbus will be the guests of the contest, including the Sharpettes from West. The girls' groups will be accepted as contestants next year.

KIDS OF WEEK CHOSEN

Tommy Smith, 501 Catherine-st, was among five "Kids of the Week" chosen Wednesday noon by the Columbus Chamber of Commerce. Trophies were awarded for willingness to aid others in community, church, school and family.

Columbus State School Finally Gets Barber Chair

Until this past week, the wooden stool in the foreground served as a barber chair at the Columbus State School. The new barber chair now being used is the gift of the Hilltop Kiwanis Club which upon being advised of the need for a chair secured the one pictured above. The State of Ohio in its appropriations for the school through out the years has allowed only for the wooden stool, one pair of hand clippers, one pair of scissors and one comb. The tools mentioned are all that are available to the care for 265 boys in one building. Barber work is done by patients and a college student contributes his time on Sundays.

Five More Openings Scheduled At Central Point Shopping Center

Five new stores in the multi-million dollar Central Point Shopping Center at Central-av and W. Mound-st, will observe their formal opening May 1, it has been announced by Tom Benua, temporary president of the Central Point Business Association.

Two of the stores, Benua's Men's Shop and Zettler Hardware, opened quietly last week. The others, Cool Brook Farms, poultrystore, Reeves Bros., sporting goods, and Moore's auto accessories, will all be ready for the formal opening of the group on May 1. Special sales events will be offered by all five to introduce themselves to local shoppers.

Mr. Benua said that next week's event is merely an introductory opening to acquaint shoppers with the newest services available at Central Point, and added that a grand opening of the nine-store first section would be held May 15 to include Gray Drugs which will complete the family group under one roof at Central Point.

The first three stores at Central Point held formal opening on Apr. 2, including Miller-Jones Shoes.

The completion of the nine store first project will give the local shoppers their first sectional commercial service this spring, with other store openings to follow later in the summer as building projects are completed at Central Point.

In the meantime a temporary group of officers have been named to head the Point business association until more stores have opened.

Compromise Reached On Wilson-rd

Compromises effected with property owners, this week, cleared the way for work to start on the Wilson-rd improvement as soon as the contract can be let. Harold E. Smith, land agent for the Franklin County Engineer's office negotiated the compromises which threatened to delay the road widening project.

Nate Berlin, 2675 Brentwood-rd, according to Smith, will receive $12,000 for loss of 40 feet of his vacant property located at the northeast corner of Wilson-rd and W. Broad-st. Berlin will get $300 per front foot and $1,740 for the remainder of his property.

Dr. James A. Park, with residence property on the northwest corner of Wilson-rd and W. Broad-st, settled for the sum of $6500.

Ellis W. Jones, 745 Wilson-rd, compromised for the sum of $400 for a tree and land. He had previously asked $1,000 for an ash tree which is 24 inches in diameter.

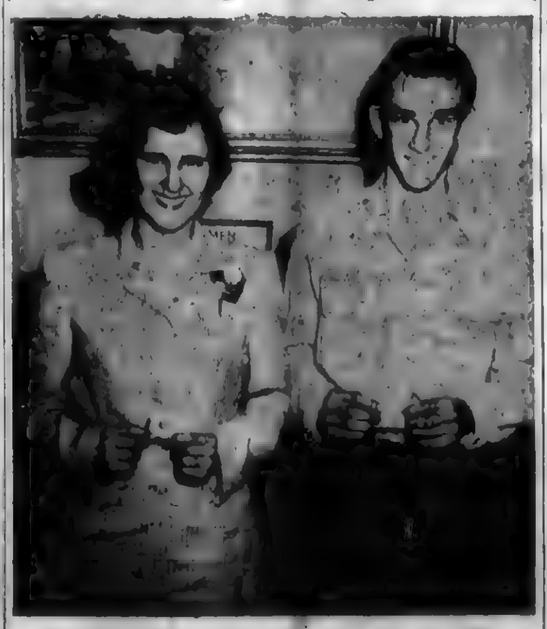
Mrs. Emma Link, 484 Wilson-rd, accepted a compromise price of $2,000 for loss of two oak trees and a walnut tree and landscaping in front of her home. Mrs. Link had previously asked the sum of $3,000.

The new width of the road will be 24 feet and it is to be resurfaced with asphaltic concrete. Date scheduled for completion of the project is Nov. 30.

The State Highway Department announced this week that the Complete General Construction Co. of Columbus was low bidder on the project to widen and resurface 2.48 miles of the road from W. Broad-st to Trabue-rd. Their bid for the project was $190,700.

Girl Scout Unit Is Alerted For Defense Duty

With the sounding of the alert by the National Civil Defense authority, ordering all civil defense workers to 24 hours of duty, at least one Hilltop unit finds itself thoroughly prepared for the order.



That unit, the Girl Scouts Senior Troop 8, which has been attending instruction classes at the local civil defense filter center, finds itself the Hilltop's only representative in the Civil Defense set-up.

When the call comes for the unit to report for duty, various adults from the Hilltop area who have also been active in the filter center will pick up the girls of the troop at designated stations and transport them to the filter center.

The girls of the Scout Troop who have qualified for duty at the air defense filter center are Phyllis Cropper, 465 S. Terrace-av; Mary Jo McNamee, 2541 Sullivant-av; Nancy Hoare, 607 Chestershire; Linda Hardacre, 713 S. Roys-av; Judy Schuls, 316 S. Roys-av, and Ruth Lorens, 3009 Fremont-st.

With the order calling for the various units to be ready for 24 hour duty, officials of the defense program, cautioned that "there is no need for alarm at this action."

At the left is Carole Lee Robinson, 474 Hillfonia-av, winner in the 12th grade girls' division at West Senior and at the right is Thomas Lee Workman, 190 S. Sylvan-av, who was winner in the ninth grade boys' division. Workman has since graduated into the 10th grade of West Senior.

New Westgate Water Tower Nears Completion

Despite the fact that extensive damage was caused when the 13-ton riser-pipe of the new water tank at Westgate Park collapsed two months ago, there are no signs evident today of the accident which has permanently crippled one workman. The new tower is expected to be completed within the next 60 days and will boost Hilltop water pressure sufficiently to allay any fears of low pressures this summer.

Westgate Elementary School Progressing

Slowly but surely the new Westgate Elementary School, which for several months was a highly controversial issue in this community, is taking shape. Bordering on beautiful Westgate Park the new edifice of brick with white stone entranceway promises to become one of the most beautiful buildings in the Hilltop area.

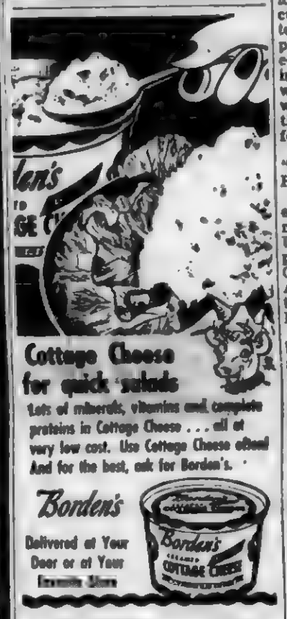
Y-Teen TV Panel In Trans-Atlantic Telecast Today

WTVN's youth panel, "Youth Has Its Say," seen each Sunday at 2 p. m. on Channel 6, will produce the closest thing to a trans-Atlantic telecast ever attempted, this afternoon.



Special arrangements have been made between WTVN, soon to be a new West Side industry, and the British Broadcasting Corporation to establish a special network of long-lines and radio-telephone circuits from Columbus to New York to London and return. The voice portion of the panel will be "piped' back and forth across the ocean in a split second. Panel members will conduct a discussion as if they were all in the same room, rather than being separated by nearly four thousand miles.

Topic for discussion will be: "Should a One-Uniform Atlantic Pact Army Be Formed?"

Robert S. McMahon, former moderator of "Youth Has Its Say" and now technical adviser to Purdue University's television extension program, will act as moderator in Columbus. Rooney Pelletier, North American Services Organizer for the BBC, will handle the chair in London.

The program has been carried by WTVN during the past three school years and has been recognized nationally as one of the top teen-age discussion shows on the air. It has been the subject of three national magazine stories and numerous educational conferences and meetings.

West High School students have participated in the series since it went on the air. Edwin Kaylor of West's faculty has worked with the show's producers closely.

Poison Dose Proves Fatal To Hilltopper

Services for George Hawk, 22, were held Wednesday in the Noble Allen Funeral Home. He died Sunday at Columbus State Hospital from the result of poison taken because of "girl trouble". Police said he ate phosphorous based rat poison last Tuesday at his home, 164 S. Richardson-av. Burial was in Sunset Cemetery.

He was taken to St. Francis Hospital but was removed to Columbus State Hospital Thursday when he became "noisy and boisterous," according to attendants at St. Francis. According to attendants at the state hospital he was in a critical condition when admitted. Dr. Robert Evans, coroner, said he received a report of the death and had ordered a post mortem.

This Mutual Fire Protection Plan

Is Columbus attempting to get control of all township fire-fighting equipment in Franklin county? That is a question that is being asked in many rural sections of the county since Columbus officials instigated mutual fire protection pact plans several months ago and has held several meetings to promote that program.

So far, the township trustees from every township in the county have never been called to attend any of these sessions, it was learned. Surely, every township trustee, where there is a fire department, should be considered in all fairness. They alone govern and at present control each fire dept. in their township.

The Columbus mayor recently named an Upper Arlington resident as chairman of a sub-committee to co-ordinate such a centralized fire program for Columbus. Only one official representative of all the townships in the county has been present at the recent meetings of the metropolitan group. Even the rules and regulations to govern operation of such a centralized mutual aid plan and the preparing of the proposed contracts for township officials in the county to approve have been drawn up by the Columbus fire chief and assisted by several others in the group.

We feel that the metropolitan group is starting off on the wrong foot by not first considering the various township trustees and inviting them to their meetings. And we don't feel that any newspaper propaganda is necessary to force the townships to go along with Columbus.

All township fire departments in the county are members of the Franklin County Fire Fighters' Association, an organization the township trustees have supported since it was formed in 1950. One of the chief accomplishments of the fire fighter's group has been the "mutual aid" contracts which enable various rural fire departments to aid each other when necessary on a reciprocal agreement. Today, the county fire fighter's group is highly organized and many of its members are trained to fight many kinds of fires. This was demonstrated at the recent Hilliards tragedy involving the ammunition, gasoline and elevator fires when 18 pumpers from about six different rural fire departments brought the fires under control. And as additional support, another 26 pumpers were located at strategic places about the county and all township fire chiefs were alerted for possible action. The residents of rural Franklin county can really be proud of their township fire-fighting equipment. It's probably more total pieces of equipment than Columbus has at present, we are told.

It's a great brotherhood group of volunteer firemen, who don't get much for their services, in the performance of an unselfish service. While in Columbus firemen there are paid regular salaries. A similar salary basis will have to be worked out for township firemen before a mutual aid program for Columbus will work successfully, we feel. Township firemen who only get an average of $3 for a run would not be expected to stand by a half-day or more in another subdivision and be forced to miss his regular job.

The basic principle of the Franklin County Fire Fighters Association is not to rob any community or township completely of fire protection. According to Olen Rumfield, Grove City, head of the group, the organization feels they are well enough organized that they can take care of any fire or series of fires within reason in the rural part of the county. Their equipment is designed to fight rural fires, not big city fires.

Shortly after the county fire fighters' group was formed in 1950, Columbus officials were at the time invited to enter into mutual aid contracts, but then the city was not interested in the "little potatoes." The only kind of a contract Columbus would enter into was one wherein Columbus was guaranteed a large annual fee, regardless of the number of times it responded to an alarm, which was considered prohibitive to most townships. The township then proceeded to add more and more equipment. Now, the situation is reversed.

An important feature of the township fire departments is the two-way radio communications system in operation. This system operates through the county sheriff's office and enables a fire truck at the scene to be in constant communication with the sheriff's office, its own department headquarters and with other fire departments in the county if necessary. Columbus officials would no doubt eventually want the communication system under the Columbus police department.

Township officials, who govern the various rural volunteer fire departments, charge the Columbus move for central control of a county-wide co-ordinated fire protection program, as purely a political setup to eventually get control of all the rural fire departments in the county. They seem to be watching the move with an "eagle eye."

In face of a 1960 refusal, is Columbus now interested in co-ordinating a county-wide centralized fire protection program for itself because of the great number of pieces of fire-fighting equipment the total townships have today—or is it just a "good will" promotion? Does Columbus figure on promoting the final absorption of the county's townships by first getting the rural fire departments under their motherly wing only to establish "fire districts" throughout the county area as provided by recent law? Can Columbus be really "trusted" in this great change of heart?

Rome Will Hold Teacher Recognition Day

Students each presenting "An Apple to the Teacher," symbolizing the appreciation and affection of the New Rome community toward its teachers are, left to right, Virginia Whalen, Maria Wilson, James A. Groves, principal, Jimmy Whalen, Stephen Mockstroth, Billy Hockensmith and Rickey Mockstroth.

By Mrs. James W. Whalen

At long last that most loyal, efficient and invaluable citizen of the community—the school teacher—will be honored with a special day of recognition which the village of New Rome has designated Thursday, May 15, as "Teacher Recognition Day."

Teachers of New Rome School who will be honored on "Their Day" are James A. Groves, principal, who teaches the eighth grade; Miss Hazel Ansel, who teaches the seventh; Mrs. Wolborg Younkman of the sixth grade, Mrs. Glenn Grooms of the fifth grade, Miss Florence Weber of the fourth, Miss Marie Wilson of the third grade, Mrs. N. Burba of the second grade and also Mrs. Grover Kaderly of the second grade, and Mrs. Nancy Ferguson and Mrs. Paul Wilcox of the first grades.

Students, parents and friends of the school are encouraged to write notes of appreciation to the teachers. Thursday, May 1, through Friday, May 9, special drop boxes will be available in each room for dropping the letters.

New Rome is pioneering in the idea of setting aside a special day for its teachers and hopes to make it an annual event. If on May 15 teachers elsewhere walk with their heads a bit higher and have an extra lilt in their voices because of the honor being bestowed upon their fellow teachers, it will be okay with the folks of New Rome, who want the idea of "Teacher Appreciation Day" to spread to other communities.

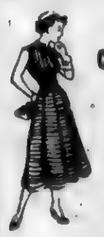
Local Women Keglers Setting Fast Pace

Members of the women's bowling team which is currently setting the pace on local alleys are pictured above left to right, Nita Kauderer, Laura Steele, Adelia Wolfe, Cal Kimball and Marian Ferguson.

In 1946 a team was organized to bowl in the Ladies' Friendship League on Wednesday nights at Hilltop Recreation. It was organized not for the high averages but for the good times the five girls could have bowling together. All told the total averages amounted to around 632.

For the next three years this team asked only that the sponsors pay entry fee into the league and furnish the banners for them. They entered tournaments by paying their own way in order to have the fun and thrill of bowling in tournaments.

In 1950 West Side Motors, Inc., located at 1350 W. Broad-st, agreed to back the team, buy the uniforms, banners and put them into the City Tournament. This team had as members, Cal Kimball (who several years ago won the Bowling News Trophy for high game of the season); Nita Kauderer, Adelia Wolf, Margaret Froggatt (the former Margaret Liston) and Marian Ferguson, captain. However, before the season was very far along Miss Kimball, due to illness, was required to temporarily withdraw and Mrs. Cecelia Crosson replaced her. It was this team that won the 1950-1951 league championship and in Jan., 1951, while bowling in the City Tournament gained the ultimate of all the Little Bowler's dreams and became the 1951 Columbus City Champions.



At the start of the 1951 season Miss Kimball again rejoined the team and Marge Froggatt left the team to join her soldier husband in Hawaii. Marge was replaced by Laura Steele, who recently gained recognition by winning the King Gam Trophy for high game of the week at the Hilltop Recreation.

This meant that going into the 1951 season that four out of the five original members of the team organized in 1946 were still bowling on the team.

Currently the team is carrying a 723 scratch average made up as follows: Mrs. Kauderer, who is the only member of the team with children and who bowls only one night a week, has a 126 average; Mrs. Wolf, the former Adelia Davis, carries 146. Miss Kimball, shortly to become a bride, has 146; Miss Steele, who is in her sixth year of bowling, has a 152 average, and Miss Ferguson, who only this season reached her first six hundred series by rolling 253-606 in the Business Girls League at Riverview, carries a 157 average.

The team is now holding a slim two game lead in the Friendship league at the Old Trail Lanes and hopes either to retain or increase that lead. It is now finishing up the second season under the sponsorship of West Side Motors, Inc. owned by Edgar Planck and Charles Althen.

West Junior High opened its 1952 baseball season Tuesday afternoon on the local lot and downed Starling Junior High by a score of 7-1. Bill Spratley pitched fine ball for the locals, allowing only three safeties and fanning eight.

West Senior High School's baseball nine suffered their second City League loss of the season when South High defeated them by a score of 4-2 in a game played on the winners' field Tuesday. The playing field was in very poor condition with about half the South Siders' hits being of the scratch variety when ground balls took bad bounces over the infielders' heads.

George Treneff pitched his usual fine game for the winners, fanning nine Cowboy batsmen, and also had a perfect day at the plate with 3 for 3. Robeson homered for the winners also.

Dick Orr and Herb Brown each got a triple for the locals' only extra base wallops of the contest. Bob Thornton suffered his first loss of the season.

West Nine Looms As Strong Contender In City League Race

The West High School baseball nine proved it will have plenty to say as to where the 1952 city league crown will go as it won its second contest of the season as against one defeat when they nosed out the Terriers of Aquinas by a score of 3-2, although the losers out-hit the winner by the same total 3-2.

The Terriers jumped into an early lead in the second inning by counting twice on a double by Wihl, an infield error on Bena's roller and a wind blown triple of Felice accounting for the tallies.

The Cowboys bounced back in the fourth inning to count a trio of runs by taking advantage of a pitching and field lapse to ice the contest. Vincent walked, stole second and third, then counted on a one-base blast to left by Gleibs who immediately stole second. Chesher then laid down a perfect bunt for a single advancing Gleibs to third from where he scored on a balk by Delaney. Chesher then tallied when the Terriers' center fielder dropped Orr's easy loft which would have retired the side.

Bob Thornton again pitched fine ball for the locals allowing the losers to only hit but three balls out of the infield.

Dick Burkley of the Terriers was the defensive standout of the contest.

St. Charles Noses Out West Cowboys

St. Charles High nosed out the West High nine last Friday, Apr. 18, by a score of 4-3 in a non-league contest. The locals' second stringers saw plenty of action for the first time this season and all gave good accounts of themselves.

Burke of the winners got three safeties, one more than the entire Cowboy squad was able to garner.

Jim Kimball pitched fine ball for the Cowboys and had he been accorded better support by his teammates would have had a win instead of being defeated.

Eight Hilltop Girl Scouts To Get Curved Bar Rank

By Pat Martindale

Eight Hilltop Girl Scouts from troop 146 will receive the Curved Bar, the highest rank in Girl Scouting (which is comparable to the Eagle Rank in Boy Scouting).

Starting as Brownies in 1945 these girls have been registered each year and have attended regular weekly meetings all year around.

Emilie Halvorson, Barbara Booth, Beverly Booth and Karen Reber started their Scouting career with troop 113 while Barbara Brady, Helen Hart, Lois Hunter and Rosemarie Pinkerton started in troop 152. Troop 146 was formed in 1948 to begin intermediate scout work.

Curved Bar Scouts choose a field after they have received First Class rank which is 12 proficiency badges, and to accomplish the Curved Bar four chosen badges in a chosen field must be earned.

These eight girls have chosen the Home Nursing Field and in the past year have completed Home Nursing, Public Health, My Community, Housekeeper, Junior Red Cross Aid under a qualified instructor, Child Care and Outdoor Safety badges. They have performed 16 hours of community service to the Hilltop during the past year to qualify as Senior Service Scouts and are proud of being ready to serve their homes and community in any capacity.

These eight Girl Scouts have the distinction of being among the first 50 Brownies to organize in John Burroughs School and are the only girls of that group remaining in Scouting today.

Their leaders are Mrs. H. C. Booth and Mrs. Frank Brady.

The only other troop ever to receive the Curved Bar on the Hilltop was Troop 103, whose leader was Mrs. C. F. Deitchle. Troop 103 is now disbanded.

The contestants are competing in pairs and the winner of the pair moves into the next bracket like in a basketball tournament. The first round of contestants each shoot 25 shots but the final winners will shoot fifty times. The contest is open to all teachers and pupils who wish to enter.

The contest began on Apr. 9 and twenty contestants have already competed. The winners were as follows: John Gardella, James Ary, Tim O'Hara, Larry Hetrick, Rodney Leppert, Dave Flynn, Bill Pritchard, Ronald Rogers, Kermit Kirk, and Suzanne Flickinger.

BOYS GO TO CHICAGO
By Joy Travis

The Green Weed boys from Hilliards High School have been given and all - expense trip to Chicago by the Sinclair Refining Company.

They appeared on the Sinclair TV talent show Sunday, Apr. 13. This was their second time on the show. They did not win but they came out in fourth place.

However, the company liked their act so well that they are going to Chicago to appear on the final show, not as contestants but as entertainers. They left Wednesday night, Apr. 23, and expect to stay two days. Congratulations to Bob Thompson, Owen Ervin and Dave Warner. H.H.S. is proud of you.

"Doggone, let's see now. I think she married a Hoskins."

Deep in study is Roderick William Eckle, Jr., six-month-old son of Mr. and Mrs. R. W. Eckle, Sr., 372 Midland-av. Of course, we know he just can't remember such details at such a tender age, but do feel that the expression caught by the camera does tie in with the caption.

Members Of Congregation Work By 'Hour' To Aid Building Fund

Eighteen members of Keystone Friendship class of Hilltop Church of Christ (Disciples) washed cars, cleaned wallpaper, shined windows and scrubbed floors last Saturday, all for the benefit of the church's building fund.

Class members were "hired" by church members at the rate of one dollar an hour for the clean-up chores. "Wages" totaled $75 for the day. This money has helped to raise the building fund to its present level of $10,485. The church plans to have at least $15,000 by July 1.

Those who took part in the day's work were Janice Moose, Sandra Timmons, Ruth Ansley, Mrs. Guy Taylor, Mrs. Miles McFarland, Mrs. Ralph Barger, Danby Bunner, Larry Essex, Bob Miles, Dick Hickman, Wiatt Will, Mr. and Mrs. James Feustel, Mr. and Mrs. Ralph Primmer, Mrs. Orval Longerbone, Natalie Skinner, Robert Worthington and Rev. and Mrs. Carl Smith.

While the largest portion of the building fund is contributed by church members through pledges, projects by church organizations will boost the total over the goal, it is hoped by church leaders.

Other recent projects which have benefited the fund include a spaghetti dinner given last Friday by the Fidelis class and $25 gift given last Sunday by youngsters in the primary department to Dr. Daniel Bunner, chairman of the building fund committee.

Caution Vets On Insurance Beneficiares

Veterans are asked this question: If you should die today would your National Service Life Insurance be paid to the person you want to receive it and in the manner of settlement you desire?

Only the veteran while living can make the arrangements he feels best suited for his family. After his death the widow has little choice in the method of settlement.

A veteran should call in person at Veterans Administration Office, 48 Starling-st, for assistance in bringing his insurance program up to date. This will take about 10 minutes of the veteran's time and may prevent embarrassment or hardship to the family of the veteran when he has gone.

West High News

By Shirley Dunham

Al Datz, an 11A registering in room 244, received an award of merit in drafting at a convention of the Ohio State Association of Industrial Arts held Mar. 29, at the Deshler-Wallick Hotel. Al was the only student from West High to win an award at the convention.

His drawing was an architectural rendering of the AIU Tower in the 1930's. The drawing shows many statues that were located near the top of the building at that time but have since been removed. The old Keith-Albee Theater was then in operation where the RKO Palace is today. Al completed his work with the help of two photographs of the building. The time spent on the drawing was nearly six weeks, but Al agrees it was well worth it. Mr. Kennedy, the teacher of drafting at West, was Al's instructor.

The competition was statewide and the awards of merit went only to the top drawings. High school drafting students from all over Ohio entered drawings at the convention.

The judges were chosen by the president of the Ohio State Association of Industrial Arts. They based the awards on the lettering, neatness, and originality of the drawing.

By virtue of his office, Secretary of State Ted W. Brown is chief election officer of Ohio, with supervision over Ohio's 88 county election boards.

She carried her Job's Daughters white Bible covered with satin and topped with white roses and a white orchid and satin streamers.

For something old the bride carried a lace handkerchief brought from Europe by Mrs. Duane Ramsey, an aunt of the bridegroom. It has been carried by three brides in the last generation and two in this generation.

The attendants wore gowns of marquisette with basque strapless bodices with which they wore matching jackets and hats. The jackets were styled with mandarin necklines and cap sleeves. About The Hilltop

Happy birthday! Today is our 35th, come join the party as we take a look back in our memory album . . . The year was 1917, it was World War I, stars were hung in the window, the tunes of the day were "Johnny Get Your Gun," "Over There" and "Smile Awhile," and these doughboys went marching off to war, Edgar Planck, Dr. A. C. Meyer, John Krivde, Clyde Moore, Clarke Finnerran, Ralph Schmelzer, Jim Burd, Bill Rogers, Larry Scales . . . The Flying Machine was the attraction of the day.

Remember the old interurban on Sullivant-av. It went out past Harry Slygh's farm at Hague and Sullivant—next to it was Camp Chase Rebel Cemetery whose trustees were Henry Briggs and Oliver and David Binns . . . Mound-st was called Trappe-rd, and Herman Schulze farm was in part of the Hilltonia Addition . . . At Joe Bopeley's, Clarendon and Broad, you could have a pair of shoes made. The feature attraction at Moon's Theater on a Sunday afternoon was "The Perils of Pauline", music "Hearts and Flowers."

Bert Young delivered groceries via horse and wagon . . . Dr. Postle White was the minister at Glenwood M. E. . . . Mabel Shank had her hats made at Eva Burnside's . . . and Mrs. Dorrell Jacques, Mary Walton and Mrs. Scott Denton shopped at Smith's Millinery . . . Father Randolph Schwartz was pastor at St. Aloysius . . . Then came the roaring twenties. Otto Michaellis had a one cylinder job called the Queen, nice going down a hill, but to back up, you got out and pushed . . . Old time basketball stars, Lorin Corder, Peak, Hayden, Elmer Grossman, Breckenridge, and Riley Welch, still talk of the days, when the Seiller Bros., L. M. and Mark, backed their team.

Boxing was more popular than wrestling and fighters like these were in their prime, the O'Dowd's, O'Keefe's, Kid Clark and Bryan Downey the "Champ" . . . Bowling Champ Kip Selbach operated the Hilltop Bowling Alleys . . . When you wanted to move you called Herbt and Mickey Kunzi, Hilltop Transfer. Their first truck was a ton and a half Kelley-Springfield.

Do you remember when West High was located on Central-av and all the football players and the rest of the gang met at "Umbenhauers"? Doc Brady, Bill Krause, Allie Clark, Walter Thrakill, Elzi Miles and Walter Kirthaulzer behind the counter. Jerking sodas was Joe Fodey and Bob Draper. After the store closed they all went down to Phillips' for a hamburger. Bob Henry was turning the hand press at The Hilltop Record after school. Gene Sheldon was appearing with Rayner Lehr at the old Broadway . . . Don't forget the grocers' picnic. They always had a bathing beauty contest. Julia Barrett, a beautiful brunet, was the first I remember.

Everybody was doing the "Charleston" and you always went to the "Dale" or "Green Mill" afterwards to the Matsonia, where the delicious food was prepared by "Mom" Carper. It is now known as "Schmelzer's". Just last Friday Mr. and Mrs. Jim Stevens celebrated their 40th wedding anniversary with a party of friends there. Just about this time, Nell Andrix started to teach the first grade at the new John Burroughs School . . . In the year "29" the first meeting of Camp Chase Post American Legion was held over the Rivoli Theatre, the late Claude V. Hasson was the first "Commander", the same year the Auxiliary met at Glenwood shelter house. They elected Helen Hoar their first president. In the summers they used to have bean dinners where the Ohio National Bank now stands.

The fathers who were too young for the first World War and too old for the second have sons now serving their country in all parts of the world today . . . Rose Fancier, Writes Essay

Editor's note: Blanche Taylor, 171 S. Harris-av, is well known as a flower lover and rose fancier. She has written the following down-to-earth essay on roses and we hope it will help other Hilltoppers who are growing roses. She recently attended the Men's Rose Club open meeting for this spring and has won several prizes for her roses at the state fair. She is a member of the Highland Garden Club.

By Blanche Taylor

Roses are so closely associated with paintings, literature and music that they seem to be a part of life. To me they are love. It would be difficult to find an individual who could not recognize a rose. There are more than 200 wild roses, types to grow in every climate. There are more than 5,000 varieties of tea rose in the United States alone.

As to set rules, a horticulturist from Ohio State University once told me upon visiting my garden, "Your own experience is as good as any IF you have good roses." If you have ever attended our local rose club (membership only for men) you have noticed that they all seem to have different opinions.

The first thing to consider is your location. It should have good drainage and eight hours of sunlight. Roses do best in a bed by themselves, and when making your rosebed the deeper you dig the better. You should dig at least 18 inches then put your best soil in first up to six inches. This should be followed by three inches of rotted manure, and some peat moss, mixed well. This should be repeated until you use all the soil.

Next your roses should be chosen from a nursery where the climate is about the same as your own locale. I like two-year-old field grown, budding roses. Beginners should start with the older varieties because some of the newer ones do not prove to be good. Be sure of the nursery where you buy your roses. Roses should be true to name and color, and should be accompanied with a guarantee to grow.

Fall planting is best and they will be ready to bloom early in the spring. When you receive your roses unpack at once but do not let the sun or air hit them. They are usually pruned and ready for planting. If any roots are bruised cut them off.

Dig your holes 18-24 inches apart. Do not crowd the roots, and plant so the bud will be one inch below the ground level. Pack the filled hole down, then water two or three times. Pack again and cover dirt 6-8 inches high.

To protect your roses through the winter they should be banked 6-8 inches high with just dirt which should be removed as early as possible, around March. This is pruning time and dead branches should be taken out as well as pruning back 6-8 inches. Cut slanting so the water runs off. If the branches are good sized I paint the ends with some green paint to keep the water from going into the stalks.

The first part of April or as soon as the ground can be cultivated I begin to fertilize my roses. Dig as deep as you can this first time to place this initial fertilizer. I like to cultivate my roses at least every 10 days and fertilize them again in June when the buds begin to show and again the first of August.

To water in dry weather take the nozzle off the hose if you don't have a water soaker. Soak the ground so it will be wet five to six inches down. You can sprinkle in the early morning but the leaves should be dry at night and water should never stand around your roses. (If when soaking you don't soak the ground good, don't water at all. This applies to all flowers.)

I like to cut my roses early in the morning because roses open so fast when the sun hits them. Roses should be cut just as the bloom starts to unfurl. Put them in deep water and in a cool place until you are ready to arrange them. I have learned that to cut too many roses from a weak plant robs it of its foliage. Three or four blooms a year is enough. When the blooms die just cut them off. If you want roses for show, disbud all the small buds, leaving only the largest one, just as soon as they become visible.

Spraying should be done at least every 10 days. I use a dust gun because I think it is easier to use and easier to spray with under the leaves (for black spot and mildew). For aphids and leaf eaters I use a commercial spray.

For dusting last summer I used my own mixture and had no black spot or mildew, and still had roses at Thanksgiving. I used two and one-half pounds of a rose dust, two and one-half pounds of Bordeaux mixture and one pound of flowering sulphur. I used this for all my flowers. I find if you keep the lower five or six leaves picked off it helps to keep away disease.

I have two roses I brought to the Hilltop with me 31 years ago this March and they still bloom several times a year. I believe Peace is the most popular of the roses, with other good roses being Mirandy Red, Good News, Mission Bells, Sutters Gold, Forty-niner, New Yorker, Taffeta and Appause.

Mrs. C. V. Williams Presides Over Highland Garden Club

"Seeking with 'memories' grown dim o'er night
Some resting flower of yesterday's delight."

The Highland Garden Club meetings are presided over by Olive Williams, a Hilltopper for about 40 years who now resides at 186 W. Schreyer-pl. Mrs. Williams and her printer-husband, C. V. Williams, were residents of Crescent-dr until their move several years ago to the Green Thumb Garden Club. She is a member of Glenwood Methodist Church and takes an active part in the WSCS of the church.

The Franklin County Garden Clubs Association, consisting of 23 organizations of which the Highland Garden Club is one, is also presided over by Mrs. Williams. In this capacity she is now busy planning for the state garden club convention which will be held May 10th and 11th at the Ohio Union, OSU. There will be a flower show in connection with the convention and the Highland Garden Club and its individual members will enter.

Besides her roses, which are Mrs. Williams' favorite flowers, she is a bird enthusiast and has a winter feeding station for them at her home. Cardinals, wrens and doves have been her most frequent visitors this year.

Interesting Garden Hobby For Mrs. Hamilton, Club Founderr

By Judy Masters

Once upon a time on Eakin-rd a little girl grew up just loving flowers. She grew up on a farm that covered an area between Eakin-rd and Sullivant-av and her parents were the Eakins. They didn't teach botany in the schools then but little Marion was given a botany book by her teacher which she studied at home. Then she collected and read many other books on her beloved flowers and at one time had quite a library of her own. Since then she has given most of her books away to people whom she felt could use them better.

After this young lady's marriage to Wilner Hamilton they had their own farm on Eakin-rd where in between growing flowers Mrs. Hamilton raised their two sons, Glenn, and Lee. Glenn runs the Standard Oil station at Hague-av and Sullivant-av, and Lee has a farm three miles this side of Delaware. There are also two grandchildren, Betty and Marion Lee.

It wasn't until they moved to 1390 N. Hague-av, that Mrs. Hamilton's home became a floral showpiece. With artistic landscaping and an enormous rock garden the home was complete as it set upon a slight rise with an adjacent creek. Here Mrs. Hamilton grew some of her prize winning iris and took an active part in many flower societies.

It was at her N. Hague-av home that the Hilltop Garden Club first met and she is still active in its work. A former member of the Columbus Iris Society, the Grandview Garden Club, the Horticulture Society and the Audubon Society, she has won many prizes in flower shows for her attractive arrangements.

Six years ago the Hamiltons found the 17 acres on Hague-av too much work and moved to their present home at 2946 Palmetto-av. Again a lovely flower garden was started which is now a spot of beauty from early spring until the late fall.

In early March small crocuses lifted their heads to bloom with others of the earliest spring flowers including the Lenten rose. Her fine collection of daffodils and narcissus are a source of pride to the active white haired lady who looks forward to her flowers from

spring through the first hard snow.

One corner of her garden is especially intriguing in the spring and that is her corner of wild flowers. Ferns make a soft background for bleeding heart, bloodroot, violets, wild orchids or lady's slippers, trillium, and others among which she has planted her primrose and Celandine poppy.

From May through October she will have Hemarocalis lilies or "day lilies" blooming in a variety of colors. These, she explains, are hybridized into large blooms in pinks and yellows.

Throughout the winter months she cares for African violets, begonias and a variety of interesting foliage plants in her sunny home. She is a member of the Women's Society of Christian Service at Glenwood Methodist Church and is also active in their work.

Hilltop Welcome Wagon, Inc., Has New Hostess As Services Expand; Mrs. Nelson Is Club Prexy

Elizabeth Nelson, second from the right, Franklin County supervisor of Welcome Wagon, Inc., is pictured introducing Mrs. Paul Murphy (left), president of the Welcome Wagon Club, 633 S. Roys-av, to Mrs. Jane Pfaltzgraf (right), 200 N. Warren-av, new Welcome Wagon hostess. Mrs. Evelyn Jones, a veteran Hilltop hostess looks on.

In the foreground we see the traditional Welcome Wagon basket as hostess Evelyn Jones, left, makes the Hilltop's first "engaged girl" call on Frances Hosler, 27 N. Chase-av. The wedding of Miss Hosler and Robert V. Shaw, 66 S. Cypress-av, will be May 30, Zion Lutheran Church.

The Hilltop has always prided itself on being a friendly, homey, little community. Recently, however, it began to be obvious that we were not such a "little" community and the old-fashioned friendship, although still in our hearts, became difficult to display. It was then that Welcome Wagon, Inc., came to our rescue. It is a nationwide organization whose local hostesses call on newcomers, new mothers and, more recently, engaged girls, to extend to them the welcoming hand of civic and social organizations, churches and business people.

Symbolized by the extended hand of the pioneer woman welcoming a traveler or newcomer, Welcome Wagon trains its hostesses to be sincerely helpful, as well as friendly during their calls. A rigid set of requirements meets an aspirant for a hostess job and a two weeks training program awaits them in New York City.

Evelyn Jones, Welcome Wagon key supervising hostess for this area, who resides at 243 N. Warren-av, estimates that during the 1951 year an average of 15 to 20 newcomers were greeted each month on the Hilltop, and that approximately 50 new Hilltop mothers were called on each month by Welcome Wagon, Inc. The Hilltop's own hostess for "engaged girls" calls was initiated just this spring.

Each hostess takes with her the traditional welcoming basket which originally held homemade bread and cool milk for the weary travelers. The modern hostess' basket holds gifts and gift certificates from the welcoming business firms and an invitation to join the Welcome Wagon Club. Mrs. Pauline Murphy, 633 S. Roys-av, is president of the city-wide Welcome Wagon Club which is supervised by Welcome Wagon and affords newcomers as well as new mothers, etc., a chance to meet for social entertainment and to use their combined efforts for charitable purposes. Other Hilltoppers holding offices in the club are Jean Hosmer, 135 N. Huron-av, Mildred McDonald, 349 S. Chase-av, and Grace Clayton, 135 N. Huron-av.

Beginning the first of May, Mrs. Jane Pfaltzgraf, 200 N. Warren-av, will be making a majority of the babytime calls on the Hilltop while Mrs. Jones concentrates her efforts on the newcomer calls and the engaged girl calls. They are directed and aided by the supervisor of Franklin County, Mrs. Elizabeth Nelson, 5872 Clark State-rd, Gahanna. She occasionally accompanies the hostesses on their calls and visits the various sponsors of Welcome Wagon.

Welcome Wagon was originated in Memphis, Tenn., in 1928 by newspaperman Thomas W. Briggs, who says, "I sincerely feel that I can take only a small measure of credit for Welcome Wagon's success. To the largest degree that credit should go to our fellow-workers who have, through the years, cooperated as the Welcome Wagon team to see our organization expand year after year—and to see the Welcome Wagon accepted throughout the United States and Canada as a merchandising medium of exceptional merit."

The Hilltop is only one of the more than 16,000 communities of the United States and Canada which has welcomed Welcome Wagon, Inc., into the community. More than 400,000 hostesses make calls in these 16,000 localities.

Local hostesses have little trouble finding out who on the Hilltop have recently become new mothers (they try and make babytime calls within three weeks of the "blessed event") and engaged girls aren't hard to come by either, but newcomers are often unheeded by their neighbors and are consequently missed by the welcome hostess.

Mrs. Nelson urges those of us who know there is a "new family down the street" to call RA. 4338 after 5 p. m. or FR. 4-8401, and make sure that Welcome Wagon is informed of the newcomer. If you know of an engaged girl or a new mother who hasn't received a call, you may feel free to call the welcome wagon hostesses.

Scientific Research Depends Heavily On Efforts Of Hilltop Man In A Machine Shop

Hilltoper Bill Scharenberg, head of the machine shop at Battelle Memorial Institute, looks over a blueprint with one of his men.

On the surface, it might seem that a machine shop and scientific research have very little in common. But, at Battelle Institute, scientists are continually seeking and receiving assistance from one of the most complete shops in Franklin County.

According to Bill Scharenberg, a Hilltopper living at 3304 Wicklow-rd, when the first floor plan was drawn up for the Institute's original building, space was allotted for a small machine shop. That was almost 25 years ago. Today, Battelle has two large, modern shops utilizing a staff of 54 skilled workers.

Bill, who is in charge of the Battelle shop and shop engineering section, has lived on the Hilltop all of his life. His wife, Jean, exactly doubles the Scharenberg interest in Battelle by working there herself. She is the Institute's assistant security officer.

Approximately 85 to 90 per cent of the Battelle shop's time is spent on the construction of equipment used in research, Bill reports. Good examples of this are two large machines used to determine the fatigue strength of metal. Fatigue, or the tiring of metal, is an important factor in the production of such items as automobile springs where the manufacturer must know exactly how much his springs can take before reaching the breaking point. The Battelle shop, in cooperation with the research staff, built both an eight-thousand-pound and a fifty-thousand-pound unit to be used in securing fatigue data. Currently, in the design stage, is a twelve-thousand-pound fatigue machine.

Pilot-plant construction is another of the shop's specialties. Before some new processes are launched commercially, they must be evaluated on an actual working basis. This calls for a scale model of the proposed operation, or a pilot plant. It is in this type of situation that a self-contained, flexible machine shop or manufacturing section, working directly with research engineers, demonstrates its many advantages, claims Bill. Designers, welders, machinists, tool makers, carpenters and pattern makers, working as a team, can create new devices, make the parts for and "shoot" troubles from any equipment that research uses or requires.

Although the shop's primary purpose is to serve Battelle's scientific investigation, a number of usable, time-saving ideas have come as the result of individual thinking by shop people. For example, there was a time when it took 20 minutes to machine threads in tungsten. Then someone did some thinking and experimenting; today, by flame-heating the metal to 400 degrees, Battelle machinists can turn nearly perfect threads inside of four minutes.

Bill graduated from West High and then attended Ohio State. Most of his spare time is spent doing additional studies at OSU but now and then he finds an occasional moment for his hobby, radios and audio systems.

Spring Time Is Camp Time For Boy Scouts

In spring a young man's fancy turns to love—according to some philosophers — but if you could check with modern young men especially Boy Scouts you would find that in Spring their fancy turns to camping.

Among the many active troops on the Hilltop is a group led by Dave Tingley at Hoge Memorial Presbyterian Church. A scout from this troop, Jack Howell, 136 S. Powell-av, wrote the following diary as a sample of what camping trips usually hold in store for these boys.

"Monday: Our first day and one of the best. Sent two waiters to the mess hall . . . know that only one couldn't lift the biscuits. We went to the mess hall and ate what we could. The eggs are grade "A" army surplus powdered, and it isn't hard to tell. Went swimming, took a hike, ate lunch, went swimming again, ate supper and told jokes 'till one o'clock. Finally got to sleep.

Tuesday: Did everything we did yesterday and learned how to pack mules for our camping trip into the woods tomorrow.

Wednesday: Ate breakfast . . decided the eggs were from the first world war surplus. Prepared for our camping trip. We got lost, as usual, and staggered in about eight at night.

Thursday: Rained all day so we stayed in the woods. All equipment soaked.

Friday: Finally got everything dried out and packed. Ready to leave tomorrow. Glad its over.

Saturday: Home, sweet home!"

Upon passing his state board examination he became the third Thompson salesman to specialize in Hilltop and Westgate properties.

LETTERS TO THE EDITOR

Dear Editor,

You might call this my Easter bouquet to you. I just want to tell you how much we enjoy The Hilltop Record. It is interesting reading for all age groups, from the "three cornered pants" set and the school years, right on through the Golden Age.

I especially like your society items and Mrs. Warren's column, and the little inserts which tell of so many interesting facts about our state of Ohio.

Last week's editorial by Pat Martindale concerning Easter was very timely and "soul stirring." I also recall a very fine poem during the holiday season, composed by Mrs. Fred Fast of New Rome. And I am sure most parents do as I do, turn first to Pat Martindale's "Gatepost," which tells not only the progress of the recreation department and the many and varied accomplishments of the youth of our community, but also gives complete schedules for the future.

Thank you for giving a goodly amount of space to religion, for all real folks, such as Hilltoppers, know that only a great deal of prayer and a return to morality and decency can save the degenerating world.

Charity begins at home. You have had several write-ups about our mental institutions. May I suggest you continue an educational campaign in their behalf. Many people do not realize how much happiness they could bring by just a little personal contact. These institutions, State School and State Hospital, are a very real part of the Hilltop.

Sincerely,
Gladys McAndrews

BJR Has Shown Much Growth Since Its Inception 32 Years Ago

By Pat Martindale

"State Will Work to Aid Its Wards" — "Ohio to Study Case of Each Boy and Girl in Hands of Juvenile Courts" — "Would Segregate Hopeless From Those Having Chance." These were the headlines of July, 1913.

Thus 39 years ago, out of these statements, the Hilltop gained a State Research Bureau that is today looked upon as one of the finest with the most modern and successful techniques available.

Doctors from all parts of the world study the methods at the West Broad-st Bureau to gain knowledge that might be used in their countries, yet few Hilltoppers are familiar with the work that has been accomplished over the past years.

A law which went into effect in July, 1913, provided that all juveniles who fell into the hands of the probate and juvenile courts in Ohio, who needed correcting influence, would be committed to the care and custody of the board of administration and would be sent to the research bureau.

It was evident that many juveniles had been handled to the detriment of the child. For the first time in the history of the state, there was a departure from the traditional view that the only problem connected with delinquency was how to mete out the right amount of punishment. Proper treatment could not be hoped for without determining the cause. Moreover, causes could not be determined by merely asking a child why he did it. Careful scientific research must be made.

Thus, Ohio applied research to its problem of delinquency. Dr. Thomas Hains was responsible for the operation of the bureau in its beginning years.

The bureau was first housed at the institution for the feebie minded. This was unfortunate because it gave many people the impression that only feeble-minded children, or children suspected of being defective, were eligible for examination. Later the bureau was moved to the Board of Administration building and still later to a house which was rented to house children for observation until the new building on W. Broad-st was made available, Jan. 21, 1920.

sutfar,l.b

Because of the lack of funds and because the Ohio legislature failed to realize how tremendous such a project was, the first years were slow in planning, preparation and building. However, through years of experience, the juvenile research has become a well organized and efficient institution with a precisely planned program specializing in the receiving, examining, observing and classifying of all juvenile delinquent children between six and 18 years of age.

Out of the success of the juvenile research bureau located in our neighborhood a state law requires the Ohio Department of Public Welfare to administer diagnostic training and rehabilitation process to all juvenile delinquents. Dr. Maurice Newburger is the present director of the Bureau of Juvenile Research, with a capable staff trained in social investigation, medicine, psychiatric and psychological examinations, education and vocational studies. This staff, after a period of observation, recommends the proper treatment for the welfare of all children committed to their care.

Mrs. Carl Parker

Mrs. Carl Parker, general chairman, is completing plans for the Starling PTA square dance to be held Tuesday, Apr. 29, 8 p. m. at the school. She is being assisted by Mrs. Clyde Waters and Mrs. W. J. Hite, soft drinks; Mrs. Daniel Helf, sandwiches; and Mrs. Herbert Gomez, check room.

Russell Boring will play for the dance and call the dances. Parents, teachers, family, friends and alumni are being invited.

The PTA met Wednesday to see movies on Mexico, taken and shown by Mrs. Margaret Kyle.

In 1813 there was founded in Marietta a weekly newspaper called The American Friend, which was forced to suspend publication several times in the first few years because of the lack of paper and once because of the lack of patronage.

A Review Of Candidates Who Will Seek Nomination At The May 6 Primary Election

On May 6 voters of this community will trek to the polling booth to cast their ballots in nomination of the candidates who will be opposed in the November general election. The candidates in a primary election are many and within this limited space it is difficult to present all information that candidates would wish.

Here, however, we have endeavored to give a short summary of each candidate and his viewpoints on current problems of the day that are of import to the voting public. Some of this information has been furnished by the candidates and by replies of the candidates to questions propounded them by the League of Women Voters of Ohio.

This summary is presented at the request of the Hilltop Kiwanis Club as a portion of their campaign to "Get Out the Vote" on May 6, so that the candidates receiving the nominations will represent the choice of the majority of the voters.

S. Office of Community War Services.

Roscoe R. Walcutt

Roscoe R. Walcutt, candidate for Governor of Ohio in the Republican primary, is a practicing lawyer and state senator with residence in Mifflin Township, Franklin County, where he was born 64 years ago. He is a former school teacher and an active member of the Methodist Church with four children and five grandchildren.

He has served five terms as a state senator and as minority leader in 1949-50 and majority leader, 1951-52. In addition since 1945 he has been an officer of the Ohio Program Commission and since 1951 a member of the Board of Managers Council of State Governments.

State Representative

Lytle G. Zuber

Lytle G. Zuber, incumbent Republican representative, resides at 298 E. Longview-av. In speaking of the financial problems of the local government, he said, "The cities seem to have solved their financial problems through income taxes levied by the municipalities. Columbus seems to have solved its problem. Bexley has none as nearly as I can determine. The question is too general for a specific answer."

Preston Whitehead

Republican candidate Preston Whitehead, 279 N. 22nd-st, when asked by the League of Women Voters whether he was in favor of a constitutional convention for Ohio, replied, "I of course am in favor of it being submitted to the voters of Ohio, and I will abide by the verdict of such voters at the polls. As to what those people will do in the voting booth, of course I cannot know that; except I feel they should have that right because their constitution and laws so provide."

Horace W. Troop

Horace W. Troop, Republican, 36½ N. State-st, Westerville, has the following to say of a constitutional convention for Ohio, "At present, no (he is not in favor of the convention); but if the people of Ohio vote in favor of a constitutional convention, I would assist in legislation aiding the convention."

Frederick Shoemaker

Democrat Frederick J. Shoemaker, 1539 Myrtle-av, seeking nomination as representative, spoke of the financial problems of the local governments as follows: "While it's true that the courts have been limiting the aid to local governments through interpretation of the state constitution, the last decision by the Ohio Supreme Court in regard to the parking problem, allowing the municipalities to issue revenue bonds, is encouraging to local municipalities and should be of great value to municipalities in other fields. However, Columbus could help itself by raising its property tax which right now is one of the lowest in the country for a city of its size."

Other candidates in the field for representative are: Republican, Harold D. Newland, 1250 Grandview-av, and Democrat, Lawrence R. Stine, 754 S. James-rd.

John Chester, Jr.

Norman Brokamp

Norman Brokamp, 920 Clarendon-av, Franklin Township, is a candidate for Democratic committeeman from that township. Married and the father of four children, Brokamp organized the Franklin Township Electric Rate Refund Association in August of 1950.

Brokamp believes in the two-party system of our government but he is said to feel that both parties should be run by the committeeme whom the people elect. He pledges that if he is elected, he will "sponsor" meetings in Franklin Township, and invite Democratic candidates to appear at precinct meetings to campaign for the Democratic candidates."

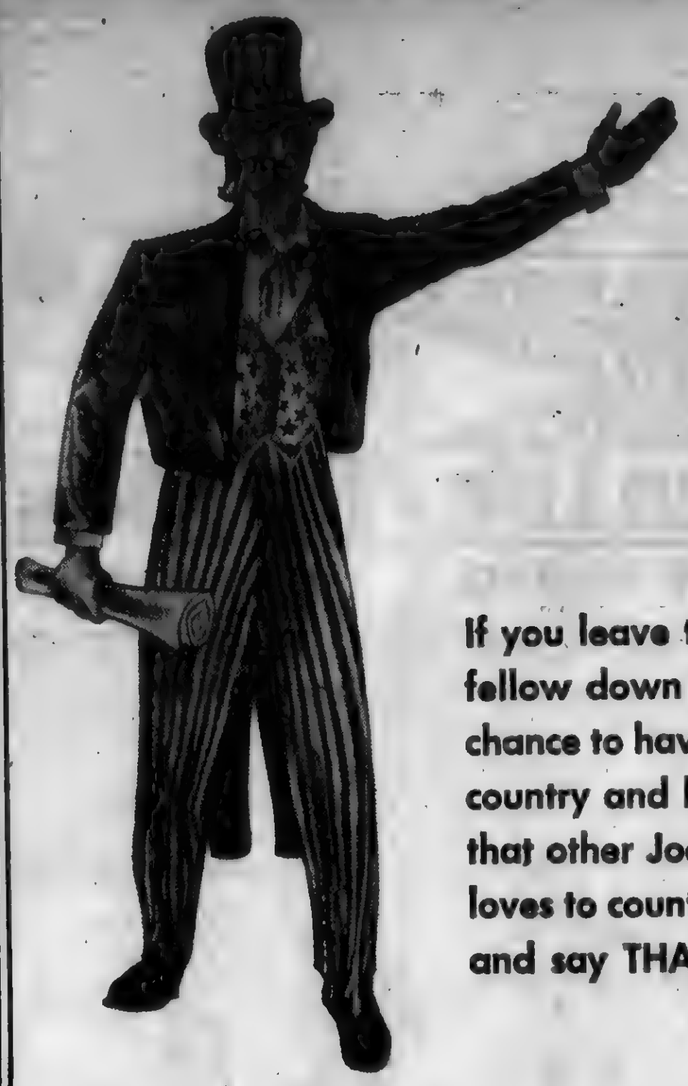
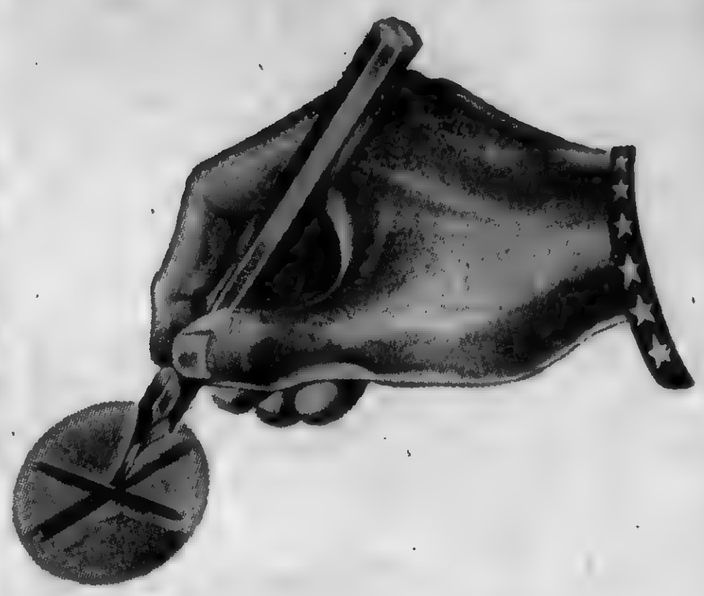
MAKING NEW FRIENDS
FOR 34 YEARS

We have watched with pride the steady growth of our community. During these years new homes have been built by the thousands; churches, schools, and scores of new business houses have been established to take care of religious, educational and material needs of the constantly increasing number of families who live here.



IT HAS BEEN OUR PLEASURE TO SERVE MANY, MANY OF THESE FAMILIES, AND OUR PRIVILEGE TO COUNT MANY OF THEM AMONG OUR FRIENDS.



FRED RAETHER

We are happy and proud to say this is our 34th year of operating the same business on the Hilltop and it's our desire to continue to make new friends and renew old acquaintances.

THIS IS NO TIME TO LEAVE IT TO JOE!

If you leave this year's election decision to Joe, the fellow down the street, you'll be passing up the chance to have your say about who should lead our country and how. AND you'll be doing a favor for that other Joe – in the Kremlin – because he just loves to count up how many people here don't vote and say THAT proves Democracy is a flop.

In every election fight the first round is that of the Primary election. The man you want to win won't have a chance at being elected this fall unless you vote for him and see that he is nominated in the primaries.

If everybody who's eligible votes this time, it'll be the Second American Revolution. We have been letting our country be run by about half the people for years.

This is the year that everybody should and can vote. It is your duty, your obligation, your privilege.

Plan now on being at the polls early on Tuesday, May 6 . . . and see that every eligible member of your family votes . . . and call your friends.

Make this the most important day of the year!

Hilltoppers Are Keenly Conscious of "Good Health" As An Important Factor For Community Spirit

By Virginia H. Benton

There's the story about the fellow who tried to hand out one dollar bills on the sidewalk. No takes! No one would believe the bills were real—which was just what the young man, a psychologist expected.

Give-aways are frequently tough to give away. There are still cynics who believe that 'you pay for everything you get, Bud! If it's free, beware!"

This attitude is especially hard on non-profit organizations whose wares are free and very much available. Even agencies as sold on the value of their work as the Columbus Tuberculosis Society may be tempted to muse—fleetingly—on what might happen if free chest X-rays were red-tagged at a "bargain price" . . . if literature and visual aid films were rationed in a miserly manner.

Hilltoppers, West Siders, and Hilliards folks give the Columbus Tuberculosis Society little cause, however, for such musings. They believe in good health—as firmly as they believe that Columbus stretches in one direction—West Deep pride in their community, perhaps, is responsible. They not only accept the health opportunities served up to them, but they hunt out more of the same.

For instance, nearly 27,000 persons on the West Side—5,000 of them Hilltoppers—have had free chest X-rays since 1944, when the Columbus Tuberculosis Society first began operating its Christmas seal portable unit. Clubs and organizations in this area, searching for informative programs, frequently all for a speaker and visual aid films from the Columbus Tuberculosis Society, and these club members can keep Society health educators on their toes with pertinent questions.

Health education on tuberculosis begins early on the West Side. Take the annual TB school press project for high schoolers in Franklin County. Prizes are awarded for best entries on tuberculosis in feature, editorial, or cartoon divisions. Ever since the competition began, in 1946, Hilliards High, West, or both, have figured prominently. Central High has also participated.

The first year of competition, Annabell Crawford of West penned an entry which upset the judges' trophy cart. There was no prize allotted for poetry, but Miss Crawford's "Tuberculosis Lurks" demanded special attention. The following year, Virginia Casey of West won first prize with her feature story, and in 1948 Nancy Growden of Hilliards took second place with her cartoon. For the past two years, Hilliards has again come to the fore, with Ella Sue Osborne's editorial winning first place in 1950, and Harry Ball of Hilliards taking first place in the cartoon division of the 1951 contest. Sharon Robinson of West also received a special prize in 1950 in the junior division of the TB contest.

The interest of Hilliards High in the study of tuberculosis has motivated the Columbus Tuberculosis Society to set up health courses in a number of Franklin County high schools. West and Hilliards regularly use visual aid films, slides, and literature from the TB Society in their health classes, and Hilliards has prescribed the fascinating autobiography of Edward Livingston Trudeau, pioneer in tuberculosis study as required reading. Copies of the book were furnished the school by the society.

Teachers on the West Side have been particularly interested in health education. Several from this area, sponsored by the Columbus Tuberculosis Society, have attended the annual three-week school health workshop at Ohio State University. The society, each year, in the interests of better health education, has paid tuition fees for county teachers and nurses showing an interest in school health.

"Keep the breadwinner healthy" has long been a battle cry of Hilltop and West Side industries in the fight against TB. Among those who have requested free Christmas seal X-rays to check their employees against tuberculosis and other chest ailments are the J. T. Edwards Co., General Maintenance and Engineering Co., and Henri LaPrise Company.

Other industries who regularly check their employees' chests through Christmas seal X-rays are David Davies Co., Joyce, Inc., B and T Metals, Capital Elevator and Ebco Manufacturing. Free chest pictures have also been taken of Mt. Carmel employees, who must protect their patients as well as themselves. Included in other recent X-ray programs have been employees of the Bureau of Juvenile Research, persons served by Gladden Community House, and residents of Riverside Homes and Sullivant Gardens.

ENOUGH DISPLAYS TO MEET THE DEMAND was a special problem of Mrs. Hazen Rhodes, 667 Binns-blvd, during the 1951 Christmas seal sale when she served as display chairman for the Columbus Tuberculosis Society. Santa Clauses were featured in the windows of a number of Hilltop firms.

HEAVE-HO, READY TO GO to the P. O. are these Christmas seal sale letters. They were prepared for last fall's mailing by hundreds of volunteers, many of them West Siders and Hilltoppers. Perched atop a portion of the total stack is Todd Sayles, 2½ year-old son of Mr. and Mrs. Alton E. Sayles, 106 S. Brinker-av. Christmas seal income completely supports the Columbus Tuberculosis Society.

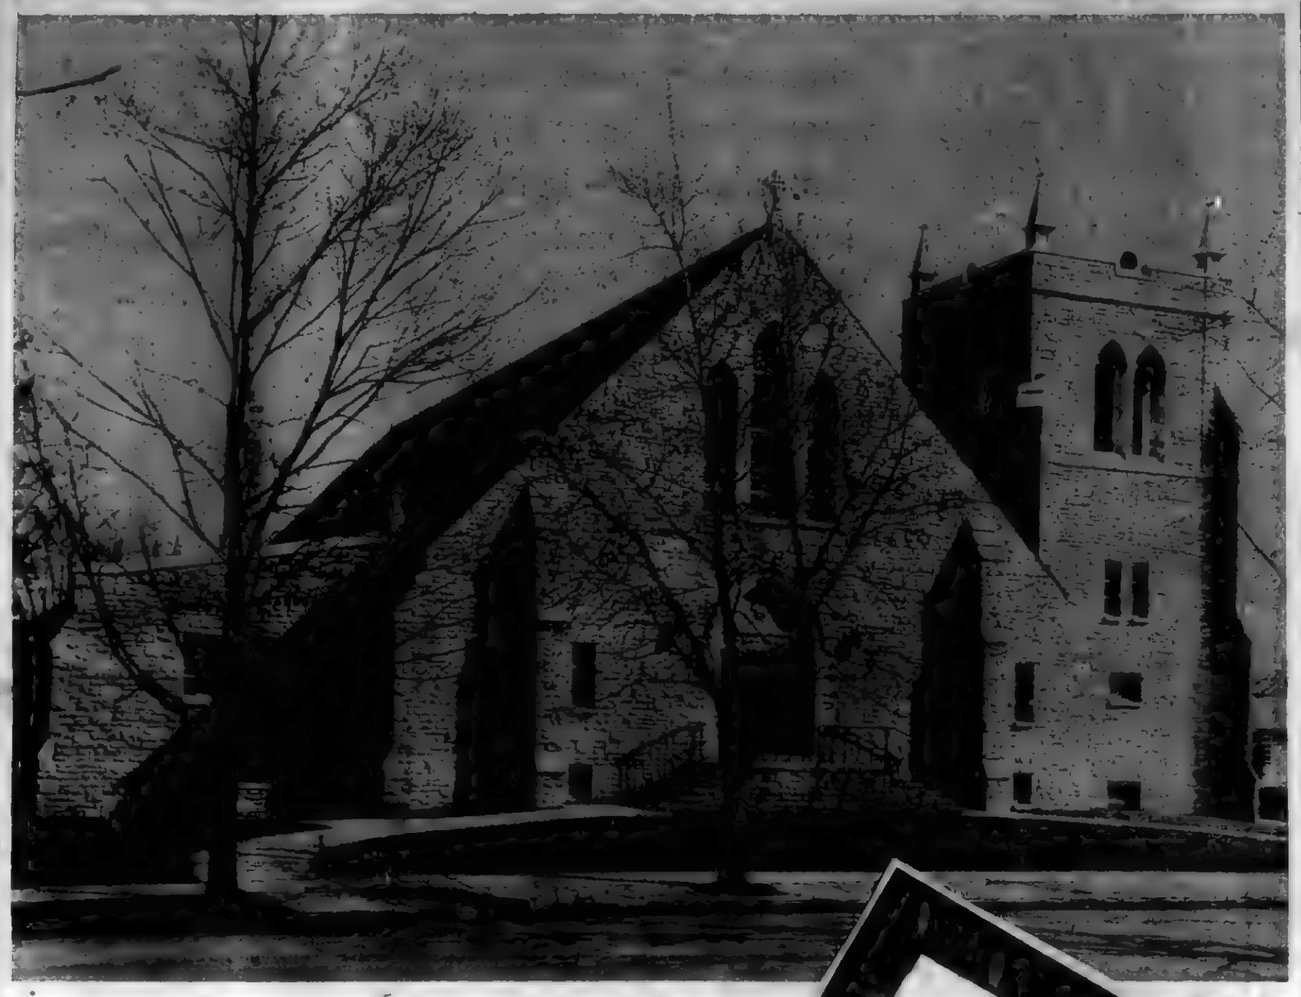
Students, faculty and employees at Hilliards High have also been chest X-rayed. In addition, 200 adults in the community of Hilliards under the chairmanship of Mrs. Virgil Hart, turned out for the service when the Christmas seal unit operated there in 1950. West High students and personnel have been chest X-rayed three times. And Hilltoppers sought chest photos to prevent and control TB in a mass community-wide program, sponsored by Hilltop Kiwanians, in 1948. A portion of the Hilltop received the same service in 1950 when the Christmas seal unit was stationed at Wheatland Avenue Church, with Eugene D. Williams, 69 S. Oakley, as chairman.

Students and faculty at Holy Family, Central High, and St. Euphrasia School have also responded enthusiastically to the "Be sure you're well; an X-ray will tell" theme.

Elementary school children outside Columbus city limits have been patch-tested regularly by the society and the county health department. An inexpensive screening test to find TB, patch tests point out positive reactors who m . then be X-rayed as a follow-up measure.

Residents of the Hilltop are popular with the Columbus Tuberculosis Society. They not only seek out its services, but they offer volunteer help in return, to perpetuate its services. Mrs. Hazel Rhodes, 667 Binns-blvd, trod the streets during the Christmas seal sale as a one-woman committee on displays, distributing materials where they would be best seen. Mrs. Dorence S. Cowles, 51 S. Westgate-av, and Mrs. Elva Clark, 2523 Ridge-av, were among the captains who helped to recruit 130 volunteer women to address outgoing Christmas seal mail on Label Day. Girl Scouts and Camp Fire Girls throughout the area folded literally millions of Christmas seals for the 1951 sale, while such faithful volunteers as Mrs. Frank Nassano, 196 N. Westmoor-av, stuffed outgoing mail and prepared reminder cards for mailing.

Freedom from tuberculosis, and general good health, are the ultimate aims of the Columbus Tuberculosis Society. Everyone is interested in good health, but many are resistant to the means for achieving it. West Siders, Hilltoppers, and Hilliards folks have lent their whole-hearted support in the county-wide TB control movement.



Perhaps this is why the entire West Side could claim only 13 of the 132 TB deaths in the county in 1950, and only 37 of the 651 new cases of tuberculosis. Past cooperation and future interest are certain to continue to pay big dividends, with this section of the city achieving an even greater record in tuberculosis control.

FUTURE NEWSPAPER GAL? —Sharon Robinson, 112 S. Powell-av, daughter of Arthur Robinson, public relations man, won a cash prize last February for her feature article in the junior division of the annual school press project of the Columbus Tuberculosis Society.

Bible Comment:

The Tyrannical Son Of Solomon Brings On His Own Fall

HISTORY indicates that people will suffer oppression and cruel injustices, especially under the rule of a strong hand, but when some leader arouses and organizes smoldering discontent, action may be swift and sweeping.

The revolt of the 10 tribes of Israel against Solomon's son and successor, Rehoboam, is typical. Solomon had managed to hold the kingdom together, but he had departed from the wisdom of his early years.

A man named Jeroboam, "a mighty man of valor," had sought to lead a revolt, but met with no success, and was forced to flee to Egypt. As Rehoboam played the fool, Jeroboam saw his opportunity. Returning from Egypt, he led the 10 tribes to the establishment of the so-called Northern Kingdom.

The story is thrilling and instructive. When Rehoboam was asked for reforms, he requested three days to consider the matter. His was a great opportunity, had he followed sound advice. But he took the advice of young hotheads who urged him to take a firm hand and show the people who was master.

When the people came three days later to receive his answer, Rehoboam spoke in those tragic and memorable words of an oppressing fool: "My father made your yoke heavy, and I will add to your yoke; my father also chastised you with whips, but I will chastise you with scorpions."

It was intended to be the voice of power, but it was the voice of doom. The people rallied to Jeroboam, and the kingdom was rent asunder.

It was the beginning of the end. The Northern Kingdom went down in defeat, and the Southern Kingdom, though it continued for over 100 years later, experienced defeat and captivity in Babylon.

From that captivity there later was a glorious spiritual revival, but a unified Israel was a thing of the past. Today in Palestine momentous events are happening again. Will the future see the present sovereign Jewish nation grow strong and solidify its place in that Jewish homeland?

Methodist Churches Launch Drive To Support Program

During the next few weeks, the Methodist churches of the Columbus District will obtain pledges to support the program of the churches during the next conference year beginning on June 1. According to Dr. W. W. Wiant, superintendent of the Columbus District Methodist Churches, the total amount to be contributed for all purposes by Methodists in this district will approach a million and a half dollars for the year.

The following local Methodist Churches have designated Apr. 27 as Loyalty Sunday, on the day on which the financial program is to be presented: Columbia Heights, Gift Street, Glenwood, Hilliards, Westgate and West Park.

Of the total amount to be raised, $375,000 will be needed for buildings and improvements; $350,000 for current expenses, $220,000 for ministerial support and approximately $200,000 for Methodist missionary enterprises and institutions.

Membership in the Columbus District is more than 60,000 and is the largest in the conference. Churches which have either completed or are contemplating building programs or improvements are Columbia Heights, Hilliards, and Westgate.

The committee in charge of the United Canvass is as follows: Rev. John W. Dickhaut, O. A. Donnenwirth, Harold Dodge, Rev. Claude Garrison, Rev. W. Emory Hartman, Rev. Norman L. Schreiber, Rev. Donald V. Shaw, and Clarence D. Laylin.

All cities of 16,000 or more population in Ohio require registration for voting. Other cities may be designated as registration areas by city ordinance and county election boards may designate county-wide registration.

THE Master OF Leipzig

Two hundred years ago, a quiet, little organist died in Leipzig. About all that anyone knew about him was that he was a profoundly religious man, loved by family and friends.

They knew that every week for twenty-eight long years he had written church music for himself to play and his congregation to sing. He had died a happy man.

And that was about all that they knew. . . .

Yet today, he is known as one of the mightiest of musicians, and as one critic said recently, "It is as if God Himself had written every note, and every page."

And the composer's name? . . . It is a universal name—Johann Sebastian Bach.

In churches of all denominations, the music of Bach is played and sung today. Many who hear it wonder how such a quiet, little man could have opened up the heavens as his music seems to do.

Perhaps the answer lies in the fact that Bach once told a friend the name of his favorite hymn.

Its title explains his genius—and his faith.

It is a hymn that will last as long as the name of Bach—and that is forever.

And its title is, "A Mighty Fortress is Our God. . . ."

For God is the King of all the earth: sing ye praises with understanding.

CLASS BANQUET

Held in Honor of the Two Victorious Basket Ball Teams of Glenwood Sunday School

The Barnes Bible Class at Glenwood M. E. Church banqueted last Tuesday evening, both the Senior and Junior Basket Ball teams of the church. Both teams alike were city champions, the Juniors winning fourteen out of fifteen games played, while the "Big Team," as the boys called it, had the remarkable record of winning all of their games in town, and only loosing two out of twenty games, making in all 36 out of 37 games won.

The Junior team had to play Como M. E. for the Junior Championship of the city, and after loosing their first game of the season, on Como's floor, 12-13, they came back strong and beat Como, on the Glenwood Gymnasium floor, by the score of 24-11. Then a third game had to be played and West Market Hall was chosen as the most neutral floor, and Glenwood won for the second time by the score of 23-16. This final game decided the championship.

Record of Senior Team.

The Senior team started their career by beating West High School, 26-21, and from that time on, all eyes were upon them. For the season the team scored 708 points in their twenty-five games as against 362 points of their opponents, or, figuratively speaking, four points more than twice as many points as their opponents.

Glenwood won the West Side Championship, hands down, for they beat West Park M. E., who finished second, by the score of 76-7, then they were entitled to play for city honors and the scores were as follows:

City Championship Series.

Glenwood 22, Trinity 19—Central League.

Glenwood 31, St. Marys 20—South League.

Glenwood 37, St. Patricks 25—East League.

Glenwood 14, Grace M. P. 21—North League.

The next chart shows the number of baskets made and games played by each player. Stinson, star center of the team, had the remarkable record of playing in all but the last game.

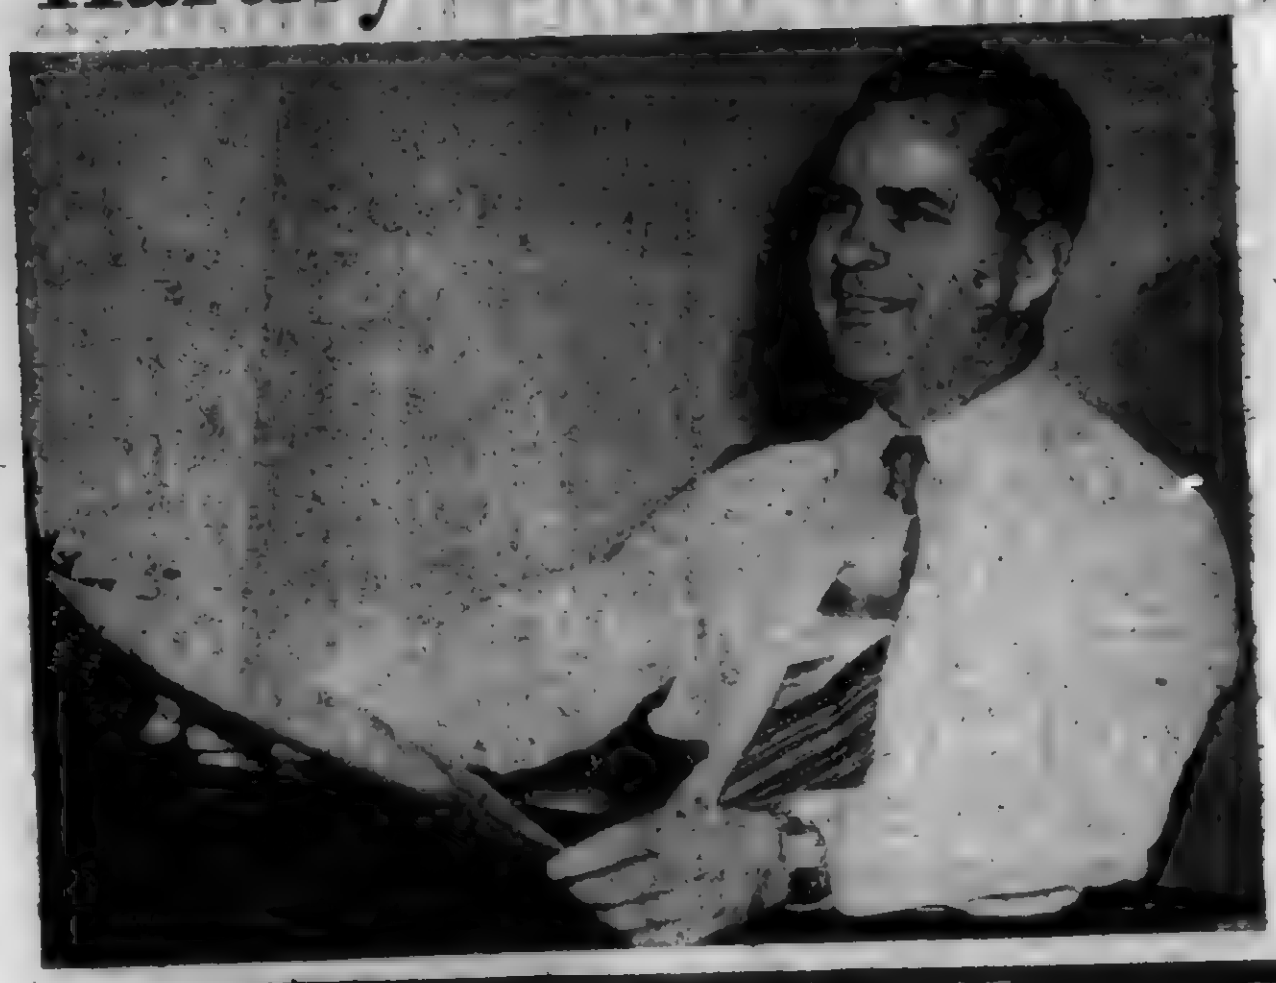
S. J. Westlake, founder of the Hilltop Record is pictured here, using a compositors stick as he sets type by hand. In the background is the type of hand fed press on which the Record was initially printed. Westlake, now nearing 85 years of age, is still active as a printer with Columbus Pharmacal Co. Aug. 10 of this year will mark his 71st year in the printing business.

Here is the front page of the first issue of The Hilltop Record just 35 years ago today. It was printed on a hand fed press and contained four small pages.

Above is where the Record was first printed 35 years ago today. It is the second floor of the building at Oakley and Broad now occupied by the Eagles Lodge.



At the right is the building at 14 S. Oakley Ave., formerly occupied for many years by the Record.

The Record grew in interest under the ownership of R. D. Hastings from 1926 to 1936.

Hartley Became Publisher In 1936

Present owner of The Hilltop Record is C. Carlton Hartley, 1870 Wilson-rd. He bought the publishing business in the fall of 1936 and has continued actively as publisher and manager since that time.

A complete story of the progress of The Hilltop Record since it was started 35 years ago is best told in the story reproduced below through the courtesy of The American Press, a monthly magazine devoted to the interests of weekly publishers over the United States.

The article below was carried in the February, 1952, issue of that magazine.

Weekly Plant Is Showplace For New Equipment

Hilltop Record Has Expanded Every Year For 35 Years; Circulation Over 8,000

By WILLIAM R. GIBBON

The *Hilltop Record*, leading community weekly in Columbus, Ohio, recently became a showplace of the latest equipment for a modern, progressive, small newspaper—daily or weekly. Since the summer of 1950, when the paper installed the Wood Cosmopolitan Newspaper Press—the first to be put into operation in North America—the *Record* has played host to many publishers from various parts of the U. S. and Canada.

Now nearly through its thirty-fifth year of publication, the *Record* has expanded its facilities for serving the community every year. Completion of the latest building expansion and installation of new equipment was marked by a special 12,000-copy, 48-page Sunday progress edition (besides the regular Thursday issue) and an "open-house" inspection of the $130,000 addition.

On the morning of April 27, 1917, S. J. Westlake, recently retired Columbus printer and founder of the *Record*, ran off the first edition of the *Record* on his nine-by-twelve-inch hand press. Only a few hundred copies of the four-column, four-page maiden issue were printed. Within a year after the *Record* made its first appearance, the demand for the paper was so great that Westlake had to buy a new six-column press to enlarge his publication. Progress by way of expansion, innovations, and community service has been the key to success for Central Ohio's oldest and largest [redacted]

Started At $5 Per Week

But the credit for much of the growth of the *Record*, which has won eight Ohio newspaper awards, goes to 43-year-old C. Carlton Hartley, present publisher of the *Record* and the *Greenfield* (Ohio) *Daily Times*.

Fresh out of Huntington, West Virginia, High School, young Carlton Hartley came to Columbus in 1926 to enter the school of journalism at Ohio State. He had hardly learned his way around his new hometown before he had landed himself a job as a part-time reporter on *The Hilltop Record* with a starting salary of five dollars a week. By 1930 he was selling advertising as well as reporting. He became editor of the paper by the time he graduated from State in 1930. Hartley continued with the *Record* until 1932, when he went to Greenfield to buy the *Times* with $700 of borrowed [redacted]

The *Times* was a "weak" weekly when Hartley took it over in 1932—a year when many small businesses were anything but strong, and several newspapers throughout the nation were beginning to fold. But Carlton was not frightened by the country's economic states. He took hold steps and they have paid off. Within a year after taking over the paper, he made an unusual move. He called in his father, E. F. Hartley, a bookkeeper who had no journalism experience, and began training him in all phases of newspaper work. By 1936—four short years—the Hartleys, father and son, had built up the *Times* and changed it to a daily newspaper. Leaving his dad to manage the *Times*, with only an occasional check by him, Carlton came back to Columbus that year. With the financial aid of the *Hilltop Record*'s oldest employe, Henry Jones, who is still the firm's chief pressman, Hartley bought the paper.

In keeping with the paper's tradition of expansion for community service, the *Record* has made its greatest strides in the 16 years since Hartley became publisher. He has greatly enlarged the plant facilities [redacted] times in that period—once just before the war, and twice since. Late in 1940, the *Record*'s plant was moved to a large, brick garage in the rear of its present location. This building is now only about one-fourth of the total structure that has been built since the war. In the Fall of 1946, a large, ultra-modern building was completed which joins the old plant space. This structure provided several thousand more feet of floor space for the plant and office. And in 1950, yet another addition was built adding, 2500 feet of floor space to house the new press and other new equipment. The cost of the latter was $130,000 for the building and equipment.

Outstanding among the new equipment is the new Wood press, a new Model 36 Linotype, and a Linotype Comet (making a total of five), a Ludlow casting machine, and an Elrod. Other equipment necessary for conversion from the old flat-bed press to the new cylinder press include a Kemp metal furnace; a Wood pony autoplate; Goss mat roller, plus other smaller pieces. Several new type cabinets were bought to house the new type faces that give the *Record* an attractive, modern [redacted]

The new press can print up to 24-pages standard-size, or 48 pages tabloid-size, with certain combinations in four colors, and at a speed up to 36,000 per hour. The press takes 22x22 feet working space and is 14 feet in height.

Six weeks after the installation of the new machinery, the plant got an order for 1,300,000 copies of a special newspaper for the election campaign. "With the old press and equipment," Hartley said, "we would have had to turn down the job."

Because the new press was the first of its kind to be put into operation on the continent, newspaper publishers from various parts of the country and Canada have visited the *Record*'s plant.

25 Years Experience

Born in Huntington, West Virginia, on January 19, 1908, Hartley has been busy publishing newspapers for 25 years — ever since his senior year in high school—except for two years and four months in the U. S. Navy during World War II. Then he was a lieutenant training air crewmen for combat.

Hartley began his newspaper career as editor of the Huntington High School newspaper, *The Tatler*. Under the guidance of his Latin and journalism teacher, R. R. Brinkerhoff, who is now publisher of the *Utica* (Ohio) *Herald*, young Carlton changed the *Tatler* from a monthly magazine to a weekly newspaper.

Brinkerhoff, who is proud of "my boy," recently said, "I think that the teacher of 25 years ago learned as much that first year as the pupil, but it was good for both of us."

Hartley is always ready to experiment with new procedures that might provide better service to his community. In order to offer his readers better news photo coverage, Hartley installed a Fairchild electric engraver last year, which he had found to be very satisfactory.

In 1935, Hartley tried publishing the *Record* daily. The attempt lasted three months, but production costs ruled the idea impractical For a year, from April, 1949, to April, 1950, the *Record*, on another trial, was issued twice a week. A survey made by the paper indicated that subscribers preferred one large Thursday edition, rather than two smaller ones. Since going back to a weekly schedule, the *Record* has averaged 36 pages or more each issue, with an average of nearly two pages in classified.

Employs 26 People

The West Side News, another Columbus community weekly, is also owned by Hartley. He purchased it nearly two years ago. The *News*, along with the *Ohio Mason*, the *Ohio Sentinel*, the *Catholic Times*, the *South Side Booster*, and the West High School *Occident*, is printed in the *Record* plant. In addition to these publications, large commercial print jobs are handled by the firm. Twenty-six persons in the office and plant produce the *Record* and the other papers. Eleven correspondents cover the areas surrounding the Hilltop.

All the years before the war, the *Record* was distributed free to 10,000 Hilltop homes. Since then the *Record* has been distributed by mail and carrier boys on a paid circulation basis to over 8,000 homes. The *West Side News* has a circulation of 7,600.

Through the years, the *Record*'s slogan has been, "we print anything from a calling card to a newspaper." With the new building and the installation of the new equipment, the plant is in good shape to hold up the end of the slogan about the newspaper.

Progress, through expansion, service, and new ideas, is the tradition of the *Hilltop Record*.

Plastic Plates of all photos are made on the Fairchild Scanagraver as operated here by CARL HARTLEY.

The combination of the Fairchild Scanagraver and the new Wood Cosmopolitan Newspaper Press makes it possible to produce a fine picture newspaper for the Hilltop community as well as other Columbus communities served by publications printed in the Hartley Printing & Publishing Co. plant.

All equipment shown in these pages represents the very latest developments in newspaper printing equipment. The Scanagraver is the only one in Franklin county. Better photo reproductions are possible by printing direct from the plastic engraving rather than by a matting process.

Without the Scanagraver it would be impossible for The Hilltop Record to use as many pictures each week. Before the installation of this machine the paper carried an average of three photos per week. Now it is not uncommon to use as many as 20 or 30 photos in a single issue. Many more than this number are contained in today's paper.

Record Is Mouthpiece For Community

A progressive newspaper in a progressive community . . . that has been the history of The Hilltop Record in serving the Hilltop. Many times the newspaper has been a factor in crystalizing public opinion in the community to the end of accomplishing worthwhile things for the community. Typical of a few such instances of service by the Record to this community are illustrated here.

Readers, Advertisers Like The Record

MRS. MARTIN F. MILLER
2857 Sollhurst Ave.

"My family and I have been reading The Hilltop Record for many years. In fact, we would never be without it. When it arrives, I never stop until I have read it right through. And I enjoy every bit of it, but especially the church notes and notices.

"While my son was overseas, we sent it to him. He said it never failed to reach him, and that it helped him a lot. We think it's a wonderful paper."

CARL RAETHER
45 S. Harris Ave.

"I think the Record is a necessity for every Hilltop resident. It keeps us posted on Hilltop activities. A lot of the information that we get in the Record isn't available from any other source. If it weren't for the Record, we wouldn't know about these things.

"Another thing, I think Hilltop owes a lot to the Record for the way it promotes community interest and promotes the Hilltop. It is responsible for a lot of the community's progress. I think it's a mighty fine thing that we have an up-to-date paper like the Record in our community."

FRANCES DILSEVER
307 Roxbobo Ave.

"I don't have much time to visit with my friends on the Hilltop, so I rely on the Hilltop Record to keep me informed about people I know and the events that are taking place. I think the church notes mean a lot to everyone. If it weren't for the Record, I wouldn't know what is happening on the Hilltop.

"Because I work every day, the ads mean a lot to me. I watch them for bargains and services at Hilltop stores. You know you simply can't get the service from downtown stores that you do from Hilltop stores.

DR. E. E. McNAMEE
2540 Sollhurst Ave.

"I think that The Hilltop Record has been responsible for much of the progress of the Hilltop as a community.

"The Record has wholeheartedly backed every project of civic improvement that has been sponsored by Hilltop organizations.

"When in other groups I have noticed that whenever the Hilltop is mentioned there is a great show of respect. I think that the Record is in part responsible for this reputation. It has served as the official spokesman for the Hilltop whenever needed."

P. F. "JACK" SHANK

"We have been in business on the Hilltop since 1924 and in all this time have had an ad in the classified section of every issue of the Record.

"We're proud of the very fine part the Record has had in helping us build our real estate and insurance business through the years.

"We have consistently had greater returns from our advertising in the Record than through any other medium," says Jack Shank of Shank & Saunders, 2430 W. Broad St.

CITY FURNITURE CO. — 2286 Sollhurst Ave., a Consistent Record Advertiser

R. H. LaFever of City Furniture Co. says: "In the past year we have been most gratified with the fine response we have had to our advertising in The Hilltop Record and West Side News. During the year we added a new warehouse and are now about ready to open up a new addition to our show room. We are selling a lot of furniture and give our advertising a lot of credit for it."

Testimonials of reader interest and advertising results on this page are but a few of hundreds that are given graciously and unsolicited.

Grand Awning Opening of Seiller's Sole Advertised Exclusively in The Hilltop Record

Jack Harriman, of Seiller's Department Store, 2004 W. Broad St., states: "Seiller's have been consistent users of Record display advertising space over 25 years and have found such advertising to be very fruitful in reaching Hilltop people. That we sincerely believe in Record advertising is attested by the fact that today's issue contains three full pages for Seiller's."

Charles Fitch, jeweler, 2678 W. Broad St: "Our business has grown consistently through Record classified advertising since we opened two years ago."

Mrs. Eunice Ottewalt, Harmony Gift Shop, Eureka-av and W. Broad St: "Our business is continuing to grow through the use of Record advertising."

R. L. Stewart, 134 S. Burgess-av, used furniture: "Since 1945 I have had a regular ad in the Record classified and with this good advertising medium and hard work I have built a fine business."
